All statements regarding our expected financial condition and results of operations, business, objectives, strategies, plans, goals and prospects are forward-looking statements. These forward-looking statements include statements as to our business strategy, our revenue and profitability, planned projects and other matters discussed in this Draft Red Herring Prospectus regarding matters that are not historical facts. These forward-looking statements and any other projections contained in this Draft Red Herring Prospectus (whether made by us or any third party) are predictions and involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward looking statements or other projections.

All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

- General economic and business conditions in the markets in which we operate and in the local, regional, and national economies;
- Changes in laws and regulations relating to the sectors/ area in which we operate;
- Increase competition in the industry which we operate;
- Our ability to attract and retain qualified personnel;
- Changes in political and social conditions in India or in countries that we may enter, the monetary and interest rate policies of India and other countries;
- Our ability to successfully execute our expansion strategy in a timely manner or at all;
- Factors affecting the industry in which we operate;
- Changes in technology and our ability to manage any disruption or failure of our technology systems;
- The performance of the financial markets in India and globally;
- Any adverse outcome in the legal proceedings in which we are involved;
- Occurrences of natural disasters or calamities affecting the areas in which we have operations;
- Market fluctuations and industry dynamics beyond our control;
- Our ability to compete effectively, particularly in new markets and businesses;
- Our ability to manage risk that arise from these factors;
- Other factors beyond our control;
- Our ability to manage risks that arise from these factors;
- Conflict of interest with our Promoters, Promoter Group, Group Company and other related parties;
- Changes in domestic and foreign laws, regulations and taxes and changes in competition in our industry;
- Inability to obtain, maintain or renew requisite statutory and regulatory permits and approvals or non-compliance with other applicable regulations, may adversely affect our business, financial condition, results of operations and prospects.

For further discussion of factors that could cause the actual results to differ from the expectations, please refer to the sections / chapters titled ***"Risk Factors"***, ***"Our Business"*** and ***"Management's Discussion and Analysis of Financial Information"*** beginning on page no. 24, 139 and 196 respectively of this Draft Red Herring Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

Forward looking statements reflect the current views as of the date of this Draft Red Herring Prospectus and are not guarantee of future performance. These statements are based on the management's beliefs and assumptions, which in turn are based on currently available information. Although our Company believes the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect.

None of our Company, the Directors, the BRLM, or any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. Our Company and the Directors will ensure that investors in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchange.

SECTION II - RISK FACTORS

*An investment in Equity Shares involves a high degree of risk. Prospective investors should carefully consider all the information in this Draft Red Herring Prospectus, particularly the "Financial Information as Restated" and the related notes, "**Our Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations**" beginning on page no 139 & 196 of this Draft Red Herring Prospectus respectively and the risks and uncertainties described below, before making a decision to invest in our Equity Shares.*

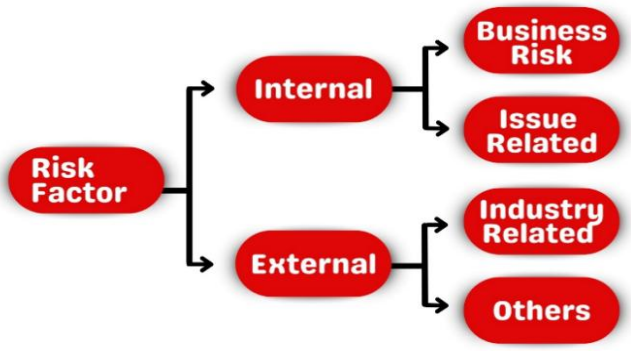

The risk factors set forth below are not exhaustive and do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose of the Equity Shares. This section addresses general risks associated with the industry in which we operate and specific risks associated with our Company. Any of the following risks, individually or together, could adversely affect our business, financial condition, results of operations or prospects, which could result in a decline in the value of our Equity Shares and the loss of all or part of your investment in our Equity Shares. While we have described the risks and uncertainties that our management believes are material, these risks and uncertainties may not be the only risks and uncertainties we face. Additional risks and uncertainties, including those we currently are not aware of or deem immaterial, may also have an adverse effect on our business, results of operations, financial condition and prospects.

This Draft Red Herring Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors below. However, there are risk factors the potential effects of which are not quantifiable and therefore no quantification has been provided with respect to such risk factors. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the Issue, including the merits and the risks involved.

*Unless otherwise indicated or the context requires otherwise, the financial information included herein is based on our Restated Financial Information included in this Draft Red Herring Prospectus. For further information, see **"Restated Financial Information"** beginning on page 234. Our financial or fiscal year ends on March 31 of each relevant year. Accordingly, references to a **"Fiscal"** or **"fiscal year"** are to the 12-month period ended March 31 of the relevant year. Unless otherwise indicated, industry and market data used in this section have been derived from the report titled **"Industry Report on Structural Maintenance Services"** dated September 28, 2026 ("**D&B Report**") prepared and issued by **Dun and Bradstreet Information Services India Private Limited** and exclusively commissioned and paid for by us in connection with the Issue. Dun & Bradstreet is an independent agency which has no relationship with our Company, our Promoter and any of our Directors or KMPs or SMPs. The data included herein includes excerpts from the D&B Report and may have been re-ordered by us for the purposes of presentation. There are no parts, data or information (which may be relevant for the proposed Issue), that have been left out or changed in any manner. Unless otherwise indicated, financial, operational, industry and other related information derived from the D&B Report and included herein with respect to any particular year refers to such information for the relevant calendar year. A copy of the D&B Report is available on the website of our Company at www.smipl.org*

Materiality

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

1. *Some events may have material impact quantitatively;*
2. *Some events may have material impact qualitatively instead of quantitatively;*
3. *Some events may not be material individually but may be found material collectively;*
4. *Some events may not be material at present but may be having material impact in future.*

Note:

The risk factors as envisaged by the management along with the proposals to address the risk if any. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial implication of any of the risks described in this section.

In this Draft Red Herring Prospectus, any discrepancies in any table between total and the sums of the amount listed are due to rounding off. Any percentage amounts, as set forth in ***"Risk Factors"*** beginning on page no 24 and ***"Management Discussion and Analysis of Financial Condition and Results of Operations"*** beginning on page no 196 unless otherwise indicated, has been calculated on the basis of the amount disclosed in the ***"Financial Statements as Restated"*** prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP).

INTERNAL RISK FACTORS

Internal Risk Factors

1. ***We are dependent on our few customer and further we derive significant revenue from operations from our top customers for the Fiscal Year ended on March 31, 2026, 2025 and 2024 respectively. The loss of one or more such customers, deterioration of their financial condition, any cancellation or delay in execution of contracts or purchase orders or our inability to meet their expectations could adversely affect our business, results of operations and financial condition.***

We are dependent on certain of our key customers and the details of contribution of our customers i.e. top 1 customer, top 3 customers, top 5 customers and top 10 customers to our total revenue from operations for the Financial year ended on March 31, 2026, 2025 and 2024 based on Restated Financial Information have been set out below:

(Amount in Rs. Lakhs)

Particulars	For the financial year ended					
	2026		2025		2024	
	Amount	% of Revenue from operations	Amount	% of Revenue from operations	Amount	% of Revenue from operations
Top 1 Customer	9,334.81	92.52	2272.77	98.13	777.34	97.96
Top 3 Customer	9,988.57	99.00	2316.22	100	-	-
Top 5 Customer	10,035.91	99.47	NA	NA	NA	NA
Top 10 Customer	10,089.69	100.00	NA	NA	NA	NA

Pursuant to certificate dated September 14, 2026, received from our statutory and peer review auditor, M/s Mittal Agarwal & Company, Chartered Accountants.

Our relationships with customers are largely dependent on our ability to consistently meet their expectations in terms of price competitiveness, timely and efficient delivery, and consistent product and service quality. There can be no assurance that we will continue to receive orders/ projects from these customers at the same levels, or at all. Our customers may cancel, reduce, delay or postpone contracts or orders at their discretion, with or without cause and without any significant contractual penalties. The loss of any one of our key customers, including our top customers, for any reason *(including, due to loss of contracts, unsuccessful tender bid for contracts, or failure to negotiate acceptable terms in contract renewal negotiations, disputes with customers, adverse change in the financial condition of such customers, including due to possible bankruptcy or other financial hardship, merger or decline in their operations, reduced or delayed customer requirements, shutdowns, labour strikes or other work stoppages)*, could have an adverse effect on our business, results of operations and financial condition.

Further, there is no guarantee that we will retain the business of our existing key customers or maintain the current level of business with each of these customers. In order to retain some of our existing customers, we may also be required to offer terms to such customers which may place restraints on our resources.

Additionally, our revenues may be adversely affected if there is an adverse change in any of our customers' supply chain strategies or a reduction in their outsourcing of products we offer, or if our customers decide to choose our competitors over us or if there is a significant reduction in the volume of our business with such customers. We cannot assure you that we will be able to maintain historic levels of business and/or negotiate and execute long term contracts on terms that are commercially viable with our significant customers or that we will be able to significantly reduce customer concentration in the future. Although we have not experienced any such instances of order cancellations over the past three fiscal years, there is no assurance that such events will not occur in the future.

2. ***We depend on mines & minerals industry for a significant portion of our revenues. We derive 93.02%, 100.00% and 97.96% of our revenue from operations for the fiscal year ended on March 31, 2026, 2025 and 2024 from the sale of services and products to mines & mineral industry. Any downturn in these sectors or shift in industry dynamics may adversely affect our business, results of operations, financial condition and cash flow.***

Our business is substantially dependent on the performance, growth and capital expenditure cycles of the mines & mineral industry. A signification portion of our revenue is derived from the sale of services and products to mines & mineral industry. The industry-wise revenue bifurcation of our company based on Restated Financial Information as follows:

(Amount in Rs. Lakhs)

Particulars	For the financial year ended					
	2026		2025		2024	
	Amount	% of Revenue from operations	Amount	% of Revenue from operations	Amount	% of Revenue from operations
Mines & Mineral Industry	9,385.11	93.02	2,316.11	100.00	777.34	97.96

Pursuant to certificate dated September 14, 2026, received from our statutory and peer review auditor, M/s Mittal Agarwal & Company, Chartered Accountants

Further, any slowdown in the industry, including due to reduced infrastructure spending, cyclical downturn, fluctuations in commodity prices, changes in government policies, environmental regulations or global demand-supply dynamics, may lead to reduced demand for our services and products, delay in project execution or lower order inflows. Also, any technological advancements, process innovations or operational efficiencies that reduce the need for external service providers, may adversely affect demand for our services.

Additionally, the industry is inherently cyclical and influenced by macroeconomic factors such as economic growth, industrial output, energy prices and global trade conditions. Any adverse developments in these factors may impact the financial condition and capital expenditure plans of our customers, which in turn may affect their spending on our services and accordingly adversely affect our business, results of operations, financial condition and cash flows.

3. ***A significant portion of our revenue from operations is generated from the state of Rajasthan, Chhattisgarh, and Jharkhand which accounts for 93.33 %, 5.77 % and 0.90 % of our revenue from operations for the Fiscal Years ended on March 31, 2026,. Any adverse impact in this region may adversely affect our business, results of operations and financial condition.***

Our major revenue is generated from the state of Rajasthan, Chhattisgarh, Rajasthan and Jharkhand. The state-wise revenue bifurcation for the Fiscal Year ended on March 31, 2026, 2025 and 2024 is as follows:

(Amount in Rs. Lakhs)

Particulars	For the financial year ended					
	2026		2025		2024	
	Amount	% of Total Revenue	Amount	% of Total Revenue	Amount	% of Total Revenue
Rajasthan	9,417.16	93.33	2316.11	100.00	793.54	-
Chhattisgarh	582.07	5.77	-	-	-	-
Jharkhand	90.45	0.90	-	-	-	-

This operational and commercial concentration in Rajasthan, Chhattisgarh, and Jharkhand exposes us to significant geographic concentration risks. Any local or regional disruptions such as changes in state regulations, labour unrest, infrastructure bottlenecks, natural calamities such as floods, droughts, or earthquakes, industrial accidents, political or social unrest, or public health emergencies, could have a direct and adverse impact on both our sales functions. While we have not experienced any of

the above adverse situations that had an adverse impact on our business operations and financial conditions in the past, we cannot assure you that these adverse situations will not arise in the future.

Given the absence of geographic diversification in our operations, any adverse event impacting the state of Chhattisgarh, Rajasthan and Jharkhand may have a material and disproportionate effect on our overall business, financial condition, results of operations, and cash flows. Further, since a substantial portion of our revenue is concentrated in Rajasthan and our revenue contributions from other states remain limited, the lack of revenue diversification may increase the impact of any adverse developments in Chhattisgarh, Rajasthan and Jharkhand on our business and operating performance.

4. ***All projects we operate have been awarded primarily through the competitive bidding process. Our bids may not always be accepted. We may not be able to qualify for, compete and win projects or identify and acquire new projects, which could adversely affect our business and results of operations.***

We enter into contracts primarily through a competitive bidding process, and our business depends on our ability to bid for and be awarded contracts for projects by project owners. Projects are awarded following competitive bidding processes and satisfaction of prescribed qualification criteria. While service quality, technological capacity and performance, health and safety records and personnel, as well as reputation and experience and sufficiency of financial resources are important considerations in final bid decisions, there can be no assurance that we would be able to meet such financial and technical qualification criteria. Further, once the prospective bidders satisfy the pre-qualification requirements of the tender, the project is usually awarded on the basis of price competitiveness of the bid.

Our Project Bid Book as on August 31, 2026, aggregating ₹19,230.05 lakhs. For further details, see ***"Our Business"*** on page 139. While we have been awarded projects, based on our technical qualifications and financial scores, there can be no assurance that we will continue to receive such projects in future or achieve projects of higher project value. We cannot assure you that we will bid where we are pre-qualified to submit a bid or that our bids, when submitted or if already submitted, will be accepted. If we are not able to qualify for bidding for larger projects, we may be required to partner and collaborate with other companies in bids for such projects. If we are unable to partner with other companies or lack the credentials to be the partner-of-choice for other companies, we may lose the opportunity to bid for Projects, which could affect our growth plans. While there have not been any such instances in the past three Fiscals, however, if we are unable to partner with other companies, it could result in an adverse effect on our business, financial condition, results of operations, and prospects. In case we are not awarded the bid, there could be an adverse effect on our business, financial condition, cash flows, results of operations and growth prospects. Our future results of operations and cash flows can fluctuate materially from period to period depending on the timing of contract awards.

5. ***Our historical performance is not indicative of our future growth or financial results and we may not be able to sustain our historical growth rates despite significant increases in Revenue from Operations and Profit after Tax.***

Particulars	For the Financial Year		
	2025-26	2024-25	2023-24
Revenue from operations	10,089.68	2316.11	793.54
Profit After tax	1,009.50	184.86	16.47
PAT Margin	10.01%	7.98%	2.07%

Our business has experienced significant growth in prior periods. Our revenue from operations has increased from ₹ 793.54 lakhs in Financial Year 2023-24 to ₹ 2,316.11 lakhs and to ₹ 10,089.68 lakhs in Financial Year 2025-26 respectively experiencing a CAGR of 256.58 % and our profit after tax has increased from ₹ 16.47 lakhs in Financial Year 2023-24 to ₹ 184.86 lakhs and ₹ 1,009.50 lakhs in Financial Year 2025-26 respectively. We cannot assure you that we will be able to sustain the levels of revenue and profit growth that we have had in the past. Further, a number of our strategic initiatives are in initial stages. While we may experience initial success with such initiatives, there is no assurance that these will succeed in the long term. If we are unable to manage our growth effectively or maintain our operational efficiency, our operating revenues and margins may decline. Consequently, our business prospects, cash flows, financial condition, and the trading price of our Equity Shares may be materially and adversely affected. We cannot assure you that we will achieve similar financial metrics or growth trajectories in future financial periods. For further details, kindly refer to ***"Management's discussion and analysis of financial results and result of operations***" under section ***"Financial Information of the company"*** on page 216 of this Draft Red Herring Prospectus.

6. ***Properties used by us for our business operations are situated on leased/rental basis, and any inability to renew such lease arrangements or secure suitable alternative premises on commercially acceptable terms may adversely affect our business, financial condition and results of operations.***

As of the date of this Draft Red Herring Prospectus, certain properties used for our business operations are taken on lease/ rental basis. Our operations at such premises are subject to the terms and conditions of the respective lease or rent agreements. These lease or rent arrangements may expire or may be terminated in accordance with their respective terms and there can be no assurance that we will be able to renew such lease or rent arrangements on commercially acceptable terms or at all.

In the event that any of our lease/ rental arrangements are not renewed, are terminated or are otherwise disrupted, we may be required to identify and secure alternative premises. Any relocation may involve additional costs and may result in disruption or delay to our operations. Further, we may not be able to secure suitable alternative premises at the same location or on comparable commercial terms, which may adversely affect our operations.

Accordingly, any inability to renew our lease arrangements or secure suitable alternative premises in a timely manner and on commercially acceptable terms may adversely affect our business, financial condition and results of operations.

For further details, please refer to the section titled ***"Our Business"*** on page 120 of this Draft Red Herring Prospectus.

7. ***We are significantly dependent on the skilled, semi-skilled and project-specific personnel for our business operations. The employee benefit expenses constitute 18.10%, 22.50% and 24.32% of our total expenses for the Fiscal Year ended on March 31, 2026, 2025 and 2024. Any disruption in the availability of a steady and skilled workforce, or our inability to effectively manage employee benefit expenses, may adversely impact our operations, profitability and financial condition.***

We are dependent on the availability of a steady and continuous supply of skilled, semi-skilled and project-specific personnel for our business operations. As on August 31, 2026, our total workforce comprised of 703 employees, which includes 56 fixed employees and 647 project specific employees. The number of project-specific employees is variable in nature and fluctuates depending on the size, duration and requirements of our projects. For further details, refer **"*Our Business - Human Resources*"** on page 187.

Any shortage of skilled personnel, high employee turnover, inability to attract and retain qualified manpower, or any labour unrest may disrupt our operations, increase costs and adversely affect our service levels and customer satisfaction. Additionally, rising wage costs, regulatory changes impacting labour, or adverse working conditions may further strain our workforce management and financial performance. Our failure to effectively manage workforce-related challenges could materially and adversely affect our business, financial condition, cash flows and results of operations.

The employee-related expenses constitute a significant portion of our total expenses and include salary and wages, gratuity, contributions to provident and other funds, and other employee benefits. These expenses are critical for maintaining operational efficiency and ensuring workforce retention. The table below sets forth the employee benefit expenses incurred by our Company for the fiscal years ended on March 31, 2026, 2025 and 2024 based on Restated Financial Information:

(Amount in Rs. Lakhs)

Particulars	For the financial year ended					
	2026		2025		2024	
	Amount	% of Total Expenses	Amount	% of Total Expenses	Amount	% of Total Expenses
Employee Benefit Expenses	1,826.21	18.10	521.17	22.50	192.97	24.32

In the event our employee relationships deteriorate or we experience significant labour unrest, strikes, lockouts and other labour action, work stoppages could occur and there could be an adverse impact on our delivery of services to clients. While there have been no such instances in the past three Fiscals, if there is any failure by us in complying with applicable labour laws and regulations including in relation to employee welfare and benefits and training/ qualification requirements, we may be subject to criminal and monetary penalties, incur increased costs, or disputed in litigation which may in turn disrupt our operations.

8. ***Our business is dependent on the availability of skilled, semi-skilled and project-specific manpower across different functions and project locations, and any inability to attract, retain or deploy such personnel may adversely affect our business.***

Our business operations require us to deploy skilled, semi-skilled and project-specific manpower across different functions and project locations. The availability of suitably qualified and experienced personnel is important for the timely and efficient

execution of our O&M, project execution, fabrication and other activities. Any shortage or unavailability of such personnel may result in delays in project execution, increased costs or difficulty in meeting contractual requirements.

Further, our projects may be located at different or remote locations, which may make it challenging to attract and retain suitable personnel. Any significant attrition or inability to retain experienced employees may result in loss of knowledge and require us to incur additional costs towards recruitment and training. Any inability to attract, retain or deploy adequate personnel in a timely manner may adversely affect our business, financial condition, results of operations and cash flows.

9. Any workplace accidents, including the fatalities that have occurred in the past, may expose us to liabilities, regulatory action and reputational risks, which could adversely affect our business, results of operations, financial condition and cash flows.

Our business operations involves deployment of a large workforce across industrial facilities. Such operations inherently involve exposure to occupational hazards, including those arising from operation of heavy machinery, material handling, working at heights and other industrial risks, any accident, mishandling of our equipment and machineries or failure to follow prescribed safety procedures by our employees/ labour could also lead to serious and sometimes fatal accidents. These accidents can cause personal injury and loss of life, severe damage to and destruction of property and equipment, and may result in the suspension of operations and the imposition of civil and criminal liabilities.

For more details, see the section titled ***"Our Business"*** on page 117.

While we maintain safety protocols and procedures in accordance with applicable laws and industry practices and have obtained certifications such as ISO: 45001:2018 for occupational health and safety management systems, there can be no assurance that such incidents will not occur in the future.

Additionally, given that our workforce is deployed across multiple client-controlled sites, our ability to fully control and monitor all safety practices at all times may be limited, which may increase the risk of such incidents.

Although, there has been no material incident in the past three financial years. However, we cannot ensure that such accidents will happen in future which may have adverse impact our financial position, our reputation with suppliers, customers, regulators, employees and the public, which could in turn affect our financial condition and business performance.

10. As on August 31, 2026, we have a running unexecuted order book of ₹ 19,230.05 lakhs. We may not be able to realise the amounts, partly or at all, reflected in our Order Book which may materially and adversely affect our business, prospects, reputation, profitability, financial condition and results of operation.

As of August 31, 2026, our Company's running unexecuted order book stood at *₹ 19,230.05 lakhs*. For further details regarding the order book of our company, please refer to ***"Our Business"*** on page 171. While the projects included in our order book represent business that is considered firm, the revenues expected from such projects may not be realized in whole or in part. The execution of such projects is subject to various uncertainties, including potential cancellations, scope reductions, schedule modifications or postponements initiated by our clients or arising due to operational or regulatory factors.

Further, we may encounter challenges in executing projects as originally ordered or completing them within the stipulated timelines. Factors beyond our control or the control of our clients may also delay or prevent the execution of projects, including delays or failure in obtaining required permits and other regulatory clearances, or the occurrence of other operational or logistical constraints.

Consequently, delays in the commencement or completion of such projects, interruptions in production, under-performance against our benchmarks, or any other execution-related challenges may materially affect our ability to generate revenue under these orders.

Due to the possibility of cancellations, changes in scope, schedule adjustments, performance-linked billing structures, and other uncertainties arising from our clients' discretion, execution challenges, or factors beyond our control, we cannot predict with certainty when, if or to what extent the projects forming part of our order book will be performed or generate revenue. Further, delays in the completion of a project may lead to clients delaying or refusing to pay amounts due to us, in whole or in part. Even relatively short delays or operational difficulties in project execution could result in our failure to receive, on a timely basis or at all, payments due to us.

Accordingly, any delay, reduction in scope, cancellation, execution difficulty, production shortfall, payment postponement or payment default in relation to projects included in our order book, or disputes with clients in respect thereof, could adversely affect our cash flows, results of operations and financial condition.

11. Our contingent liabilities are ₹ 550.00 lakhs as on March 31, 2026, which tantamount to 42.05% of our total net worth. If these contingent liabilities materialised, it could adversely affect our financial condition and results of operations.

As of March 31, 2026, we had **₹ 550.00 Lakhs** of contingent liabilities which tantamount to 42.05% of our total net worth of as of that date. These contingent liabilities have not been provided for in our financial statements. If any of these contingent liabilities were to materialize, our financial position, profitability, and cash flow could be adversely affected.

(Amount in Rs. Lakhs)

Particulars	For the Financial Year March 31, 2026
Bank Guarantee with State Bank of India	550.00

For further details of our contingent liabilities (as per Ind AS 37) as on March 31, 2026, see ***"Restated Financial Information – Note- 29- Contingent Liabilities and Commitments" and "Summary of Contingent Liabilities"*** *on page 307 and .*

Our contingent liabilities may become actual liabilities and if a significant portion of these liabilities materialize, it could have an adverse effect on our business, financial condition and results of operations. However, in the past, whenever our contingent liabilities have materialized, the same have been appropriately settled through the provisions made in our books of account. Furthermore, there can be no assurance that we will not incur similar or increased levels of contingent liabilities in the current financial year or in the future.

12. Our Company has the unbilled revenue, retention money and Other Deposits & Advances from customers which comprises 37.55%, 0.16% of our Total Current Assets for the Fiscal Year ended on March 31, 2026 and March 31, 2025. The realisation of the unbilled revenue and retention money is subject to certification, approval and other conditions, and any delay or non-recovery may adversely affect our financial conditions and cash flows.

Our other financial assets consists of unbilled revenue and retention money from our customers. Unbilled revenue represents revenue recognised for work completed by us, for which billing and collection are pending and are subject to certification, assessment and approval by the customers or their engineers. Retention money and security deposits are amounts withheld by customers as per terms and conditions of the contracts or orders, which are typically released upon completion of specified milestones, defect liability periods or fulfilment of other conditions.

The table below sets out unbilled revenue and retention money from customers for the Fiscal Year ended on March 31, 2026, 2025 and 2024 based on Restated Financial Information:

(Amount in Rs. Lakhs)

Particulars	For the financial year ended					
	2026		2025		2024	
	Amount	% of Total Current Assets	Amount	% of Total Current Assets	Amount	% of Total Current Assets
Unbilled Revenue	588.12	17.22	129.22	0.01	-	-
Retention Money & Security Deposits	44.18	1.29	1.44	0.15	-	-
Other Deposits & Advances	650.00	19.04	-	-	-	
Total	**1282.30**	**37.55**	**130.66**	**0.16**	**-**	**-**

The realisation of such amounts is subject to various factors, including timely certification of work completed, verification and approval by customer-appointed engineers, the other conditions and absence of disputes. Any delay in certification, disagreements over work completed, or failure to meet requirements may result in delays in billing or recovery of such amounts.

Further, retention money is typically withheld for extended periods and may be subject to deductions for defects, performance issues or any claims. There can be no assurance that such amounts will be realised in full or within the expected timelines.

Any delay or inability to recover unbilled revenue or retention money may adversely affect our liquidity and working capital requirements and may increase our dependence on external funding. Accordingly, any of the foregoing factors may adversely affect our business, results of operations, financial condition and cash flows.

13. We depend on limited number of suppliers for the supply of our raw materials. Any loss of suppliers or interruptions in the timely delivery of supplies could have an adverse impact on our business, financial condition, cash flows and results of operations.

Our operations depend on third-party suppliers for the procurement of raw materials. We maintain a long-standing relationship with our suppliers for the consistent supply of raw materials. This allows us to partially control operating costs, quality and stability in the supply of essential raw materials for our formulations, which we rely upon providing us with a competitive advantage.

The contribution of our top five (5) and top ten (10) suppliers and their amount is set out below:

(Amount in Rs. Lakhs)

Particulars	For the financial year ended		
	2026	2025	2024
	Amount	Amount	Amount
Top 5 Suppliers	2,971.17	690.28	361.75
Top 10 Suppliers	3,867.52	951.75	495.24

Our Company does not enter into any contract/ agreements with the suppliers. Our suppliers may not fulfil their obligations in a timely manner or at all, resulting in delays to our project schedule and adversely affecting our output. Relying on a certain limited set of suppliers for raw materials also exposes us to the risk of operational disruption as any supplier issues could adversely impact our business operations. While there has been no instance where any of our suppliers did not perform their obligations in a timely manner which had an adverse impact on our financials or business operations, we cannot assure that no instance will arise in the future where delay in supply of raw materials or non-performance of obligations would not have an adverse impact on our results of operations, cash flows, financial condition or business.

Further, we also cannot assure you that the raw materials that we procure from our suppliers will adhere to our quality or performance standards. Further, depending on supplier reliability for quality and timely delivery poses the risk of shortages or delays which may lead to supply chain disruptions thereby impacting our relationship with our customers. In the event if any of our suppliers shows its inability to provide us the specific quantity of raw materials it may impact our ability to procure an uninterrupted supply of raw material for our operations, which in turn may affect our profit margins and financial performance.

14. Our fabrication business is exposed to fluctuations in the prices of steel and other raw materials, which may adversely affect our margins, financial condition and results of operations.

Our Fabrication activities uses, Steel, including Mild Steel, Stainless Steel and Carbon Steel, as a major raw material. Our raw materials may either be supplied by our customers or procured by us. In cases where we procure the raw materials, an increase in steel or other raw material prices after finalisation of the purchase order may increase our project costs and may not be fully recoverable from our customers, particularly where the contract price is fixed.

Further, we procure raw materials from the market and any increase in their prices or disruption in their availability may increase our working capital requirements and affect our cost estimates and project margins. Although we undertake quality checks before procurement, factors affecting the prices and availability of steel and other raw materials are beyond our control.

Accordingly, any significant increase in the prices or shortage of steel and other raw materials may adversely affect our margins, business, financial condition and results of operations.

15. We have significant working capital requirements which have historically been funded through borrowings or internal accruals for the Fiscal year ended on March 31, 2026, 2025 and 2024 respectively. Any inability to access adequate working capital loans on commercially reasonable terms may adversely affect our business, financial condition and results of operations.

Our business operations involve substantial working capital requirements, primarily to finance trade receivables, inventory and other current assets. These requirements have historically been funded largely through borrowings or internal accruals. Our company's working capital gap for the fiscal years ended on March 31, 2026, March 31, 2025 and March 31, 2024, is ₹ 1,205.95 Lakhs, ₹ 99.42 Lakhs and ₹ (83.34) Lakhs. For details, please refer ***"Object of the Issue - Funding working capital requirements of our Company"*** beginning on page 98.

Our working capital requirements for the fiscal years ending on March 31, 2026, 2025 and 2024 are as under:

(₹ in lakhs)

Particulars	FY2024A	FY2025A	FY2026A	FY2027E	FY2028P
Current Assets					
Inventories	109.51	247.94	224.08	515.51	789.04

Net Working Capital (A) - (B)	**(83.34)**	**99.42**	**1,205.95**	**2,440.99**	**4,083.29**

Funding Pattern					
IPO Proceeds applied to Working Capital	**-**	**-**	**-**	**1,000.00**	**2,500.00**
Short Term Borrowings	84.79	94.12	235.72	135.72	110.72
Internal Accruals / Own Funds	(168.13)	5.30	970.23	1,305.27	1,472.57
Total Source of Working Capital	**(83.34)**	**99.42**	**1,205.95**	**2,440.99**	**4,083.29**

The object of the issue include funding working capital requirements of our Company, which are based on the management estimates and certain assumptions.

Our working capital requirements are driven by procurement and maintenance of inventory as well as receivables from our projects. Additional factors influencing our working capital include retention receivables, tax deducted at source (TDS), unbilled revenues, and operational liabilities arising from manpower deployment across multiple sites. We typically finance these requirements through a combination of fund-based and non-fund-based banking facilities or internal accruals. As we scale our operations, expand our product offerings, and increase our market presence, our working capital requirements are expected to grow further.

To meet these requirements, we have historically relied on a combination of internal accruals and external borrowings, including working capital facilities from banks. However, there can be no assurance that such financing will continue to be available to us in the future, or that it will be available on terms and conditions that are commercially viable. Factors such as changes in banking policies, rising interest rates, deterioration in our credit profile, tightening of credit markets, or changes in macroeconomic conditions could adversely affect our ability to access necessary funding in a timely manner. For further information regarding the working capital facilities currently availed of by us, see ***"Financial Indebtedness"*** beginning on page 208.

In the event we are unable to meet our working capital requirements, we may face delays in procurement of raw materials, inability to execute customer orders, or disruption in production schedules. This could result in loss of customer confidence and a negative impact on our brand reputation. Additionally, to bridge any shortfall, we may be compelled to avail short-term or high-cost borrowings, which could further strain our profitability and liquidity position. Moreover, prolonged working capital constraints may also impact our ability to pursue growth initiatives such as expansion into new markets, product innovation and capacity enhancement. This, in turn, could limit our competitiveness and adversely affect our long-term business strategy. Accordingly, our inability to maintain adequate working capital or secure additional financing on commercially reasonable terms, as and when required, could have a material adverse effect on our business operations, financial performance, cash flows, and overall growth prospects.

16. Our dependence on vehicles, machineries and equipment used in our business operations and are obtained on a rental basis may expose us to risks associated with the availability of vehicles, management and related rental obligations, which may adversely affect our business, financial condition and results of operations.

We currently follow an asset-light operating model under which our equipment, machinery and vehicles required for business operations are generally obtained on a rental basis for deployment of vehicles, machineries and equipment at various project locations. We obtain such vehicles, machineries and equipment on a rental basis and are required to make timely payments towards the applicable rental obligations. Our ability to effectively manage the availability, deployment and utilisation of such vehicles, machineries and equipment is important for the uninterrupted execution of our projects and business operations.

Further, any delay or failure on our part to meet our rental obligations may result in the imposition of penal charges, termination of rental arrangements or other contractual consequences, which may affect our ability to continue using such vehicles, machineries and equipment. In certain circumstances, any discontinuation or non-availability of rented vehicles, machineries and equipment may require us to make alternative arrangements at short notice, which may involve additional costs and may adversely affect the timely execution of our projects.

In addition, the use of vehicles, machineries and equipment entails recurring expenditure towards fuel, repairs and other operating costs. Any increase in such costs, or any significant increase in rental rates upon renewal or replacement of rental arrangements, may increase our operating expenses and adversely affect our profitability and cash flows.

While we have not experienced any material instances of disruption arising from the non-availability of rented vehicles, machineries and equipment in the past, there can be no assurance that such events will not occur in the future. Any inability to effectively manage the vehicles and equipment used in our operations, ensure their timely availability or meet our related rental and operational obligations may adversely affect our business, financial condition, results of operations and cash flows.

17. We have experienced negative cash flows from operating activities in the past. Sustained negative cash flow could adversely impact our business, financial condition and growth.

We have experienced negative cash flows from operating activities which are set forth below as per our Restated Financial Information:

(Amount in Rs. Lakhs)

Particulars	For the financial year ended on		
	2025-26	2024-25	2023-24
Net Cash Inflow from / (used in) Operating Activities	(40.76)	42.05	158.41
Net Cash Inflow from / (used in) Investing Activities	(298.38)	(97.83)	(40.52)
Net Cash Inflow from / (used in) Financing Activities	271.99	7.70	4.88

Negative cash flows over extended periods, or significant negative cash flows in the short term, could materially impact our ability to operate our business and implement our growth plans. Further it may also limit our ability to meet our operating expenses, service debt, fund working capital requirements, invest in strategic initiatives or respond to competitive pressures. As a result, our business, financial condition and results of operations could be materially and adversely affected. For further details, see "***Restated Financial Information***" beginning on page 193.

18. Our operations across three geographies expose us to jurisdiction-specific risks which may adversely affect our business, results of operations, financial condition and cash flows.

Our operations are spread across multiple states in India, including Rajasthan, Chhattisgarh and Jharkhand, and recently, we have also initiated our international presence through incorporation of our wholly-owned-subsidiary (WOS) in Nepal. Accordingly, our business is exposed to risks inherent in operating across multiple jurisdictions.

Our activities are largely site-based and involve deployment of manpower, equipment and resources at client locations across diverse geographies. These operations require us to comply with varying local laws, regulations and administrative requirements, and expose us to operational, regulatory and logistical challenges specific to each jurisdiction.

Our operations are subject to risks that are specific to the jurisdictions in which we operate or intend to operate, including, but not limited to:

- adverse social, economic, political or geopolitical conditions, including civil disturbances, industrial unrest, natural disasters, pandemics, terrorist activities or acts of war, which may disrupt our operations or those of our clients;
- changes in, or non-compliance with, applicable local laws and regulations, including those relating to labour, employment, health and safety, environment and industrial operations, which may increase our compliance costs or result in penalties or operational restrictions;

- delays or challenges in obtaining, renewing or maintaining necessary approvals, registrations, licences and permits required for execution of our services in various jurisdictions;
- logistical and operational constraints, including challenges in mobilization and deployment of manpower and equipment across locations;
- changes in policies relating to trade, taxation or investment, including restrictions on cross-border operations, which may impact our ability to expand or operate efficiently in certain jurisdictions; an
- exposure to foreign exchange fluctuations in connection with our international operations, which may impact our revenues, costs and overall financial performance.

Further, any changes in applicable laws or regulations, or more stringent interpretation or enforcement thereof, in the jurisdictions in which we operate may increase the complexity and cost of compliance and adversely impact our operations. If any of the foregoing risks materialize, it may have a material adverse effect on our business, results of operations, financial condition and cash flows. While we have not experienced any material geographical risk impacting our business till date, any such risk if arises in future could adversely affect our business, results of operations, financial condition and cash flows.

19. Our Company was incorporated on September 29, 2022; thus, we have limited operating history as a Company which may make it difficult for investors to evaluate our historical performance or future prospects.

Our company was incorporated on September 29, 2022 as a private limited company. Thus, our operating history as company is around four years. However, our Promoter Mr. Rajaram Vaishnav, possess 9 years of experience in the industry. Further, short span of our operating history makes it difficult to assess our future prospects and historic growth rates or results of operations, which may not be representative or reliable indicators of our future performance. While we intend to continue to expand our operations, we may not be able to sustain historic growth levels and may not be able to leverage our experience in our existing markets in order to grow our business in new markets. If our operations continue to grow, we will be requiring to continue to expand our sales and marketing, product development and distribution functions, to upgrade our management information systems and other processes. Our continued growth could increase the strain on our resources, and we could experience operating difficulties, including difficulties in hiring, training and managing an increasing number of employees. If we are unable to manage our operations at our current size or to manage any future growth effectively, our brand image and financial performance may suffer adversely.

20. There are certain outstanding legal proceeding involving Company and our Promoter which may adversely affect our business, financial condition and results of operations.

There are certain proceedings pending at different levels of adjudication before various authorities, enquiry officers and appellate forums. Such proceedings could divert management time, attention and consume financial resources in their defence. Further, an adverse judgment in some of these proceedings could have an adverse impact on our business, financial condition and results of operations. A summary of the outstanding proceedings against our Company as disclosed in this Draft Red Herring Prospectus, to the extent quantifiable, have been set out below:

21. Our business is dependent on our ability to successfully execute industrial O&M, project execution and fabrication contracts within the agreed timelines, specifications and contractual requirements, and any failure to do so may adversely affect our business, financial condition and results of operations.

Our business involves undertaking Industrial Operations and Maintenance ("O&M"), industrial project execution, EPC, fabrication, erection, installation, commissioning and other engineering-related activities at client facilities. These activities require us to deploy appropriate manpower, equipment, machinery and other resources and to execute the contracted scope in accordance with the technical specifications, timelines, quality standards and performance parameters agreed with our clients.

Our O&M engagements are generally governed by contractual arrangements specifying the scope of work, operational parameters and performance expectations through BOQs (Bills of Quantities) or similar frameworks. Our project execution contracts may involve engineering, procurement, construction, fabrication, erection, installation, testing and commissioning activities. Any delay, deficiency, error, failure to meet specified KPIs or inability to complete a project within the agreed timelines may result in additional costs, contractual claims, penalties, liquidated damages, withholding of payments or termination of contracts.

Further, project execution may be affected by factors beyond our control, including delays in obtaining approvals, availability of materials, changes in client requirements, site conditions, access to client facilities, availability of utilities and coordination with clients, OEMs or other contractors. Any such delays or deficiencies may adversely affect our reputation, customer relationships, profitability and cash flows.

22. There have been instances of delays and discrepancies in filings with the Registrar of Companies under the Companies Act in the past, which may result in penalties and adverse consequences.

Our Company has, in the past, experienced certain delays in filing forms and returns with RoC. Such delays were primarily procedural in nature and have since been duly regularised by filing the requisite forms along with applicable additional fees. While the instances of delays were not material, we cannot assure you that the RoC or any other regulatory authority will not initiate inquiries, impose penalties for such past instances of delays. Any such proceedings or penalties may result in additional financial liabilities beyond statutory late filing fees and may adversely affect our cash flows. We have outlined below few instances of delays for the fiscal year ended on March 31, 2026, 2025 and 2024 and till the date of this Draft Red Herring Prospectus, occurred in our regulatory filings with the RoC:

Sl No.	Particular of Form	Event Date	Date of Filling	Due Date	No of Days Delay
1	MGT-14	26-09-2025	08-11-2025	25-10-2025	14
2	ADT-1	20-03-2026	08-06-2026	18-04-2026	51
3	ADT – 3	20-03-2026	16-05-2026	18-04-2026	28
4	CHG-1	28-02-2023	15-04-2023	30-03-2023	16
5	CHG-1	22-05-2025	25-07-2025	20-06-2025	35
6	INC-27	25-07-2025	19-08-2025	13-08-2025	6

In order to mitigate the risk of recurrence, the Company has undertaken several remedial measures, including strengthening its internal compliance framework, implementing structured compliance calendars and tracking mechanisms, and engaging external professionals for periodic review of statutory filings.

Further, there is no assurance that such discrepancies will not occur in the future, and we may still be subject to regulatory actions or penalties, In the event that we fail to comply with applicable statutory filing timelines or other requirements under

the Companies Act or other applicable laws in the future, we may be subject to penalties, fines or other regulatory actions which could adversely affect our business operations and financial position.

23. Failure to obtain or maintain or renew licenses, registrations, permits and approvals in a timely manner or at all may adversely affect our business and results of operations.

As part of our business and operations, we are required to obtain various licenses and permits from local and government authorities to run our business. Obtaining licenses and permits is a time consuming process and subject to frequent delays. Our government licenses and permits are also subject to numerous conditions, some of which are onerous and require us to incur expenditure. In addition, we will need to apply for renewal of certain approvals, licenses, registrations and permits, which expire or seek new approvals, licenses, registrations and permits from time to time, as and when required in the ordinary course of our business. For further details, see ***"Government and Other Approvals"*** *beginning on page 214*. Several of the licenses and approvals required for our operations are governed by local, state, or municipal laws.

While we have obtained a significant number of approvals, licenses, registrations, and permits for business operations from the relevant authorities. However, certain approvals, licenses, registrations, permits, or renewals are yet to be obtained or applied for. For example, in respect of our business and some warehouses, we have applied for obtaining requisite license/ approval but are yet to receive some registration viz Shop & Establishment Registrations for our offices. The requirement for such licenses and approvals may vary across units depending on their location and operational specifics.

Although we have not experienced any non-compliance or loss due to not obtaining and renewing the requisite statutory and regulatory permits and approval required to operate our business, we cannot assure that there will not be any disruptions in our business operation in future. If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change, we may incur increased costs, be subject to penalties or suffer a disruption in our business activities, any of which could adversely affect our results of operations. For further details, see ***"Government and Other Statutory Approvals"*** beginning on page 214.

24. Our operations require significant capital investments in fabrication facilities, equipment, vehicles and technology, and any inability to maintain, upgrade or expand such assets in a timely and cost-effective manner may adversely affect our business.

Our business is capital intensive in nature and requires significant investments in fabrication facilities, machinery, tools, vehicle and technology infrastructure. In particular, our heavy engineering fabrication operations require specialised fabrication shops, welding equipment, testing facilities and advanced design and engineering capabilities. In addition, our operations and maintenance **("O&M")** services require investments in monitoring systems, diagnostic tools and compliance infrastructure.

Our ability to execute projects efficiently and remain competitive is dependent on our ability to maintain, modernise and expand our facilities and equipment in line with evolving customer requirements, technological advancements and applicable safety and quality standards. Any failure to upgrade or maintain our assets in a timely and cost-effective manner may reduce our operational efficiency, limit our ability to undertake complex or high-value projects, increase maintenance and operating costs, or result in operational disruptions, which could adversely affect our business, results of operations, financial condition and cash flows.

In addition, our growth strategy is dependent on our ability to make timely capital expenditures for capacity expansion and capability enhancement across these service segments. Any increase in capital costs, delays in procurement, installation or commissioning of equipment, or disruptions in supply chains may adversely affect our expansion plans. Further, our ability to fund such capital expenditure depends on our ability to generate sufficient internal accruals or access external financing on commercially acceptable terms. Any inability to secure adequate financing, or any increase in the cost of financing, may constrain our growth and adversely affect our profitability and cash flows. Accordingly, any of the foregoing factors may have an adverse effect on our business, results of operations, financial condition and cash flows.

25. Our business involves execution of projects at multiple locations, and any difficulty in mobilising and managing manpower, equipment and other resources across project locations may adversely affect our operations.

Our Projects and O&M assignments are undertaken across multiple locations across States. The execution of such projects requires timely mobilisation of engineers, technicians, operators, commercial drivers, project managers, equipment, machinery and other resources.

Any delay or inability to mobilise the required resources, particularly for projects requiring specialised equipment or skilled personnel, may delay project commencement or execution. Further, managing projects across multiple locations may increase administrative, logistical and supervision requirements and may expose us to risks relating to transportation, accommodation, site access, local conditions and coordination with clients.

Any inability to effectively coordinate and manage our geographically dispersed operations may result in delays, cost overruns, operational inefficiencies and contractual claims. However, we have not experienced any such delay or loss caused due to such delays in past.

26. We do not have any registered trademarks and have not filed any applications for registration of our trademarks, which may adversely affect our ability to protect our brand and intellectual property rights.

As of the date of this Draft Red Herring Prospectus, we do not have any registered trademarks and have not filed any application for registration of any trademark with any Trademark Authority. For further details, see ***"Government and Other Approvals – Intellectual Property"*** on page 214. Accordingly, we do not presently have the statutory protection available to registered trademark holders in respect of our brand name, logo or other marks.

The absence of registered trademarks may limit our ability to prevent third parties from adopting or using identical or similar marks. Any unauthorised use, infringement or misuse of our brand name, logo or other intellectual property by third parties may result in confusion among customers and adversely affect our brand recognition, reputation and goodwill.

Further, third parties may independently adopt or register trademarks that are identical or similar to our marks, which may result in disputes, claims or legal proceedings and may require us to incur additional costs in protecting or asserting our rights. In such circumstances, we may also be required to modify or discontinue the use of any particular brand name, logo or mark, which could result in additional costs and loss of brand value.

Although we may take measures to protect our intellectual property, including our proprietary information and trade secrets, such measures may not be adequate to prevent unauthorised use, misappropriation or infringement. Any inability to adequately protect or enforce our intellectual property rights may adversely affect our business, financial condition, results of operations, reputation and goodwill.

27. We are heavily dependent on our Promoters, Key Managerial Personnel and Senior Management for the continued success of our business through their continuing services and strategic guidance and support, the loss of any of the Promoter, KMP, SMP may adversely affect our business operations and financial results.

Our success heavily depends upon the continued services of our Promoter, Mr. Rajaram Vaishnav. We depend significantly on him for executing our day-to-day activities. The loss of our Promoter or failure to recruit suitable additional senior management personnel, could have an adverse effect on us. The loss of service of the Promoter and other management personnel could seriously impair the ability to continue to manage and expand the business efficiently. If we are unable to retain qualified employees at a reasonable cost, we may be unable to execute our growth strategy. For further details of our Directors and key managerial personnel or Senior Management, please refer to Section ***"Our Management"*** on page 171 of this Draft Red Herring Prospectus.

28. We will continue to be controlled by our Promoters after the completion of the Issue.

After the completion of the Issue, our Promoter will hold [●]% of our Equity Share capital. After this Issue, our Promoters will continue to exercise significant control or exert significant influence over us, and such control includes being able to control the composition of our board of directors and determine decisions requiring simple or special majority voting, and our other shareholders may be unable to affect the outcome of such voting. Further, while no such instance has occurred in the past, Promoters appointed directors may take or block actions with respect to our business, which may conflict with our best interests or the interests of other minority shareholders, such as actions with respect to future capital raising or acquisitions. Thus, we cannot assure you that our Promoters would always exercise their rights as a shareholder to the benefit and best interest of our Company.

29. Certain of our Promoters, Directors, Key Managerial Personnel and member of Senior Management may have interests in us other than reimbursement of expenses incurred and normal remuneration or benefits.

Certain of our Promoters, Directors, Key Managerial Personnel and member of Senior Management may be regarded as having an interest in our Company other than reimbursement of expenses incurred and normal remuneration or benefits. Certain Directors and Promoters may be deemed to be interested to the extent of Equity Shares, as applicable, held by them and by

members of our Promoter Group, to the extent applicable, as well as to the extent of any dividends, bonuses or other distributions on such Equity Shares. There can be no assurance that our Promoters, Directors, our Key Managerial Personnel and members of Senior Management will exercise their rights as shareholders to the benefit and best interest of our Company. For further details, see **"*Capital Structure*", "*Our Promoters and Promoter Group*", "*Our Management*", "*Restated Financial Information*"** and **"*Summary of Related Party Transactions*"** on pages 71, 186, 171, 193 and 74, respectively.

30. We have entered into contracts or purchase orders with our customers which contain Termination clause. In the event of any breach of obligations or covenants in the contracts or purchase orders, it may lead to termination of our contracts or purchase orders with our customers which in turn may result in loss of business, profitability and operations of our Company.

We have entered into various contracts or purchase orders related to our business activities with our customers in the ordinary course of our operations. Such contracts or purchase orders typically contain termination provisions, including termination upon the occurrence of specified events, such as breach of obligations, failure to meet agreed performance standards, insolvency events or other defaults.

In the event that we fail to comply with the terms, covenants or performance requirements under such contracts or purchase orders, our customers may have the right to terminate the contracts or orders, either immediately or upon notice. Additionally, certain contracts or orders may permit termination for convenience or without cause, subject to terms. Any such termination may result in loss of ongoing or future business and disruption of our operations.

Further, termination of key customer contracts or orders may adversely affect our relationships with such customers and may impact our reputation in the market, which could affect our ability to secure new contracts or orders or renew existing contracts or orders. In addition, the loss of such contracts or orders may result in under utilisation of our resources, including manpower and equipment, and may lead to increased costs.

Upon occurrence of any of such eventuality or any loss of our major customers we may face the risk of reduction in revenue which in turn could adversely affect our business operations and financial conditions. However, we have not faced any termination of our contract in past three financial years.

31. This Draft Red Herring Prospectus contains information from an industry report which we have paid for and commissioned from D&B, appointed by our Company. There can be no assurance that such third-party statistical, financial and other industry information is either complete or accurate

This Draft Red Herring Prospectus contains information based on or derived from a report titled ***"****Industry Report on Structural Maintenance Services****"*** dated September 28, 2026, prepared and issued by Dun & Bradstreet Information Services India Private Limited, ***("D&B")***, and exclusively commissioned and paid us in connection with the Issue. ***("D&B")*** is an independent agency which has no relationship with our Company, our Promoters, Promoter Group and any of our directors or KMPs or SMPs. Further, D&B Report is prepared based on information as of specific dates and may no longer be current or reflect current trends.

Certain information in this ***("D&B")*** Report is subject to limitations and is also based on estimates, projections, forecasts and assumptions that may prove to be incorrect. Industry sources do not guarantee the accuracy, adequacy or completeness of the data. The ***("D&B")*** Report uses certain methodologies for market sizing and forecasting. Furthermore, the ***("D&B")*** Report is not a recommendation to invest/ disinvest in any company covered in the ***("D&B")*** Report. Accordingly, Investors should not place undue reliance on or base their investment decision solely on this information.

In view of the foregoing, you may not be able to seek legal recourse for any losses resulting from undertaking any investment in the Issue pursuant to reliance on the information in this Draft Red Herring Prospectus based on, or derived from, the ***("D&B")*** Report. You should consult your own advisors and undertake an independent assessment of information in this Draft Red Herring Prospectus based on, or derived from, the ***("D&B")*** Report before making any investment decision regarding the Issue. For further details, see **"*Industry Overview*"** beginning on page 108.

32. During the FY 2025-26 and FY 2024-25, we have made certain short term investments in mutual funds, which are not part of our core business activities and are subject to market-related risks, and any adverse movement in the value of such investments may adversely affect our financial condition and cash flows.

During the financial year 2025-26 and 2024-25, our Company has made certain short term investments in mutual funds, which are not part of our core operating business activities. The value of such investments is subject to fluctuations in the financial and capital markets and may be affected by various factors, including market conditions, economic developments, interest

rates, changes in regulatory policies and the performance of the underlying securities or assets of the respective mutual fund schemes.

Further, depending on the nature and terms of the mutual fund schemes in which we have invested, there may be restrictions, applicable exit loads or other conditions associated with redemption or withdrawal of such investments. Accordingly, there can be no assurance that we will be able to realise the expected value from such investments or liquidate them at the time or price desired by us.

Any decline in the value of our mutual fund investments may result in diminution in the value of our investments and may adversely affect our financial condition. Further, any delay or inability to realise such investments, where applicable, may affect our liquidity and capital allocation decisions.

Accordingly, any adverse movement in the value of, or inability to realise, our mutual fund investments may adversely affect our financial condition, results of operations and cash flows.

33. The schedule of our estimated deployment of Net Proceeds is subject to inherent uncertainties.

The funding requirements and the proposed deployment of Net Proceeds are based on internal estimates and our current business plans, which in turn are dependent on certain assumptions regarding market conditions, business growth, costs, and other relevant factors. These estimates are inherently subject to change in response to evolving external circumstances, including changes in costs, business priorities, or macroeconomic developments. Further, such estimates have not been independently appraised or verified by any bank, financial institution, or external agency.

In view of the dynamic nature of the sector and specifically that of our business, we may have to revise our expenditure and fund requirements as a result of variations in cost estimates, exchange rate fluctuations and external factors which may not be within the control of our management. This may entail rescheduling and revising the planned expenditures and fund requirements and increasing or decreasing expenditures for a particular purpose at the discretion of our management, within the objects. For further details refer to **"*Objects of the Issue*"** beginning on page 84.

34. Our funding requirements and the proposed deployment of Net Proceeds have not been appraised. Any variation in the utilisation of the Net Proceeds as disclosed in this Draft Red Herring Prospectus would be subject to certain compliance requirements, including prior Shareholders' approval.

We intend to utilise Net Proceeds to fund the Capital Expenditure for Purchase of Machinery, Development of an Equipment Yard and Site-Logistics Support Facility, Funding Working Capital requirements, and General Corporate Purposes. For further details, see **"*Objects of the Issue*"** on page 96. The deployment of Net Proceeds is based on management estimates, current circumstances of our business and prevailing market conditions and has not been appraised by any bank, financial institution or other independent institution.

We may have to revise our funding requirements and deployment from time to time due to various factors, such as changes in costs, financial and market conditions, business and strategy considerations and interest and exchange rate fluctuations or other external factors, which may or may not be within the control of our management. This may entail rescheduling and revising planned expenditure and funding requirements and increasing or decreasing expenditures for a particular purpose from planned expenditures at the discretion of our management and subject to applicable law. Accordingly, investors in Equity Shares will be relying on the judgment of our management regarding the application of Net Proceeds. The application of Net Proceeds in our business may not lead to an increase in the value of your investment.

Further, In accordance with Sections 13(8) and 27 of the Companies Act, 2013 and the SEBI ICDR Regulations, we cannot undertake any variation in the utilisation of the Net Proceeds as disclosed in this Draft Red Herring Prospectus without obtaining the Shareholders' approval through a special resolution. In the event of any such circumstances that require us to undertake variation in the disclosed utilisation of the Net Proceeds, we may not be able to obtain the Shareholders' approval in a timely manner, or at all. Any delay or inability in obtaining such shareholders' approval may adversely affect our business or operations.

Further, our Promoters or controlling shareholders would be required to provide an exit opportunity to the shareholders who do not agree with our proposal to change the objects of the Issue or vary the terms of such contracts, at a price and manner as prescribed by SEBI. Additionally, the requirement on Promoters or controlling shareholders to provide an exit opportunity to such dissenting shareholders may deter the Promoters or controlling shareholders from agreeing to the variation of the proposed utilisation of the Net Proceeds, even if such variation is in the interest of our Company. Further, we cannot assure you that the

Promoters of our Company will have adequate resources at their disposal at all times to enable them to provide an exit opportunity at the price prescribed by SEBI.

In light of these factors, we may not be able to undertake variation of objects of the Issue to use any unutilized proceeds of the Issue, if any, even if such variation is in the interest of our Company. This may restrict our Company's ability to respond to any change in our business or financial condition by re-deploying the unutilised portion of Net Proceeds, if any, or varying the terms of contract, which may adversely affect our business, financial condition, results of operations and cash flows.

35. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule.

Our Company intends to utilize the net proceeds of IPO the Capital Expenditure for Purchase of Machinery, Development of an Equipment Yard and Site-Logistics Support Facility, Funding Working Capital requirements, and General Corporate Purposes, as detailed in the section titled ***"Objects of the Issue"*** on page 84 is to be entirely funded from the proceeds of this IPO. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule. We therefore, cannot assure that we would be able to execute the expansion process within the given time frame, or within the costs as originally estimated by us. Any time overrun or cost overrun may adversely affect our growth plans and profitability.

36. We have not yet placed orders for the Purchase of machinery and construction of shed and building proposed to be funded from the Net Proceeds of the Issue, and any delay or inability to place such orders may adversely affect the implementation of the Objects of the Issue and our business, financial condition and results of operations.

We intend to utilise a portion of the Net Proceeds of the Issue towards funding our proposed capital expenditure for the purchase of machinery, construction of shed and building and working capital requirements. While we have obtained quotations from various vendors in respect of the proposed capital expenditure and construction of shed and building, as on the date of this Draft Red Herring Prospectus, we are yet to place orders or enter into definitive arrangements for such proposed capital expenditure and civil construction. Accordingly, orders corresponding to 100% of the estimated costs relating to the proposed capital expenditure for purchase of machinery and construction of shed and building are yet to be placed.

For further details, please refer to chapter titled ***"Object of the Issue"*** beginning on page no 84

There can be no assurance that we will be able to place such orders or enter into the relevant arrangements within the anticipated timelines or at the estimated costs. The quotations obtained by us may be subject to revision, expiry or other commercial conditions, and the actual cost of procurement or construction may differ from the estimates considered for determining the utilisation of the Net Proceeds.

Further, any delay in finalising vendors, placing orders, receiving Capital Expenditure, commencing or completing civil construction, or commissioning the proposed assets may result in a corresponding delay in the implementation of the Objects of the Issue. Such delays may also result in cost overruns, changes in the proposed deployment of the Net Proceeds or the need to arrange additional funds from internal accruals or other sources.

In addition, the benefits expected from the proposed capital expenditure and civil construction, including enhancement of our operational capabilities and capacity, may not be realised within the anticipated timelines or at all. Any such delay or failure to implement the Objects of the Issue as presently contemplated may adversely affect our ability to achieve our proposed business objectives and may adversely affect our business, financial condition, results of operations and cash flows.

37. Our Promoter and Director have extended personal guarantee with respect to various loan facilities availed by our Company. Revocation of any or all of the personal guarantee may adversely affect our business operations and financial condition.

Our Promoter, Mr. Rajaram Vaishnav, have extended their personal guarantees in favour of certain facilities availed by our Company from Banks & Financial Institutions. Our financial position and future ability to avail loans are dependent on our promoter to honour the guarantee. There is no guarantee about the willingness and ability of our promoters to honour the said guarantees and continuation of the collateral facility extended, which may arise from their financial difficulties, deterioration in their business performance, or a downturn in the global economy. In the event any of these mortgages and guarantees are revoked, our lenders may require us to furnish alternate guarantees or may demand a repayment of the outstanding amounts under the said facilities sanctioned or may even terminate the facilities sanctioned to us. There can be no assurance that our Company will be able to arrange such alternative guarantees in a timely manner or at all. If our lenders enforce these restrictive

covenants or exercise their options under the relevant debt financing agreements, our operations and use of assets may be significantly hampered and lenders may demand the payment of the entire outstanding amount and this in turn may also affect our further borrowing abilities thereby adversely affecting our business and operations.

For further details please refer- ***"Financial Indebtedness"*** on page no. 208 of this Draft Red Herring Prospectus.

38. Our Company is not having any exact comparable Indian peer which have similar business to our Company.

Our Company is not having any comparable Indian peer which have exact identical business to our Company in terms of product mix, size, scale in the same market with the same customer portfolio. The Issue Price of the Equity Shares has been determined by our Company in consultation with the BRLM through the book building mechanism. A comparison of valuation of the issue with its listed peers would give a fair idea of what to pay in the market. However, we have considered a comparable Indian peer, engaged in few similar business operations based on which investors may be able to compare our results.

39. ***If we are unable to source business opportunities effectively, we may not achieve our financial objectives.***

Our ability to achieve our financial objectives will depend on our ability to identify, evaluate and execute business opportunities. To grow our business, we will need to install adequate machinery/ equipment, hire, train, supervise and manage new labour and employees. However, we cannot assure you that increase in machinery or hiring any such employees or labours will contribute to the success of our business. Our failure to execute business opportunities effectively could have a material adverse effect on our business, financial condition and results of operations. No assurance can be given that our analysis of market and other data or the strategies we use or plans we implement in future will be successful.

40. Our inability to collect receivables and default in payment from our customers could result in the reduction of our profits and affect our cash flows.

Our operations involve extending credit for extended periods of time to our customers in respect of our products, and consequently, we face the risk of non-receipt of these outstanding amounts in a timely manner or at all, particularly in the absence of long-term arrangements with our customers. Though we have not faced such situation in the past, we cannot assure that in the future we will not face such a situation. Our inability to collect receivables from our customers in a timely manner or at all in future, could adversely affect our working capital cycle and cash flows. If we are unable to collect receivables or if the provisions for doubtful receivables are inadequate, it could have a material adverse effect on our business, financial condition and results of operations. Macroeconomic conditions could also result in financial difficulties, including insolvency or bankruptcy, for our customers, and as a result could cause dealers to delay payments to us, request modifications to their payment arrangements, that could increase our receivables or affect our working capital requirements, or default on their payment obligations to us. An increase in bad debts or in defaults by our customers may compel us to utilize greater amounts of our operating working capital and result in increased interest costs, thereby adversely affecting our results of operations and cash flows.

41. Our Company's customers operate in various industry verticals and fluctuations in the performance of the industries in which the customers operate may result in a loss of customers, a decrease in the volume of work undertake or the price at which the company offer its products.

The Company's business operations are exposed to fluctuations in the performance of the industries in which its significant customers operate. Customers may also decide to reduce spending on services due to a changing economic environment and other factors relating to the industry in which they operate. A loss of any significant customers, a decrease in the volume of work that the company's customers outsource or a decline in prices of the products offered by the company may materially and adversely affect its business, operations, financial condition and results of operations.

42. Our insurance coverage may not adequately protect us against all material hazards, which may adversely affect our business, results of operations and financial condition.

We believe that the insurance coverage maintained, would reasonably cover all normal risks associated with the operation of our business, however, there can be no assurance that any claim under the insurance policies maintained by us will be met fully, in part or on time. In the event, we suffer loss or damage that is not covered by insurance or exceeds our insurance coverage, our results of operations and cash flow may be adversely affected. Further, our Company is required to renew these insurance policies from time to time and in the event we fail to renew the insurance policies within the time period prescribed in the respective insurance policies or not obtain at all, our Company may face significant uninsured losses. If our Company suffers a large uninsured loss or if any insured loss suffered, significantly exceeds our insurance coverage, our business, financial condition and results of operations may be adversely affected. However, there are has been no such instances with

respect to insurance in the past. For details on insurance details obtained by our company, see ***"Our Business"*** on page no 139 of this Draft Red Herring Prospectus.

43. We operate in highly competitive industry, and any inability to compete effectively may adversely affect our business, financial condition and results of operations.

We operate in highly competitive industry and face competition from both organised and unorganised players offering industrial operations and maintenance, project execution, metal fabrication and related services. We compete on various factors, including quality of services, technical capabilities, execution track record, timely completion of projects, availability of skilled manpower and equipment, customer relationships and pricing.

Some of our competitors may have greater financial resources, technical expertise, manpower, equipment or established relationships with customers, which may enable them to compete more effectively. Increased competition may also result in pricing pressure and reduced operating margins, particularly where project costs increase or customers seek more competitive pricing.

We may therefore need to continuously improve our operational efficiency, execution capabilities and service quality to remain competitive. There can be no assurance that we will be able to compete effectively with existing or new competitors or maintain our existing customer relationships and margins. Any inability to compete effectively may adversely affect our business, financial condition and results of operations.

44. ***The average cost of acquisition of Equity Shares by our Promoter could be lower than the Issue price.***

Our Promoter average cost of acquisition of Equity Shares in our Company is ₹ 0.81 per equity share for Mr. Rajaram Vaishnav which is lower than the Issue Price as may be decided by the Company in consultation with the Book Running Lead Manager. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares by our Promoters in our Company, please refer to the chapters ***"Risk Factors"*** and ***"Capital Structure"*** beginning on pages no. 24 and 71 respectively of this Draft Red Herring Prospectus.

45. Any IT system failures or lapses on part of any of our employees may lead to operational interruption, liabilities or reputational harm.

The success of our businesses depends in part upon our ability to effectively deploy, implement and use information technology systems and advanced technology initiatives in a cost effective and timely basis. Our computer networks may be vulnerable to unauthorised access, computer hacking, computer viruses, worms, malicious applications and other security problems caused by unauthorised access to, or improper use of, systems by our employees, subcontractors or third-party vendors. We use third party accounting software. While we have not faced any such failure for in the past, any systems failure or security breach or lapse on our part or on the part of our employees and other ecosystem participants that results in the release of user data could harm our reputation and brand and, consequently, our business, in addition to exposing us to potential legal liability. Any such legal proceedings or actions may subject us to significant penalties and negative publicity, require us to change our business practices, increase our costs and severely disrupt our business.

46. Unsecured loans taken by us can be recalled at any time.

Our Company have currently availed unsecured loans which may be recalled by the lenders at any time. As on March 31, 2026, the unsecured loans of our Company that may be recalled at any time by the lenders aggregated to ₹ 32.66 lakhs, which constituted approximately 11.86% of the total indebtedness of our Company. For further details, see ***"Statement of Financial Indebtedness"*** beginning on page 208. In the event that any lender seeks a repayment of any such loan, we would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all.

47. We face competition from organised and unorganised players in the industrial operations and maintenance, industrial project execution and metal fabrication sectors, which may adversely affect our business, financial condition and results of operations.

The markets in which we operate are competitive, with the presence of established organised players as well as regional and unorganised service providers. Our Industrial O&M and project execution businesses compete with established engineering and industrial service companies, while our metal fabrication activities may face competition primarily from smaller regional and unorganised players. Competition in these businesses is based on factors such as technical capabilities, project execution track record, safety performance, reliability, quality, timely completion, availability of skilled manpower and equipment, customer relationships and pricing.

The industrial O&M and project execution businesses also require demonstrated execution capabilities, safety compliance, skilled manpower and the ability to operate effectively. Any inability on our part to maintain the required standards or to keep pace with the capabilities and service offerings of our competitors may adversely affect our ability to compete.

Further, we intend to expand our business across our existing service verticals and geographical locations. As we increase the scale of our operations, we may face increased competition for customers, projects, skilled manpower and other resources. Although our integrated service offering enables us to undertake multiple operational and project-related requirements for industrial clients, there can be no assurance that such capabilities will enable us to compete successfully in all markets in which we operate. Any inability to compete effectively, maintain our pricing or secure and retain contracts may adversely affect our business, financial condition, results of operations and cash flows

48. Our inability to effectively manage our growth or to successfully implement our business plan and growth strategies could have an adverse effect on our business, results of operations and financial condition.

The success of our business will depend greatly on our ability to effectively implement our business and growth strategies. Our growth strategies require us to develop and strengthen relationships with existing customers for our business who may drive high volume orders on an ongoing basis. To remain competitive, we seek to increase our business from existing customers and by adding new customers, as well as expanding into new geographical markets. Our success in implementing our growth strategies may be affected by:

• our ability to maintain the quality of our services;
• our ability to increase our geographic presence;
• our ability to invest in our technological capabilities;
• the general condition of the global economy (particularly of India that we currently or may operate in);
• our ability to compete effectively with existing and future competitors;
• changes in the Indian or international regulatory environment applicable to us.

Many of these factors are beyond our control and there is no assurance that we will succeed in implementing our strategies. While we have successfully executed our business strategies in the past, there can be no assurance that we will be able to execute our strategies on time and within our estimated budget, or that our expansion and development plans will increase our profitability. Any of these factors could adversely impact our results of operations. We expect our growth strategies to place significant demands on our management, financial and other resources and require us to continue developing and improving our operational, financial and other internal controls. Our inability to manage our business and growth strategies could have a material adverse effect on our business, financial condition and profitability.

49. If we are subject to any fraud, theft, or embezzlement by our employees or job workers, it could adversely affect our reputation, results of operations and financial condition. We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.

Our business and the industry we operate in is subject to incidents of vendor/ customer/ employee fraud, theft, or embezzlement. While there have been no instances where our employees have engaged in fraud, theft or embezzlement of our products. Although we have set up various security measures such as deployment of supervisor and operational processes such as periodic stock taking and have obtained relevant insurance in relation to the same, and are also entitled to recover shortages from our employees, there can be no assurance that we will not experience any fraud, theft, employee negligence, loss in transit or similar incidents in the future or be able to successfully claim under such insurance policies on the occurrence of any such events, which could adversely affect our reputation, results of operations and financial condition. Employee misconduct or errors could expose us to business risks or losses, including regulatory sanctions and cause serious harm to our reputation and goodwill of our Company. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions on account of which our business, financial condition, results of operations and goodwill could be adversely affected.

50. We have allotted shares in the last one year, which may be at a price below the Issue Price.

Our Company has allotted Equity Shares during the last 12 months immediately preceding the date this Draft Red Herring Prospectus, at prices which may be lower than the Issue Price. Such allotments were undertaken in compliance with applicable laws and were based on prevailing market conditions, valuation methodologies, and commercial considerations at the time of issuance. The details are as follows:

Date of allotment	No. of Equity shares allotted	Face Value (₹)	Issue Price (₹)	Reason of Allotment	Benefits accrued to Company
September 10, 2026	1,08,00,000	10	NA	Bonus Issue in the ratio of 9:1 i.e., 9 Equity Shares for every 01 Equity Share held	Capitalisation of Reserves

For further details, see **"*Capital Structure*** on page 71. There can be no assurance that the Issue Price, which may be higher than the price at which such Equity Shares were allotted, will not affect investors' perception of the Issue or the market price of the Equity Shares after listing.

51. Any failure or significant weakness of our internal controls system could cause operational errors or incidents of fraud, which would adversely affect our profitability and reputation

We are responsible for establishing and maintaining adequate internal measures commensurate with the size and complexity of operations. Our internal audit functions make an evaluation of the adequacy and effectiveness of internal controls on an ongoing basis so that business units adhere to our policies, compliance requirements and internal circular guidelines. While we periodically test and update, as necessary, our internal controls systems, we are exposed to operational risks arising from the potential inadequacy or failure of internal processes or systems, and our actions may not be sufficient to guarantee effective internal controls in all circumstances. Given the size of our operations, it is possible that errors may repeat or compound before they are discovered and rectified. Our management information systems and internal control procedures that are designed to monitor our operations and overall compliance may not identify every instance of non-compliance or every suspicious transaction. If internal control weaknesses are identified, our actions may not be sufficient to correct such internal control weakness. Failures or material errors in our internal controls systems may lead to deal errors, pricing errors, inaccurate financial reporting, fraud and failure of critical systems and infrastructure. Such instances may also adversely affect our reputation, business and results of operations. There can also be no assurance that we would be able to prevent frauds in the future or that our existing internal mechanisms to detect or prevent fraud will be sufficient. Any fraud discovered in the future may have an adverse effect on our reputation, business, results of operations and financial condition. For further details, please see section **"*Outstanding Litigation and Material Developments"*** on page no. 209 of this Draft Red Herring Prospectus.

52. The determination of the Issue Price is based on various factors and assumptions and the Issue Price of the Equity Shares may not be indicative of the market price of the Equity Shares after the Issue.

The determination of the Price Band is based on various factors and assumptions and will be determined by us in consultation with the Book Running Lead Manager. These will be based on numerous factors, including factors as described under **"*Basis for Issue Price*"** beginning on page no 97 and may not be indicative of the market price for the Equity Shares after the Issue. In addition to the above, the current market price of securities listed pursuant to certain previous initial public offerings managed by the Book Running Lead Manager is below their respective issue price. For further details, see ***"Other Regulatory and Statutory Disclosures – Price information of past issues handled by the Book Running Lead Manager"*** on page no 222. The factors that could affect the market price of the Equity Shares include, among others, broad market trends, our financial performance and results post-listing, and other factors beyond our control. We cannot assure you that an active market will develop or sustained trading will take place in the Equity Shares or provide any assurance regarding the price at which the Equity Shares will be traded after listing.

53. Any of the Bidders are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid.

Pursuant to the SEBI ICDR Regulations, Any of the Bidders are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. While we are required to complete Allotment, listing and commencement of trading pursuant to the Issue within three (3) Working Days from the Bid/ Issue Closing Date, events affecting the Bidders' decision to invest in our Equity Shares, including adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operations, cash flows and financial condition may arise between the date of submission of the Bid and Allotment, listing and commencement of trading. We may complete the Allotment, listing and commencement of trading of our Equity Shares even if such events occur and such events may limit the Bidders' ability to sell our Equity Shares Allotted pursuant to the Issue or may cause the trading price of our Equity Shares to decline on listing.

54. Any inability to address changing industry standards and consumer trends may adversely affect our business, results of operations and financial condition.

The future success of our business will depend in part on our ability to respond to technological advances, consumer preferences and emerging industry standards and practices in a cost-effective and timely manner. The development and implementation of such new technology entail technical and business risks. We may have to incur substantial capital investment to upgrade our equipment and service facilities. While we continue to invest in various product development initiatives, adopt enhanced technologies and processes for the development of new products, we are subject to general risks associated with introduction and implementation of new products including the lack of market acceptance and delays in product development. There can be no assurance that we will be able to successfully develop new services or that such new services will receive market acceptance or address changing consumer trends or emerging customer standards. Any rapid change in the expectations of our customers, in our business could adversely affect our business, results of operations and financial condition.

55. We may not be successful in implementing our business strategies.

The success of our business depends substantially on our ability to implement our business strategies effectively or at all. Even though we have successfully executed our business strategies in the past, there is no guarantee that we can implement the same on time and within the estimated budget going forward, or that we will be able to meet the expectations of our targeted customers. Changes in regulations applicable to us may also make it difficult to implement our business strategies. Failure to implement our business strategies would have a material adverse effect on our business and results of operations.

56. None of our Directors and KMPs possess experience of being on the board of any listed company.

None of our Directors and KMPs possess experience of being on the board of any listed company and accordingly, may not be adequately well-versed with the activities or industry practices undertaken by listed company. We cannot assure you that this lack of adequate experience will not have any adverse impact on the management and operations of our Company. Further, our Company will also be subject to compliance requirements under the SEBI Listing Regulations and other applicable law post listing of the Equity Share on the Stock Exchanges. Our Board is capable of efficiently managing such compliance requirements including by engaging professionals having expertise in managing such compliances.

57. Any variation in the utilization of the Net Proceeds as disclosed in this Draft Red Herring Prospectus shall be subject to certain compliance requirements, including prior Shareholders' approval.

Our Company intends to deploy and utilize Net Proceeds raised pursuant to the Initial Public Offer in the manner set out in the section titled ***"Objects of the Issue"*** on page no. 84 in the Draft Red Herring Prospectus. In accordance with SEBI LODR Regulations and other applicable provisions, we will not undertake any variation in the utilization of the Net Proceeds as disclosed in this Prospectus without obtaining the approval of shareholders of our Company through a special resolution. In the event of any such, we may not be able to obtain the approval of the shareholders of our Company in a timely manner, or at all. Any delay or inability in obtaining such approval of the shareholders of our Company may adversely affect our business or operations and it may also lead to delay in deployment of funds as per the schedule of implementation as disclosed in objects section titled ***"Objects of the Issue"*** on page no. 84 in the Draft Red Herring Prospectus. In light of these factors, we may not be able to undertake variation of objects of the Issue to use any unutilized proceeds of the Issue, if any, even if such variation is in the interest of our Company. This may restrict our Company's ability to respond to any change in our business or financial condition by redeploying the unutilized portion of Net Proceeds, if any, which may adversely affect our business and results of operations.

58. The requirements of being a public listed company may strain our resources and impose additional requirements.

With the increased scrutiny of the affairs of a public listed company by shareholders, regulators and the public at large, we will incur significant legal, accounting, corporate governance and other expenses that we were not required to incur in the past. We will also be subject to the provisions of the listing agreements signed with the Stock Exchange. In order to meet our financial control and disclosure obligations, significant resources and management supervision will be required. As a result, management's attention may be diverted from other business concerns, which could have an adverse effect on our business and operations. There can be no assurance that we will be able to satisfy our reporting obligations. In addition, we will need to increase the strength of our management team and hire additional legal and accounting staff with appropriate public company experience and accounting knowledge and we cannot assure that we will be able to do so in a timely manner. Failure of our Company to meet the listing requirements of stock exchange, if any, could lead to imposition of penalties, including suspension of trading in shares of the Company.

59. Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, working capital requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see ***"Dividend Policy"*** on page no. 192 of this Draft Red Herring Prospectus.

60. The Company may be subject to surveillance measures, such as the Additional Surveillance Measures (ASM) and the Graded Surveillance Measures (GSM) by the Stock Exchanges which may adversely affect the trading price of the Equity Shares.

Upon listing of the Equity Shares, we may be subject to various enhanced pre-emptive surveillance measures such as additional surveillance measures ("ASM") and graded surveillance measures ("GSM") by the Stock Exchanges. These measures are in place to enhance the integrity of the market and safeguard the interest of investors. ASM and GSM are imposed on securities of companies based on various objective criteria, which includes market-based parameters such as significant variations in price and volume, concentration of client accounts as a percentage of combined trading volume, close to close price variation, market capitalization, average daily trading volume and its change, and average delivery percentage, among others. Securities are subject to GSM when its price is not commensurate with the financial health and fundamentals of the offeror. Specific parameters for GSM include net worth, net fixed assets, price to earning ratio, market capitalization and price to book value, among others. Factors within and beyond our control may lead to our securities being subject to GSM or ASM. Upon listing, the trading of our Equity Shares would be subject to differing market conditions as well as other factors which may result in high volatility in price, low trading volumes, and a large concentration of client accounts as a percentage of combined trading volume of our Equity Shares. The occurrence of any of the abovementioned factors or other circumstances may trigger any of the parameters prescribed by SEBI and the Stock Exchanges for placing our securities under the GSM and/or ASM framework or any other surveillance measures, which could result in significant restrictions on trading of our Equity Shares each being imposed by SEBI and the Stock Exchanges. In the event our Equity Shares are subject to such surveillance measures implemented by any of the Stock Exchanges, we may be subject to certain additional restrictions in connection with trading of our Equity Shares such as requiring higher margin requirements, requirement of settlement on a trade for trade basis without netting off, reduction of applicable price band, requirement of settlement on gross basis, as well as mentioning of our Equity Shares each on the surveillance dashboards of the Stock Exchanges, limiting trading frequency (for example, trading either allowed once in a week or a month) or freezing of price on upper side of trading which may have an adverse effect on the market price of our Equity Shares or may in general cause disruptions in the development of an active trading market for our equity shares.

EXTERNAL RISK FACTORS

61. Our business is substantially affected by prevailing economic, political and other prevailing conditions in India.

Our Company is incorporated in India, and our assets and employees are located in India. As a result, we are highly dependent on prevailing economic conditions in India and our results of operations are significantly affected by factors influencing the Indian economy. Factors that may adversely affect the Indian economy, and hence our results of operations, may include: -

Any increase in Indian interest rates or inflation;

- any scarcity of credit or other financing in India, resulting in an adverse impact on economic conditions in India and scarcity of financing for our expansions;
- prevailing income conditions among Indian consumers and Indian corporations;
- volatility in, and actual or perceived trends in trading activity on, India's principal stock exchanges;
- changes in India's tax, trade, fiscal or monetary policies;
- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighbouring countries;
- occurrence of natural or man-made disasters
- prevailing regional or global economic conditions, including in India's principal export markets; and
- Other significant regulatory or economic developments in or affecting India or its IT sector.
- Any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely impact our business, results of operations and financial condition and the price of the Equity Shares.

62. Changes in government regulations or their implementation could disrupt our operations and adversely affect our business and the results of operations.

Our business and industry are regulated by different laws, rules and regulations framed by the Central and State Government. These regulations can be amended/ changed on short notice at the discretion of the Government. If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change adversely, we may incur increased costs or be subject to penalties, which could disrupt our operations and adversely affect our business and results of operations.

63. We may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.

Under current Indian tax laws, capital gains arising from the sale of equity shares within 12 months in an Indian company are classified as short-term capital gains and generally taxable. Any gain realized on the sale of listed equity shares on a stock exchange that are held for more than 12 months is considered as long-term capital gains and is taxable at 12.50%, as per the current taxable income tax rate. Any long-term gain realized on the sale of equity shares, which are sold other than on a recognized stock exchange and on which no STT has been paid, is also subject to tax in India. Capital gains arising from the sale of equity shares are exempt from taxation in India where an exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable to pay tax in India as well as in their own jurisdiction on a gain on the sale of equity shares.

64. Political instability or a change in economic liberalization and deregulation policies could seriously harm business and economic conditions in India generally and our business in particular.

The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic, or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition, and results of operations, in particular.

65. Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.

Under the foreign exchange regulations currently in force in India, transfer of shares between non- residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI, or any other government agency, can be obtained on any particular terms or at all.

66. Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

67. Natural calamities could have a negative impact on the Indian economy and cause our Company's business to suffer.

India has experienced natural calamities such as earthquakes, tsunami, floods etc. in recent years. The extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition, and results of operations as well as the price of the Equity Shares.

68. Terrorist attacks, civil unrest and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition, and the price of our Equity Shares.

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks in India, other incidents such as those in US, and other countries and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade the global equity markets as well generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

ISSUE SPECIFIC RISKS

69. The Equity Shares have never been publicly traded, and, after the Issue, the Equity Shares may experience price and volume fluctuations, and an active trading market for the Equity Shares may not develop. Further, the price of the Equity Shares may be volatile, and you may be unable to resell the Equity Shares at or above the Issue Price, or at all.

Prior to the Issue, there has been no public market for the Equity Shares, and an active trading market on the Stock Exchanges may not develop or be sustained after the Issue. Listing and quotation do not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. Our Company and the Book Running Lead Manager will appoint Designated Market Maker for the Equity Shares of our Company. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in the SME Platform of BSE Limited, securities markets in other jurisdictions, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors.

70. Any future issuance of Equity Shares, or convertible securities or other equity linked securities by our Company may dilute the shareholding and any sale of Equity Shares by our Promoter or members of our Promoter Group may adversely affect the trading price of the Equity Shares.

Any future issuance of the Equity Shares, convertible securities or securities linked to the Equity Shares by our Company may dilute the shareholding, which may have adverse bearing on the trading price of the Equity Shares. The disposal of Equity Shares by any of our Promoter and Promoter Group, or the perception that such sales may occur may significantly affect the trading price of the Equity Shares. We cannot assure you that our Promoter and Promoter Group will not dispose of, pledge, or encumber their Equity Shares in the future.

71. Fluctuation in the exchange rate between the Indian Rupee and foreign currencies may have an adverse effect on the value of our Equity Shares, independent of our operating results.

On listing, our Equity Shares will be quoted in Indian Rupees on the Stock Exchanges. Any dividends in respect of our Equity Shares will also be paid in Indian Rupees and subsequently converted into the relevant foreign currency for repatriation, if required. Any adverse movement in currency exchange rates during the time that it takes to undertake such a conversion may reduce the net dividend for foreign investors. In addition, any adverse movement in currency exchange rates during a delay in repatriating outside India the proceeds from a sale of Equity Shares, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares may reduce the proceeds received by equity shareholders. For example, the exchange rate between the Rupee and the U.S. dollar has fluctuated substantially in recent years and may continue to fluctuate substantially in the future, which may have an adverse effect on the trading price of our Equity Shares and returns on our Equity Shares, independent of our operating results.

72. Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights including in relation to class actions, under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as shareholder in an Indian company than as shareholder of a corporation in another jurisdiction.

73. There is no guarantee that the Equity Shares issued pursuant to the Issue will be listed on the BSE SME in a timely manner or at all.

In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the Issue will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all

relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on the SME Platform of BSE. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

74. Any future issuance of Equity Shares may dilute our shareholding and the sale of our Equity Shares by our Promoter or other shareholders may adversely affect the trading price of the Equity Shares.

Any future equity issuances by us, including in a primary offering, may lead to the dilution of investors' shareholdings in our Company. Any future equity issuances by us or sales of our Equity Shares by our Promoter or other major shareholders may adversely affect the trading price of the Equity Shares. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Equity Shares.

75. There are restrictions on daily weekly monthly movement in the price of the equity shares, which may adversely affect the shareholder's ability to sell for the price at which it can sell equity shares at a particular point in time.

Once listed, we would be subject to circuit breakers imposed by the stock exchange, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI. The percentage limit on circuit breakers is said by the stock exchange based on the historical volatility in the price and trading volume of the Equity Shares. The stock exchange does not inform us of the percentage limit of the circuit breaker in effect from time to time and may change it without our knowledge. This circuit breaker limits the upward and downward movements in the price of the Equity Shares. As a result of the circuit breaker, no assurance may be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

76. Global economic, political, and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.

Global economic and political factors that are beyond our control influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence, spending and tourism. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

77. Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

78. Natural calamities could have a negative impact on the Indian economy and cause our Company's business to suffer.

India has experienced natural calamities such as earthquakes, tsunami, floods etc. in recent years. The extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition, and results of operations as well as the price of the Equity Shares.

79. Terrorist attacks, civil unrest and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition, and the price of our Equity Shares.

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks in India, other incidents such as those in US, and other countries and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade the global equity markets as well generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

Notes:

(1) This Issue is being made in terms of Chapter IX of the SEBI (ICDR) Regulations, as amended from time to time. The present Issue has been authorized pursuant to a resolution of our Board dated September 10, 2026 and by Special Resolution passed under Section 62(1)(c) of the Companies Act, 2013 at the extra ordinary general Meeting of our shareholders held on September 14, 2026.

(2) The Regulation 253 of SEBI (ICDR) Regulations, 2018 permit the issue of securities to the public through the Book Building Process, which states that, not less than 15% of the Net Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35% of the Net Issue shall be available for allocation on a proportionate basis to Individual Bidders and not more than 50% of the Net Issue shall be allotted on a proportionate

basis to QIBs, subject to valid Bids being received at or above the Issue Price. Accordingly, we have allocated the Net Issue i.e. not more than 50% of the Net Issue to QIB and not less than 35% of the Net Issue shall be available for allocation to Individual Investors and not less than 15% of the Net Issue shall be available for allocation to Non-institutional bidders (NIBs). Further, (a) 1/3rd of the portion available to NIBs shall be reserved for applicants with application size of more than two lots and up to such lots equivalent to not more than Rs10,00,000, and (b) 2/3rd of the portion available to NIBs shall be reserved for applicants with application size of more than Rs10,00,000. Provided that the unsubscribed portion in either of the subcategories specified in clauses (a) or (b), could be allocated to applicants in the other sub-category of NIBs. The allocation to each NIB shall not be less than the minimum NIB Application Size, subject to availability of Equity Shares in the Non-Institutional Portion and the remaining available Equity Shares, if any, was available for allocation on a proportionate basis in accordance with the conditions specified in this regard in Schedule XIII of the SEBI ICDR Regulations. Not more than 50% of the Net Offer shall be allotted to QIBs, subject to valid Bids being received at or above the Issue Price.

(3) Subject to valid Bids being received at or above the Issue Price, under subscription, if any, in any category, except in the QIB Portion, would be allowed to be met with spill-over from any other category or combination of categories of Investors at the discretion of our Company in consultation with the Book Running Lead Managers and the Designated Stock Exchange, subject to applicable laws. Undersubscription, if any, in the QIB Portion (excluding the Anchor Investor Portion) will not be allowed to be met with spill-over from other categories or a combination of categories.

*(4) Our Company may, in consultation with the Book Running Lead Manager, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI (ICDR) Regulations **("Anchor Investor Portion")**, of which 40% of the Anchor investor portion, shall be reserved as: (i) 33.33 per cent for domestic mutual funds; and (ii) 6.67 per cent for life insurance companies and pension funds; Any under-subscription in the reserved category specified in clause (ii) above may be allocated to domestic mutual funds. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the Net QIB Portion. Further, 5% of the Net QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. However, if the aggregate demand from Mutual Funds is less than 5% of the Net QIB Portion, the balance Equity Shares available for allotment in the Mutual Fund Portion will be added to the Net QIB Portion and allocated proportionately to the QIB Bidders (other than Anchor Investors) in proportion to their Bids.*

However, under – subscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

All Bidders, except Anchor Investors, are mandatorily required to use the ASBA process for participating in the Issue. In accordance with the SEBI (ICDR) Regulations, 2018, QIBs bidding in the QIB Portion and Non- Institutional Bidders bidding in the Non-Institutional Portion are not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Individual Investors can revise their Bids during the Bid / Issue period and withdraw their Bids until the Bid / Issue Closing Date. Further, Anchor Investors cannot withdraw their Bids after the Anchor Investor Bid / Issue period. Allocation to the Anchor Investors will be on a discretionary basis.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors (except Anchor Investors) applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Individual Investors applying in public Issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention is invited to the chapter titled ***"Issue Procedure"*** beginning on page no 249 of this Draft Red Herring Prospectus.

Bidders should note that this Issue is also subject to obtaining (i) final approval of the RoC after the Red Herring Prospectus and Prospectus is filed with the RoC; and (ii) final listing and trading approvals from the Stock Exchanges, which our Company shall apply for after Allotment.

The process of Book Building under the SEBI (ICDR) Regulations, 2018 is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Issue.

For further details on the method and procedure for Bidding, please see section entitled ***"Issue Procedure"*** on page no. 249 of this Draft Red Herring Prospectus.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of Rs20.00 to Rs24.00 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Amount (₹)	Cumulative Quantity	Subscription
500	24.00	500	16.67%
1000	23.00	1500	50.00%
1500	22.00	3000	100.00%
2000	21.00	5000	166.67%
2500	20.00	7500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the Book Running Lead Manager, may finalise the Issue price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled ***"Issue Procedure"*** on page 249 of this Draft Red Herring Prospectus);
- Ensure that you have a Demat account and the Demat account details are correctly mentioned in the Bid cum Application Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depositary Participant's verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims;
- Ensure that the Bid cum Application Form is duly completed as per instructions given in this Draft Red Herring Prospectus and in the Bid cum Application Form;

DETAILS OF THE MARKET MAKING AGREEMENT

Our company may, in consultation with the Book Running Lead Manager, shall allot at least 5% of the Issue to the Market Maker under the Market Maker Reservation Portion as per the Regulation 261(4) of the SEBI ICDR Regulations.

In accordance with Regulation 261 of the SEBI ICDR Regulations, our Company and the Book Running Lead Manager have entered into an agreement dated [●] with the following Market Maker to ensure compulsory Market Making for a minimum period of three years from the date of listing of equity shares offered in this Issue

Name	[●]
Address	[●]
Telephone	[●]
E-mail	[●]
Contact Person	[●]
SEBI Registration No.	[●]
Market Maker Registration No.	[●]

[●], registered with SME Platform of BSE will act as the Market Maker and has agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI ICDR Regulations.

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI ICDR Regulations, as amended from time to time and the circulars issued by BSE and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being issued by the Market Maker(s).

2. The minimum depth of the quote shall be ₹ 1,00,000. However, the investors with holdings of value less than ₹ 1,00,000 shall be allowed to Issue their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he/she sells his/her entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.

3. After a period of three (3) months from the market making period, the market maker would be exempted to provide quote if the Shares of market maker in our Company reaches to 25% (Including the 5% of Equity Shares of the Issue). Any Equity Shares allotted to Market Maker under this Issue over and above 25% of Equity Shares would not be taken in to consideration of computing the threshold of 25%. As soon as the Shares of market maker in our Company reduce to 24%, the market maker will resume providing 2-way quotes.

4. There shall be no exemption / threshold on downside. However, in the event the market maker exhausts his inventory through market making process, the concerned stock exchange may intimate the same to SEBI after due verification.

5. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker, for the quotes given by him.

6. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors. At this stage, [●] is acting as the sole Market Maker.

7. The shares of the Company will be traded in continuous trading session from the time and day the company gets listed at SME Platform of BSE Limited and Market Maker will remain present as per the guidelines mentioned under the BSE Limited and SEBI circulars.

8. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily / fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.

9. The Market Maker shall have the right to terminate said arrangement by giving a three-month notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker.

10. In case of termination of the Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Book Running Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further our Company, Selling Shareholders and the Book Running Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our registered office from 11.00 a.m. to 5.00 p.m. on working days.

11. SME Platform of BSE Limited will have all margins which are applicable on the BSE Limited Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. BSE Limited can impose any other margins as deemed necessary from time-to-time.

12. SME Platform of BSE Limited will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and / or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

13. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

14. Price Band and Spreads: SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Issue size up to Rs. 250 crores, the applicable price bands for the first day shall be:

15. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.

16. Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading.

    The following spread will be applicable on the SME Platform of BSE Limited.

Sr. No.	Market Price Slab (in ₹)	Proposed Spread (in % to sale price)
1.	Up to 50	9
2.	50 to 75	8
3.	75 to 100	6
4.	Above 100	5

17. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for Market Maker during market making process has been made applicable, based on the issue size and as follows:

TYPE OF ISSUE

The present Issue is considered to be 100% Book Built Issue.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the Book Running Lead Manager, reserve the right to not to proceed with the Issue at any time before the Issue Opening Date without assigning any reason thereof.

If our Company withdraws the Issue any time after the Issue Opening Date but before the allotment of Equity Shares, a public notice within 2 (two) working days of the Issue Closing Date, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre- Issue advertisements have appeared and the Stock Exchange will also be informed promptly. The Book Running Lead Manager, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) working Day from the day of receipt of such instruction.

If our Company withdraws the Issue after the Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will have to file a fresh draft offer document with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity Shares issued through the Prospectus, which our Company will apply for only after Allotment; and (ii) the final Registrar of Companies approval of the Prospectus. (iii) If our Company in consultation with Book Running Lead Manager withdraws the Issue after the Issue Closing Date and thereafter determines that it will proceed with an Offer for sale of the Equity Shares, our Company shall file a fresh Draft Red Herring Prospectus with Stock Exchange.

The shares which are in dematerialized form, if any, shall be locked-in by the respective depositories. The details of lock-in of the Equity Shares shall also be provided to the Designated Stock Exchange before the listing of the Equity Shares.

iv. Transferability of Locked-In Equity Shares:

In terms of Regulation 243 of the SEBI (ICDR) Regulations, 2018 and subject to provisions of Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 as applicable:

- The Equity Shares held by our Promoter and locked in as per Regulation 238 of the SEBI (ICDR) Regulations, 2018 may be transferred to another Promoters or any person of the Promoter's Group or to a new promoter(s) or persons in control of our Company, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock-in period stipulated has expired.

- The Equity Shares held by persons other than promoters and locked in as per Regulation 239 of the SEBI (ICDR) Regulations, 2018 may be transferred to any other person (including Promoter and Promoters' Group) holding the Equity shares which are locked-in along with the Equity Shares proposed to be transferred, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock- in period stipulated has expired.

v. Other requirements in respect of lock-in:

In terms of Regulation 242 of the SEBI (ICDR) Regulations, Equity Shares held by the Promoters and locked-in, as mentioned above, may be pledged as collateral security for a loan with a scheduled commercial bank or a public financial institution or Systemically Important Non-Banking Financial Company or a deposit accepting housing finance company, subject to the following:

a) With respect to the Equity Shares locked-in as Promoter's Contribution for three years from the date of Allotment, the loan has been granted for the purpose of financing one or more of the objects of the issue and such pledge is one of the terms of sanction of the loan;

b) With respect to the Equity Shares locked-in for one year from the date of Allotment, and such pledge of the Equity Shares must be one of the terms of the sanction of the loan.

However, the relevant lock-in period shall continue post the invocation of the pledge referenced above, and the relevant transferee shall not be eligible to transfer to the Equity Shares till the relevant lock-in period has expired in terms of the SEBI (ICDR) Regulations.

22. Neither the Company, nor it's Promoters, Directors or the Book Running Lead Manager have entered into any buyback and/or standby arrangements and/ or similar arrangements for purchase of Equity Shares of the Company from any person.

23. All Equity Shares offered through the Issue shall be fully paid-up at the time of allotment. As on the date of this Draft Red Herring Prospectus, there are no partly paid-up Equity Shares. Since the entire consideration for the Equity Shares is being called for at the time of application, all successful applicants shall be allotted fully paid-up Equity Shares. In case of any default in payment of calls, the securities may be forfeited for non-payment of such calls within twelve months from the date of allotment, if applicable.

24. As on the date of this Draft Red Herring Prospectus, the Book Running Lead Manager and their respective associates (as defined under the Securities and Exchange Board of India (Merchant Bankers) Regulations, 1992) do not hold any Equity Shares of our Company. The Book Running Lead Manager and their affiliates are not connected with the Company in any manner, whether directly or indirectly, including through any related party transactions or shareholding, other than in their capacity as BRLM. However, the BRLM and its affiliates may, in the ordinary course of business, engage in the transactions with or perform services for our Company including commercial banking or investment banking services, for which they may receive customary compensation in the future.

25. As on date of this Draft Red Herring Prospectus, there are no outstanding ESOP's, warrants, options or rights to convert debentures, loans or other instruments convertible into the Equity Shares, nor has the company ever allotted any Equity Shares pursuant to conversion of ESOPs till date. As and when, options are granted to our employees under the Employee Stock Option Scheme, our Company shall comply with the SEBI Share Based Employee Benefits Regulations, 2021.

26. Investors may note that in case of over-subscription, allotment will be on proportionate basis as detailed under **"*Basis of Allotment*"** in the chapter titled **"*Issue Procedure*"** beginning on page no 249 of this Draft Red Herring Prospectus. In case

of over-subscription in all categories the allocation in the Issue shall be as per the requirements of Regulation 253 of SEBI ICDR Regulations, as amended from time to time.

27. An over-subscription to the extent of 10% of the Net Issue, subject to the maximum post issue paid-up capital of ₹ 25 Crore, can be retained for the purpose of rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this Issue. Consequently, the actual allotment may go up by a maximum of 10% of the Net Issue, as a result of which, the post Issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoter and subject to 3 year lock-in shall be suitably increased; so as to ensure that 20% of the post Issue paid-up capital is locked in.

28. Subject to valid applications being received at or above the Issue Price, under subscription, if any, in any of the categories, would be allowed to be met with spill-over from any of the other categories or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and Designated Stock Exchange. Such inter-se spill over, if any, would be affected in accordance with applicable laws, rules, regulations and guidelines.

29. Prior to this Initial Public Offer, our Company has not made any public issue.

30. Our Company has 7 (Seven) Shareholders as on the date of filing of the Draft Red Herring Prospectus.

31. As per RBI regulations, OCBs are not allowed to participate in this Issue.

32. Our Company has not raised any bridge loans.

33. There shall be only one denomination of Equity Shares of our Company unless otherwise permitted by law. Our Company shall comply with disclosure and accounting norms as may be specified by SEBI from time to time.

34. No payment, direct, indirect in the nature of discount, commission, and allowance, or otherwise shall be made either by us or by our Promoter to the persons who receive allotments, if any, in this Issue.

35. In accordance with Regulation 274 of SEBI (ICDR) Regulations, 2018, our Company shall ensure that, transactions in Equity Shares by the Promoter and members of the Promoter Group, if any, undertaken between the date of filing the Draft Red Herring Prospectus and the closure of Issue, are reported to the Stock Exchanges within 24 hours of completion of such transactions.

36. Our Promoter and Promoter Group will not participate in the Issue.

37. There are no safety net arrangements for this Public Issue.

38. There are no Equity Shares against which depository receipts have been issued.

39. Other than the Equity Shares, there is no other class of securities issued by our Company.

40. This Issue is a 100% Book Built Issue.

41. In terms of Rule 19(2)(b)(i) of the Securities Contracts (Regulation) Rules, 1957, as amended, (the SCRR) the Issue is being made for at least 25% of the post-issue paid-up Equity Share capital of our Company. Further, this Issue is being made in terms of Chapter IX of the SEBI (ICDR) Regulations, 2018, as amended from time to time.

42. No person connected with the Issue, including, but not limited to, our Company, or our Directors, shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise to any Bidder for making a Bid, except for fees or commission for services rendered in relation to the Issue.

For details, please see chapter titled ***"The Issue"*** on page no(s) 50 respectively of the Draft Red Herring Prospectus.

Fresh Issue

Our Company proposes to utilize the funds which are being raised towards funding the following objects and achieve the benefits of listing on the SME Platform of BSE:

1. Funding Working Capital Requirements of our Company;
2. Capital Expenditure for purchase of machineries;
3. Development of an Equipment Yard and Site-Logistics Support Facility;
4. To meet out the General Corporate Purposes.

*(Collectively, referred to herein as the **"Objects of the Issue")***

Our Company believes that listing will enhance our Company's corporate image, brand name and create a public market for its Equity Shares in India besides unlocking the value of our Company. Having a listing on a stock exchange also affords our company increase credibility with the public, having the company indirectly endorsed through having their stock traded on the exchange. It also improves supplier, investor and customer confidence and improves our standing in the marketplace.

The main objects clause of our Memorandum enables our Company to undertake the activities for which funds are being raised in the Issue. The existing activities of our Company are within the objects clause of our Memorandum. For the main object's clause of our Memorandum of Association, see "***History and Certain Corporate Matters***" on page no 167 of this Draft Red Herring Prospectus.

Net Proceeds

The details of the Net Proceeds are set forth below:

Particulars	Amount (₹ in Lakhs)
Gross Proceeds of the Issue	[●]
Less: Issue related expenses in relation to Issue	[●]
Net Proceeds	[●]

Note:

All costs, charges, fees and expenses associated with and incurred in connection with the Issue shall be incurred by the Company through any fresh issuance in the Issue in accordance with the applicable law.

Requirement of Funds and Utilization of Net Proceeds

The Net Proceeds are proposed to be used in accordance with the details as set forth below:

(₹ In Lakhs)

Sr. No.	Particulars	Amount
1.	Funding Working Capital Requirements of our Company	Upto 3500.00
2.	Capital Expenditure for purchase of machineries	Upto 1500.00^
3.	Development of an Equipment Yard and Site-Logistics Support Facility	Upto 500.00
4.	General Corporate Purposes*	[●]
	Total	[●]

^The Company shall utilize Rs. 1,500.00 Lakhs from Net Proceeds and amount above, if any shall be incurred by the Company from its internal accruals. Further, the Company shall not utilise the IPO Proceeds for payment of GST and TCS as mentioned in estimated cost.

Our fund requirements and deployment thereof are based on internal management estimates of our current business plans and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in light of changes in external circumstances or costs or in other financial conditions, business strategy, as discussed further below.

***Note:** The amount utilized for general corporate purposes shall not exceed 15% of the Gross Proceeds from the Issue or Rs. 10 Cr whichever is lower.*

Means of Finance

We intend to finance our Objects of Issue through Net Issue Proceeds which is as follows:

Particulars	Amount *(₹ In Lakhs)*
Net Issue Proceeds	**[•]**
Total	**[•]**

Since, the entire fund requirement is to be funded from the proceeds of the Issue, there is no requirement to make firm arrangements of finance under Regulation 230(1)(e) of the SEBI ICDR Regulations through verifiable means towards at least 75% of the stated means of finance, excluding the amounts to be raised through the proposed Issue.

Subject to applicable law, if the actual utilization towards the Objects is lower than the proposed deployment, such balance will be used for general corporate purposes to the extent that the total amount to be utilised towards general corporate purposes will not exceed 15% of the Gross Proceeds in accordance with Regulation 7(2) of the SEBI ICDR Regulations. In case of a shortfall in raising the requisite capital from the Net Proceeds or an increase in the total estimated cost of the Objects, business considerations may require us to explore a range of options including utilizing our internal accruals and seeking additional debt from existing and/or future lenders. We believe that such alternate arrangements would be available to fund any such shortfalls. Further, in case of variations in the actual utilisation of funds earmarked for the purpose set forth above, increased funding requirements for a particular purpose may be financed by surplus funds, if any, available in respect of other purposes for which funds are being raised in the Fresh Issue. Any variation in the utilisation of the Net Proceeds as disclosed in this Draft Red Herring Prospectus shall be subject to certain compliance requirements, including prior approval of the shareholders of our Company. The Objects may be varied in the manner provided in ***"Objects of the Issue"*** on page no 84. However, we confirm that no bridge financing has been availed as on date, which is subject to being repaid from the Issue Proceeds.

As we operate in competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company's historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company's management.

Pre-IPO proceeds being discretionary in nature, if raised shall be completely attributed/ adjusted towards General Corporate Purpose.

For further details on the risks involved in our business plans and executing our business strategies, please see the section titled ***"Risk Factors"*** beginning on page no 24 of this Draft Red Herring Prospectus.

Details of Utilization of Net Proceeds

The details of utilization of the Net Proceeds are set forth herein below:

1. Funding Working Capital Requirements of our Company

Our Company is integrated services provider for industries to support their operational efficiency, expansion and facility upkeep. Our services range from civil construction, civil maintenance, on-site fabrication, erection of machinery/equipment to providing transportation for staff & workers and loading & unloading of muck. We cater to clients from diversified industries such as mining, cement and steel industries. The working capital requirement in our industry is relatively higher

than other sectors of economy due to its capital-intensive nature, which can also be seen in our working capital requirement for last three years showing an increasing trend from ₹(36.94) Lakhs in FY2023-24 to ₹ 988.13 Lakhs in FY 2025-26.

With the expansion of the business, our Company will be in the need of additional working capital requirements. The major capital will be deployed in day to day operation in ordinary course of business. The Company will meet the requirement to the extent of ₹3,500.00 Lakhs from the Net Proceeds of the Issue and balance from borrowings and internal accruals at an appropriate time as per the requirements. Additionally, the IPO funds will strengthen the Company's ability to meet existing demand, procure new orders through advance payments to suppliers and secure additional discounts, thereby boosting profitability. These developments will enable the company to handle higher volumes of orders.

The details of our Company's existing working capital gap and source of their funding, based on restated financial for the Financial Year 2024, 2025 and 2026 are provided in the table below:

The working capital requirement for the FY 2026-27 and FY 2027-28 is expected to be ₹ 2,440.99 Lakhs and ₹ 4,083.29 Lakhs in order to achieve our revenue targets for the FY 2026-27 and FY 2027-28 respectively. Our Company 's estimated working capital requirements for the FY 2026-27 and FY 2027-28 and the proposed funding of such working capital requirements are as set out in the table below:

Trade Payables	204.00	151.00	87.00	60.00	45.00

Justification:

Particulars	Assumption made and Justification
Current Assets	

Particulars	Assumption made and Justification
Inventories	Inventories have been estimated by the Management at 21 days of cost of goods sold for the Financial Year ending March 31, 2027 and 25 days for the Financial Year ending March 31, 2028, against 12 days for the Financial Year ended March 31, 2026, the increase being attributed by the Management to the scale of contracts expected to be executed and to stocking requirements at project sites.
Trade Receivable	Trade receivables have been estimated by the Management at 85 days of revenue from operations for the Financial Year ending March 31, 2027 and 90 days for the Financial Year ending March 31, 2028, against 82 days for the Financial Year ended March 31, 2026, being the credit period the Management expects to extend to its customers.
Short Term Loans and Advances and Other Current Assets	Short term loans and advances and Other Current Assets have been estimated by the Management at 10 days of revenue from operations for the Financial Year ending March 31, 2027 and 12 days for the Financial Year ending March 31, 2028, against 33 days for the Financial Year ended March 31, 2026.
Current Liabilities	
Trade Payable	Trade payables have been estimated by the Management at 60 days of cost of goods sold for the Financial Year ending March 31, 2027 and 45 days for the Financial Year ending March 31, 2028, against 87 days for the Financial Year ended March 31, 2026, the reduction being attributed by the Management to the credit period it expects to be available from its suppliers.
Other Current Liability	Other current liabilities have been estimated by the Management at 5 days of cost of goods sold for each of the Financial Years ending March 31, 2027 and March 31, 2028, against 26 days for the Financial Year ended March 31, 2026.
Short Term Provisions	Short-term provisions have been estimated by the Management at 5 days of cost of goods sold for each of the Financial Years ending March 31, 2027 and March 31, 2028, against 7 days for the Financial Year ended March 31, 2026.

Justification of increase in working capital requirement:

The Company proposes to utilize ₹3,500 Lakhs towards funding its working capital requirements in the ordinary course of business. We have significant working capital requirements, and in the ordinary course of business, we fund our working capital needs through internal accruals and/or through debt facilities. Our Company, in order to support its incremental business requirements, funding growth opportunities and for other strategic, business, and corporate purposes requires additional working capital and such funding is expected to lead to a consequent increase in our revenues and profitability.

Our Company has identified the type of machinery to be purchased for the above said purpose and obtained quotations from various vendors but we are yet to place order for 100% of machinery. Our Company is proposing to store the said new machinery at Realistic Royal Garden, Sathana, Bijainagar, Ajmer, Rajasthan *(new land purchased by our Company)*, which is purchased by our Company. Further we confirm that we are in compliance with Regulation 230(3), of SEBI (ICDR) Regulations, 2018.

The Company plans to purchase the upgrade machineries with advanced technical specifications in order to stay competitive in the market.

Details of machineries to be acquired by our Company are provided below:

Note:

a) Quotation received from the various vendors mentioned above is valid as on the date of this Draft Red Herring Prospectus. However, we have not entered into any definitive agreements with any of the vendor and there can be no assurance that the same vendor would supply the Machinery at the same costs. The additional costs (including increase in the cost), if any shall be paid by our Company from its internal accruals and/ or unutilized bank facility see ***"Risk Factor"– "Our Company is yet to place orders for the machineries. Any delay in placing orders or procurement of such machinery may delay the schedule of implementation and possibly increase the cost of commencing operations" on page no*** *84* of this Draft Red Herring Prospectus.

b) The machinery models and quantity to be purchased, installation of said machinery are based on the present estimates of our management. The Management shall have the flexibility to revise such estimates (including but not limited to change of vendor or any modification/addition/deletion) at the time of actual placement of the order. In such case, the Management can utilize the surplus of proceeds, if any, arising at the time of actual placement of the order, to meet the cost of such other

machinery, as required. Furthermore, if any surplus from the proceeds remains after meeting the total cost of machineries for the aforesaid purpose, the same will be used for our general corporate purposes, subject to limit of 15% of the amount raised by our Company through this Issue.

c) The above stated vendors are not related to the Issuer/ its Promoter/ Promoter group/ Director /Key Managerial Personnel or Senior Managerial Personal/ Shareholders and BRLM and said purchase of new machinery will be acquired at arms-length price which was prevailing at the time of its procurement.

d) If the Net Proceeds are not utilized (in full or in part) for the Objects of the Issue during the period stated above due to factors such as (i) the timing of completion of the Issue; (ii) market conditions outside the control of our Company, the remaining Net Proceeds shall be utilized (in part or full) in subsequent periods i.e. 2027-28 or as may be determined by our Company, in accordance with applicable laws.

e) We are not acquiring any second-hand machinery.

f) The quotations relied upon by us in arriving at the above estimated cost *(which is excluding applicable taxes)* are valid for a specific period of time and may lapse after the expiry of the said period. Consequent upon which, there could be a possible escalation in the cost of machinery proposed to be acquired by us at the actual time of purchase, resulting in increase in the estimated cost. Further, cost could be escalated on account of freight expenses, installation charges, packaging & forwarding, exchange rate fluctuations, custom duty etc. Such cost escalation would be met out of our internal accruals.

g) The said machineries will be acquired in view of upgradation of existing machineries with advanced technical specifications in response to increasing product diversification and size variations, in order to stay competitive in the market.

3. Development of an Equipment Yard and Site-Logistics Support Facility

Background

Our Company is engaged in civil construction, earthwork and infrastructure development works and executes projects for government departments, public sector undertakings and private clients. Our operations depend on the timely availability of heavy construction equipment, transport vehicles, construction materials and spares at or near our project sites. Our Company is presently executing Ahucha project in the state of Rajasthan and expects to bid for further works in the surrounding region.

Our Company is the owner of two contiguous plots of land, being Plot No. 08-A and Plot No. 08-B, in Village Sathana, Tehsil Bijainagar, District Ajmer, Rajasthan, admeasuring in aggregate approximately 24,457 sq. ft. (2,717.41 sq. yd. / 2,271.92 sq. m.) acquired under registered sale deeds dated October 6, 2025. The said Plot is situated within a radius of approximately 20 kilometres of the Agucha Project Site. Our Company proposes to utilise ₹ 500.00 Lakhs out of the Net Proceeds towards the development of an equipment yard and site-logistics support facility on the Sathana Land *(the "Proposed Facility")*.

Rationale for the Proposed Facility

Our Company presently hires third-party stores inventory vehicles and keeping inventory at our project site. As our fleet of equipment and the number of projects will be acquired as per the object to this issue, we believe a dedicated, owned facility in proximity to our project sites will support our operations in the following manner:

i. **Parking and safekeeping of vehicles and equipment:** The Proposed Facility will provide a secured, covered and fenced location for parking and safekeeping of our construction equipment and vehicles when they are not deployed at site, including during monsoon suspension of work, between projects and during maintenance. This is expected to reduce exposure to theft, pilferage, weather-related deterioration and third-party parking/hire charges.

ii. **Inventory storage:** The covered shed will be used for storage of construction materials, consumables, spares, tools, lubricants and other inventory required for our projects in the region. Centralised storage is expected to enable bulk procurement, better inventory control and quicker replenishment to sites.

iii. **Equipment handling and maintenance:** The PCC flooring, internal road and hardstanding are intended to allow loading and unloading, routine servicing, minor repairs and inspection of equipment at a single location, with the objective of improving equipment availability and reducing downtime.

iv. **Mobilisation of equipment to site:** Given its location within approximately 20 km of the Ahucha Project Site, the Proposed Facility is expected to function as a staging point from which equipment, manpower and materials can be mobilised to, and demobilised from, project sites in the region within a shorter time, which is relevant where contracts stipulate mobilisation timelines.

v. **Support for tender qualification:** Tender documents issued by government departments and public sector undertakings frequently require bidders to demonstrate ownership or assured availability of specified plant and machinery, and in certain cases a site establishment or base facility near the work location, as part of technical qualification or evaluation. We believe that the Proposed Facility, together with the equipment proposed to be acquired from the Net Proceeds, will strengthen our ability to satisfy such criteria for tenders in the region. However, eligibility for any tender depends on the specific conditions of that tender and on factors beyond the Proposed Facility, and there can be no assurance that our Company will qualify for or be awarded any tender. See ***"Risk Factors"*** on page 24. The Proposed Facility is also intended to house and support the plant and machinery proposed to be acquired from the Net Proceeds, more particularly described above.

NOTES, ASSUMPTIONS & EXCLUSIONS
1. PURPOSE- This is a preliminary / budgetary architect's estimate to guide planning and fund arrangement. It is NOT a detailed Bill of Quantities (BOQ) and must not be used as the sole basis for tendering or bank loan sanction without a structural engineer's design and a contractor's itemised quotation.
2. RATE BASIS- All unit rates (Inputs sheet, Section B-F) are indicative 2025-26 market rates compiled from published industry cost guides and vendor listings for Rajasthan/North India as of Sep 2026. Actual rates vary by contractor, steel/cement price movements, site accessibility, and exact specification — obtain 2-3 local contractor quotations before finalising budget.
3. SHED FOOTPRINT- The 200 ft x 120 ft (24,000 sq.ft) shed size was selected to approximate coverage of the combined plot (~24,457 sq.ft). Since the plot is an irregular/trapezoidal parcel (per deed dimensions), this leaves very little margin for the boundary wall setback, internal road and open yard shown elsewhere in this estimate. Recommend: (a) a topographic/site survey to fix true plot geometry, and (b) reducing the shed footprint or reviewing the layout with an architect so the shed, road and wall do not physically overlap.
4. BOUNDARY WALL PERIMETER- Estimated at 650 running ft based on the length/width figures recorded in the two sale deeds. Deed dimensions for irregular plots are often only indicative of the registered area and may not translate directly into a precise running perimeter. Confirm by a physical demarcation/boundary survey before construction.
5. INTERNAL ROAD- Length (150 ft) and width (12 ft) are working assumptions for a road connecting the gate to the shed/yard. Update once the final site layout plan is available.
6. EXCLUDED FROM THIS ESTIMATE- Government approvals / building plan sanction & conversion fees beyond those already paid at registration; water supply / bore-well / overhead tank; sewage, septic tank or drainage system; interior fit-out, mezzanine floor, office cabins, false ceiling; factory/plant equipment, cranes, racking; fire-fighting & pollution NOCs; soil testing and detailed structural design (beyond the professional fee allowance shown); landscaping; price escalation during construction; bank/finance charges.
7. GST - Applied at an indicative 18% on the works-contract value. Actual GST treatment depends on whether the contract is composite works-contract, or split material + labour, and on input tax credit eligibility — confirm with a chartered accountant / contractor before finalising.
8. LAND COST- This estimate covers CONSTRUCTION only. The land itself was purchased for Rs.10,50,000 (Plot 08-B) + Rs.14,50,000 (Plot 08-A) = Rs.24,00,000 (per the registered sale deeds, Oct 2025)- see 'Land Details' sheet. This is excluded from the construction Grand Total.
9. QUOTE SCALING - The Inputs sheet (Section H) applies a single escalation multiplier (currently 2.9045x) to the base market unit rates so the Grand Total shows approx. Rs.5,00,00,000. This was done on request to hit a target quote value; the resulting all-in rate (~Rs.2,080/sq.ft of shed) is well above normal market rates for a plain metal shed of this specification. Set the multiplier to 1.0 on the Inputs sheet to see the underlying plain market-rate estimate (~Rs.1.72 crore), or increase scope (bigger shed, insulated panels, mezzanine, higher-spec flooring, larger wall/road) instead of the multiplier if the total needs to be defensible to a lender, client or auditor.

The above estimates are based on the quotation as mentioned above and prevailing rates as on its date and have not been appraised by any bank or financial institution. We have not placed any orders or entered into any definitive agreements for the construction of the Proposed Facility as on the date of this Draft Red Herring Prospectus. The actual cost may vary on account of final designs, specifications, quantities, market prices of steel, cement and other materials, taxes and site conditions. Any increase in cost will be funded through internal accruals and/or borrowings, and any reduction will be utilised towards general corporate purposes, subject to applicable law.

Other Confirmations

None of our Promoters, Directors, Key Managerial Personnel, Senior Management or members of the Promoter Group has any interest in the Proposed Facility. The Proposed Facility will be owned by our Company and used for its own operations.

4. General Corporate Purpose

Our management, in accordance with the policies of our Board, will have flexibility in utilizing the proceeds earmarked for general corporate purposes. We intend to deploy the balance Fresh Issue proceeds aggregating ₹ [●] towards the general corporate purposes to drive our business growth. In accordance with the policies set up by our Board, we have flexibility in applying the remaining Net Proceeds, for general corporate purpose including but not restricted to, meeting operating expenses and the strengthening of our business development and marketing capabilities, meeting exigencies, which the Company in the ordinary course of business may not foresee or any other purposes as approved by our Board of Directors, subject to compliance with the necessary provisions of the Companies Act, 2013.

We confirm that any issue related expenses shall not be considered as a part of General Corporate Purpose. Further in case, our actual issue expenses turn to be lesser than the estimated issue expenses of ₹ [●] lakhs, such surplus amount shall be utilized for General Corporate Purpose in such a manner that the amount for general corporate purposes, as mentioned in the Draft Red Herring Prospectus, shall not exceed 15% of the Gross Proceeds or ₹ 10 Crore, whichever is lower.

The allocation or quantum of utilization of funds towards the specific purposes described above will be determined by our Board, based on our business requirements and other relevant considerations, from time to time.

Public Issue Expenses

The total expenses of the Issue are estimated to be approximately ₹ [●] Lakhs, which is [●] % of the total Issue Size. All fees and expenses relating to the Issue, including the underwriting commissions, roadshow expenses, procurement commissions, if any, and brokerage due to the underwriters and Designated Intermediaries, fees payable to the Designated Intermediaries, legal advisors and any other agreed fees and commissions payable in relation to the Issue shall be paid within the time prescribed under the respective agreements to be entered into with such persons, in accordance with Applicable Law.

The expenses of this Issue include, among others, underwriting and Issue management fees, Intermediaries fees, printing and stationery expenses, advertisement expenses and legal fees etc. The details of Offer expenses are tabulated below:

6. *The commissions and processing fees shall be payable within 30 Working days post the date of receipt of final invoices of the respective intermediaries.*
7. *Amount Allotted is the product of the number of Equity Shares Allotted and the issue Price.*

All such commissions and processing fees set out above shall be paid as per the timelines in terms of the Syndicate Agreement and/or Escrow and Sponsor Bank Agreement. Further, the processing fees for applications made by UPI Investors using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

All such commissions and processing fees set out above shall be paid as per the timelines in terms of the Syndicate Agreement and/or Escrow and Sponsor Bank Agreement. Further, the processing fees for applications made by UPI Investors using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

Proposed Schedule of Implementation and deployment of Net Proceeds:

The proposed year wise break up of deployment of funds and Schedule of Implementation of Net Issue Proceeds is as under:

Sr. No.	Particulars	Amount *(₹ In Lakhs)* 2026-27	Amount *(₹ In Lakhs)* 2027-28
1.	Funding Working Capital Requirements of our Company	3,500.00	-
2.	Capital Expenditure for purchase of machineries	1,500.00	-
3.	Development of an Equipment Yard and Site-Logistics Support Facility	100.00	400.00
4.	General Corporate Purposes		[●]
Total			[●]

To the extent our Company is unable to utilize any portion of the Net Proceeds in 2026-27 towards the Objects, as per the estimated schedule of deployment specified above, our Company shall deploy the Net Proceeds in the subsequent Financial Year i.e. 2027-28 towards the Objects.

Appraisal

None of the Objects have been appraised by any bank or financial institution or any other independent third party organization. The funding requirements of our Company and the deployment of the proceeds of the Issue are currently based on available quotations and management estimates. The funding requirements of our Company are dependent on a number of factors which may not be in the control of our management, including but not limited to variations in interest rate structures, changes in our financial condition and current commercial conditions of our Business and are subject to change in light of changes in external circumstances or in our financial condition, business or strategy.

Shortfall of Funds

Any shortfall in meeting the fund requirements will be met by way of internal accruals and or unsecured Loans.

Bridge Financing Facilities

Our Company has not raised any bridge loans from any bank or financial institution as on the date of this Draft Red Herring Prospectus, which are proposed to be repaid from the Net Proceeds of the Issue.

Monitoring of Utilization of Funds

In terms of Regulation 262 of the SEBI ICDR Regulations, our Company shall appoint a monitoring agency to monitor the utilization of the Net Proceeds prior to filing the Red Herring Prospectus. The Monitoring Agency shall monitor the utilisation of the Issue proceeds and shall submit its report to the Company in the format prescribed under Schedule XI of the SEBI ICDR Regulations on a quarterly basis, until hundred percent of the Issue proceeds have been utilised. In terms

of Regulation 32 of the SEBI Listing Regulations, as applicable to entities listed on the SME Exchange, the Company shall disclose the statement of utilisation and deviations, if any, in the use of Issue proceeds on a half-yearly basis, which shall be placed before the Audit Committee for review and thereafter submitted to the Stock Exchange(s). Further, the report of the Monitoring Agency along with the comments of the management, if any, shall be disseminated on the Company's website and submitted to the Stock Exchange(s) within the timelines prescribed under the applicable SEBI Regulations.

Interim Use of Funds

Pending utilization of the Net Proceeds for the purposes described above, our Company will deposit the Net Proceeds only with scheduled commercial banks included in the Second Schedule of the Reserve Bank of India Act, 1934 and in pursuant to the applicable provisions of the Companies Act, 2013 and rule made thereunder.

STATEMENT OF POSSIBLE SPECIAL TAX BENEFITS AVAILABLE TO THE COMPANY AND COMPANY'S SHAREHOLDERS

Outlined below are the possible special tax benefits available to Sanwariya Multiventures Limited ("Company") and to its Shareholders under the Direct and Indirect Tax Laws in force in India.

SPECIAL TAX BENEFITS AVAILABLE TO THE COMPANY

Direct Tax

There are no special direct tax benefits available to the Company.

Indirect Tax

There are no special indirect tax benefits available to the Company.

SPECIAL TAX BENEFITS AVAILABLE TO THE SHAREHOLDERS OF THE COMPANY

Direct Tax

There are no special direct tax benefits available to the Shareholders of the Company.

Indirect Tax

There are no special indirect tax benefits available to the Shareholders of the Company.

SPECIAL TAX BENEFITS AVAILABLE TO THE SUBSIDIARY OF THE COMPANY

Sanwariya Resources Pvt. Ltd. (Registration No. 390419/82/83), incorporated in Nepal on 23rd April, 2026, is the only subsidiary of the Company. As represented by the Management of the Company, it has not commenced any business or operations and no transactions have been entered into by it from the date of its incorporation up to the date of this Certificate. Being a company incorporated in and a tax resident of Nepal, the possible special tax benefits available to it and to its shareholders are governed by the tax laws in force in Nepal, on which we are not competent to comment. This Statement accordingly does not cover the said subsidiary.

1. Global Macroeconomic Scenario

a. Global Economic Overview

According to World Economic Outlook, global growth is projected at 3.1% in 2026 and at 3.2% in 2027 and 2028, slower than the recent pace of about 3.4% in CY 2024–25 and is expected to settle at approximately that rate over the medium term, below the historical average of 3.7% during 2000–19. The forecast for 2026 has been revised downward by 0.2 percentage point, while the forecast for 2027 and 2028 remains unchanged compared with the January 2026 WEO Update. Global headline inflation is expected to rise to 4.4% in 2026 and decline to 3.7% in 2027, reflecting upward revisions for both years.

The conflict involving US, Israel and Iran is increasingly functioning as a global supply and confidence shock. The International Energy Agency (IEA) describes the current situation as the largest oil supply disruption on record, with flows through the Strait of Hormuz reduced to a trickle and the resulting effects spreading across refined fuels and liquefied natural gas (LNG). At the same time, aviation disruptions and elevated risk premia are weakening services activity and increasing uncertainty around investment decisions. A significant share of global energy flows through the Strait of Hormuz, and shipping disruptions and insurance constraints are therefore translating directly into higher landed costs, supply chain delays, and greater output risks for energy-intensive manufacturing. As a result, the policy environment has increasingly become challenging, while growth support is required but renewed cost-push inflation across energy, freight, and eventually food inputs is limiting the scope for faster monetary easing.

Note: Advanced Economies and Emerging & Developing Economies are as per the classification of the World Economic Outlook (WEO). This classification is not based on strict economic criteria and has evolved over time. It comprises 40 countries in the Advanced Economies category, including the G7 (the United States, Japan, Germany, France, Italy, the United Kingdom, and Canada) and selected Eurozone members (Germany, Italy, France, etc.). The group of emerging and developing economies (156) comprises all economies not classified as Advanced Economies (e.g., India, China, Brazil, Malaysia).

Historical and Projected GDP Growth

GDP growth across major regions showed a mixed trend during 2024–25. While growth in several regions—including Middle East & Central Asia, Emerging and Developing Asia, Sub-Saharan Africa as well as Latin America and the Caribbean—is expected to slow further in 2026, performance remains uneven across geographies.

In the Middle East and Central Asia, economic growth is projected to decline from **3.6% in 2025** to **1.9% in 2026**, before recovering to **4.6% in 2027 and 4.0% in 2028**, reflecting the region's direct exposure to the conflict and the anticipated rebound thereafter. For commodity-exporting economies directly affected by the conflict, reduced production and export activity are expected to result in a significant downward revision to 2026 GDP growth projections.

Growth in emerging and developing Asia is projected to moderate from **5.5% in 2025** to **4.9% in 2026** and is further estimated to grow at **4.8% in 2027 and 2028**. Within the region, China's 2026 growth forecast has been revised upward by **0.2 percentage point** relative to the October estimate, to **4.4%**, despite a **0.1 percentage point downward revision** from January. This upward adjustment reflects the impact of lower effective U.S. tariff rates on Chinese goods, along with stimulus measures that are expected to offset the negative effects of the shock arising from the Middle East conflict. However, China's growth is projected to slow to **4.0% in 2027**, as structural headwinds continue to weigh on the economy, including the prolonged slowdown in the housing sector, a shrinking labor force, declining returns on investment, and weaker productivity growth.

Source- IMF World Economic Outlook, April 2026

In Latin America and the Caribbean, economic growth is projected to remain broadly stable at 2.3% in 2026 before strengthening to 2.7% in 2027 and 2.9% in 2028. The effects of the Middle East conflict across the region are expected to be uneven, with smaller economies likely to experience a more pronounced negative impact due to their relatively greater vulnerability to external shocks.

Growth in sub-Saharan Africa is projected to remain relatively stable at 4.3% in 2026 and 4.4% in 2027 and 4.5% in 2028. However, this regional outlook masks significant variation across countries, with some economies expected to face more pronounced challenges than others. In particular, oil-importing and non-resource-intensive economies are likely to be adversely affected by the conflict in the Middle East, as heightened external pressures may weigh on economic activity and weaken growth prospects. In emerging and developing Europe, economic growth is expected to slow sharply to 2.0% in 2025 and recover only marginally thereafter, with the region projected to expand at an average rate of 2.0% in 2026, 2.1% in 2027 and 2.3% in 2028.

Global Economic Outlook

The conflict between Israel/the United States and Iran, which began in February, has developed into a global shock to transport, trade, and security planning. As a result, periodic airspace closures across Israel and parts of the Gulf, together with severe disruption to shipping through the Strait of Hormuz, have affected the movement of oil, oil products, and LNG. Consequently, businesses have faced longer and less reliable supply lines, higher freight and insurance costs, and more frequent "stop-go" operating conditions.
The near-term growth outlook has softened as the conflict is affecting both demand and costs. Disruption to the oil channel is coinciding with pressure on the non-oil outlook as travel and services weaken and risk premia rise. Airspace disruption has increased operating costs and reduced travel reliability, while higher jet fuel costs have added to pressure on carriers and freight forwarders.

Investment conditions have also tightened as higher regional risk premia have increased insurance, shipping, hedging, and working capital costs. At the same time, logistics disruption and higher input costs are raising inflation risks. Fertilizer and related input disruption is also creating a lagged risk to food prices.

Asia-Pacific: In Asia-Pacific, the conflict has created sustained stress for business continuity. Even with fighting paused, energy availability, shipping disruption, and insurance costs are expected to continue weighing on operations over the next quarter. Oil prices remain well above January levels despite easing from March peaks, while war-risk insurance, tighter tanker availability, and rerouting costs remain elevated. As a result, several fuel-importing economies—including Japan, South Korea, India, and parts of Southeast Asia—have faced power-conservation measures and fuel rationing, increasing the risk of operational downtime in energy-intensive sectors.

Shipping and supply chains are also facing second-round effects. Many Asia–Europe shipments have been diverted via the Cape of Good Hope, thereby extending lead times by 10–14 days. Although some routes have reopened, schedules remain compressed and insurers remain cautious, which has increased delivery deadline risk across manufacturing, particularly in chemicals, electronics, and pharmaceuticals. Input volatility and fertilizer disruption are also adding to inflation risks and thereby complicating the policy outlook.

Latin America: In Latin America, the U.S.-Israel-Iran conflict has increased energy market pressures, with higher Brent crude prices raising input costs and inflation risks across the region. Consequently, net hydrocarbon exporters such as Brazil, Colombia, and Ecuador are benefiting from stronger external balances, while net energy importers—including Panama, Chile, and much of Central America—are facing higher import costs. Elevated fertilizer prices are also weighing on agricultural output and margins, including in Brazil and Argentina. In response, governments have introduced fuel subsidies and price controls.

Middle East & North Africa: In the Middle East and North Africa, the conflict continues to affect the region directly, with many countries facing missile and drone attacks from Iran in response to attacks by the United States and Israel on Iran. In the short term, economic growth is expected to slow sharply as exports decline, uncertainty constrains spending, and governments delay investment initiatives. The reduction in food imports is also expected to significantly affect countries with limited domestic production capacity. Bahrain, Qatar, and Kuwait remain highly dependent on imports through the Strait of Hormuz and therefore face risks of food shortages and concerns regarding social stability if disruption persists.

Sub-Saharan Africa: In Sub-Saharan Africa, the conflict continues to disrupt energy and fertilizer supply chains, thereby keeping the region under significant external pressure. Higher global oil prices are sharply rising fuel and transport costs for import-dependent economies such as Kenya, Uganda, Ethiopia, and Ghana. Policy responses have varied across the region. Ethiopia introduced emergency fuel subsidies in mid-March to contain domestic price increases, while Kenya is experiencing stronger pass-through from higher fuel costs, which is weighing on aviation, logistics, and export activity.

Global Growth Projection

Growth in advanced economies is projected at 1.8% in 2026 and 1.7% in 2027 and 2028, while the overall impact of the Middle East conflict is expected to remain modest, lowering 2026 growth by 0.2 percentage point relative to the pre-conflict forecast. This limited effect reflects positive terms-of-trade gains in the United States and stronger growth momentum, supported by government measures, in Japan, whereas more significant negative effects are expected mainly in net energy-importing economies, including the euro area and the United Kingdom. In the United States, growth is projected at 2.3% in 2026 and 2.1% in 2027 and 2028, with fiscal policy and the lagged effects of monetary easing in 2025 continuing to support activity, even as higher trade barriers since April 2025 weigh on growth. The 0.1 percentage point downward revision from the January 2026 WEO Update reflects a small negative effect from the war, but this is partly offset by a rebound following the end of the 2025 federal government shutdown, along with stronger productivity growth and positive carryover effects. Although the International Emergency Economic Powers Act (IEEPA) ruling may reduce tariff-related fiscal revenues, its impact on the fiscal balance and activity is expected to remain limited and spread over the forecast horizon. Growth in 2027 is expected to remain solid, supported by tax incentives, including those for corporate investment under the One, Big, Beautiful Bill Act (OBBBA), while technology-driven momentum is projected to moderate and productivity growth is expected to gradually converge toward historical norms.

Growth in emerging market and developing economies is projected to slow to 3.9% in 2026 before recovering to 4.2% in 2027 and 2028, while the Middle East conflict is expected to have a greater impact on this group than on advanced economies, reducing 2026 growth by 0.3 percentage point relative to the pre-conflict forecast. In emerging and developing Asia, growth is expected to moderate from 5.5% in 2025 to 4.9% in 2026 and 4.8% in 2027 and 2028. Within the region, China's 2026 growth forecast has been revised upward to 4.4%, as lower effective U.S. tariffs and stimulus measures offset the impact of the conflict, although growth is projected to slow to 4.0% in 2027 as structural headwinds intensify. India's growth outlook has also improved, with growth revised upward to 7.6% in 2025 and projected to remain at 6.5% in 2026, 2027 and 2028, supported by strong carryover effects and lower additional U.S. tariffs on Indian goods. Meanwhile, several South and Southeast Asian economies are expected to face weaker domestic demand due to lower tourism and remittance inflows, while the Philippines has seen a sharp downward revision for 2026.

In the Middle East and Central Asia, growth is projected to decline from 3.6% in 2025 to 1.9% in 2026, before rebounding to 4.6% in 2027 and 4.0% in 2028, reflecting the region's direct exposure to the conflict. The downturn is expected to be most severe among affected commodity exporters, particularly Bahrain, Iran, Iraq, Kuwait, and Qatar, while the impact is expected to be less severe in other economies. Accordingly, Iran's economy is projected to contract by (-) 6.1% in 2026, before rebounding to 3.2% in 2027 and moderating to 1.5% in 2028. By contrast, Saudi Arabia's growth is projected at 3.1% in 2026, rising to 4.5% in 2027 before easing to 3.6% in 2028. In sub-Saharan Africa, growth is expected to remain broadly stable at 4.3% in 2026, 4.4% in 2027, and 4.5% in 2028, although oil-importing economies are likely to face greater pressure, while Nigeria and South Africa are expected to record moderate but gradually improving growth profiles. In Latin America and the Caribbean, growth is projected at 2.3% in 2026, 2.7% in 2027, and 2.9% in 2028, with Brazil expected to benefit modestly in the near term from its position as a net energy exporter, while Mexico is projected to recover gradually to 1.6% in 2026, 2.2% in 2027, and 2.1% in 2028.

In emerging and developing Europe, the sharp slowdown in growth to 2.0% in 2025 is expected to reverse only marginally, with the region projected to expand at an average rate of 2.0% in 2026, 2.1% in 2027, and 2.3% in 2028. Within the region, Russia's 2026 growth forecast has been revised upward by 0.3 percentage point relative to January, to 1.1%, as higher commodity prices are expected to support activity. This momentum is projected to continue, with growth remaining at 1.1% in 2027 before moderating slightly to 1.0% in 2028. By contrast, Türkiye's 2026 growth forecast has been revised downward by 0.8 percentage point relative to the January 2026 WEO to 3.4%, as weaker-than-expected growth in 2025 and higher oil and gas prices are expected to weigh on activity.

Key factors impacting Global Macroeconomic landscape

- Geopolitics continues to constitute a major source of global macroeconomic and business risk. The Russia–Ukraine war remains a persistent driver of instability, as Russia has intensified large-scale missile and drone attacks on Ukrainian cities and infrastructure, while Ukraine has stepped up strikes on Russian ports, refineries, and export infrastructure, reportedly contributing to a reduction in Russian oil output in April. The Israel–Iran–U.S. confrontation

has emerged as the most significant near-term external shock to the global economy, with the IMF warning that disruptions to the Strait of Hormuz and regional energy infrastructure could materially weaken global growth and raise inflation; under its April 2026 reference forecast, global growth has been lowered to 3.1% and inflation raised to 4.4%, with materially worse outcomes under prolonged disruption scenarios. In parallel, the Pakistan–Afghanistan border conflict remains a significant regional flashpoint, although China-mediated talks are seeking to secure a ceasefire and reopen border crossings after months of cross-border attacks and trade disruption. At the same time, U.S. strategic activism continues to influence regional risk perceptions: Washington has removed sanctions on Venezuela's interim leadership and deepened engagement with Caracas, tensions over Greenland have re-emerged amid renewed U.S. rhetoric and ongoing diplomatic discussions with Denmark and Greenland, and U.S.–Nigeria security cooperation has continued to deepen in response to regional instability and counterterrorism concerns. In addition, resource nationalism and strategic competition over rare earths and other critical minerals have become increasingly operational concerns rather than distant strategic risks. The IEA's April 2026 assessment notes that demand for magnet rare earths has doubled since 2015 and is projected to increase by more than 30% by 2030, while supply chains remain highly concentrated, with China accounting for around 60% of mined output, more than 90% of refining, and nearly 95% of permanent magnet production, thereby heightening global exposure to export controls, supply concentration, and industrial policy interventions

- The period of relatively frictionless trade supported by multilateral liberalisation and free trade agreements is increasingly giving way to regionalisation, nearshoring, friend-shoring, and diversification of production networks. Rising tariffs, policy uncertainty, and strategic realignment are creating a more fragmented trade environment and raising the premium on resilience over pure efficiency
- Technology adoption and sustainability have become core strategic priorities. Organizations are advancing digital transformation by embedding AI, automation, and cybersecurity into their operations to enhance productivity and safeguard critical assets. AI adoption is emerging as a visible driver of optimism, particularly within the information and communications sectors. Growth in cloud computing, streaming, IoT, and AI and Advancements in hardware and cooling technologies aim to reduce energy consumption and improve performance is driving the need for more powerful and scalable data centres.

India Macroeconomic Analysis

India's economic growth outlook for 2025 has been revised upward by 1.0 percentage point from the October estimate to 7.6%, supported by stronger-than-expected performance in the second and third quarters of the fiscal year and sustained momentum in the fourth quarter. For 2026, the growth projection has been moderately increased by 0.3 percentage point (including a 0.1 percentage point upward revision from January) to 6.5%, primarily driven by the carryover effect of the strong 2025 performance and the reduction in additional U.S. tariffs on Indian goods from 50% to 10%, which more than offsets the adverse impact of the Middle East conflict. Growth is expected to remain steady at 6.5% in 2027. Across several South and Southeast Asian economies, disruptions linked to the Middle East conflict are anticipated to reduce tourism activity and remittance inflows, thereby weakening domestic demand and moderating overall economic performance.

Historical GDP and GVA Growth Trend

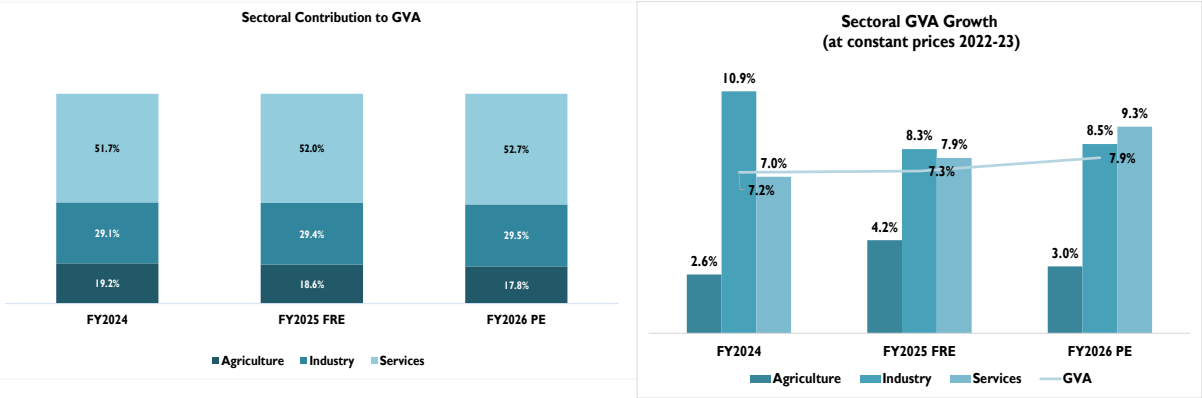

As per Provisional Estimates, India Real GDP (GDP at constant prices) for FY 2025–26 is estimated to reach INR 323.12 lakh crore, compared to the First Revised Estimate (FRE) of INR 299.89 lakh crore for FY 2024–25. This represents a growth rate of 7.7% in 2025–26, higher than the 7.1% growth recorded in 2024–25.
Similarly, Real GVA for FY 2025–26 is estimated to reach INR 294.91 lakh crore, up from INR 273.36 lakh crore in FY 2024–25. This indicates a growth rate of 7.9%, compared with the 7.3% growth achieved in the previous year.

Sectoral Contribution to GVA and Annual Growth Trend

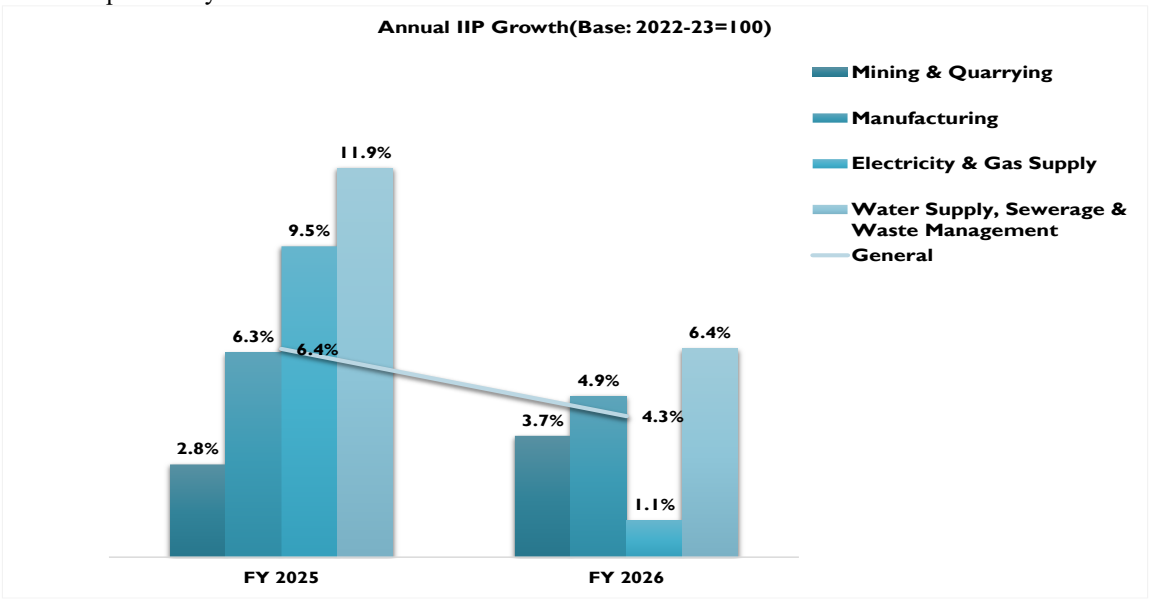

Source: Ministry of Statistics & Programme Implementation (MOSPI), CMIE Economics Outlook
FRE is First Revised Estimate; PE is Provisional Estimates[2]

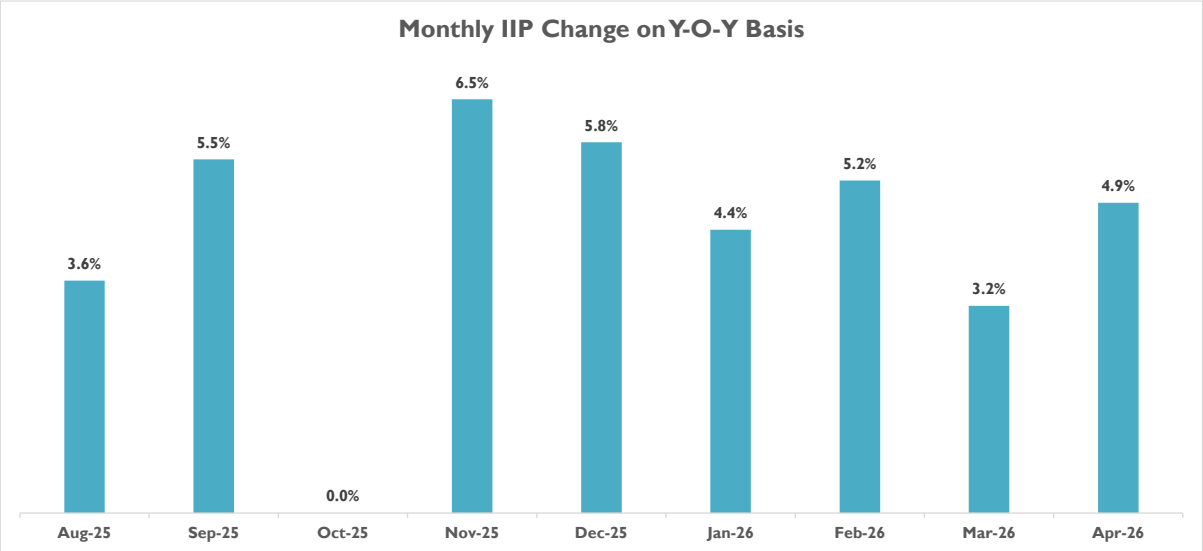

Sectoral analysis of GVA reveals that the industrial sector experienced steady growth momentum in FY 2026, recording a 7.9% y-o-y growth against 7.3% year-on-year growth in FY 2025. Within the industrial sector, growth moderated across sub-sectors with mining, and construction activities growing by 5.15%, and 7.36%, respectively in FY 2026, compared to 11.69%, and 7.30% in FY 2025. Growth in the utilities sector too moderated to 1.74% in FY 2026 from 2.87% in the previous year. The industrial sector's contribution to GVA increased marginally from 29.4% in FY 2025 to 29.5% in FY 2026.

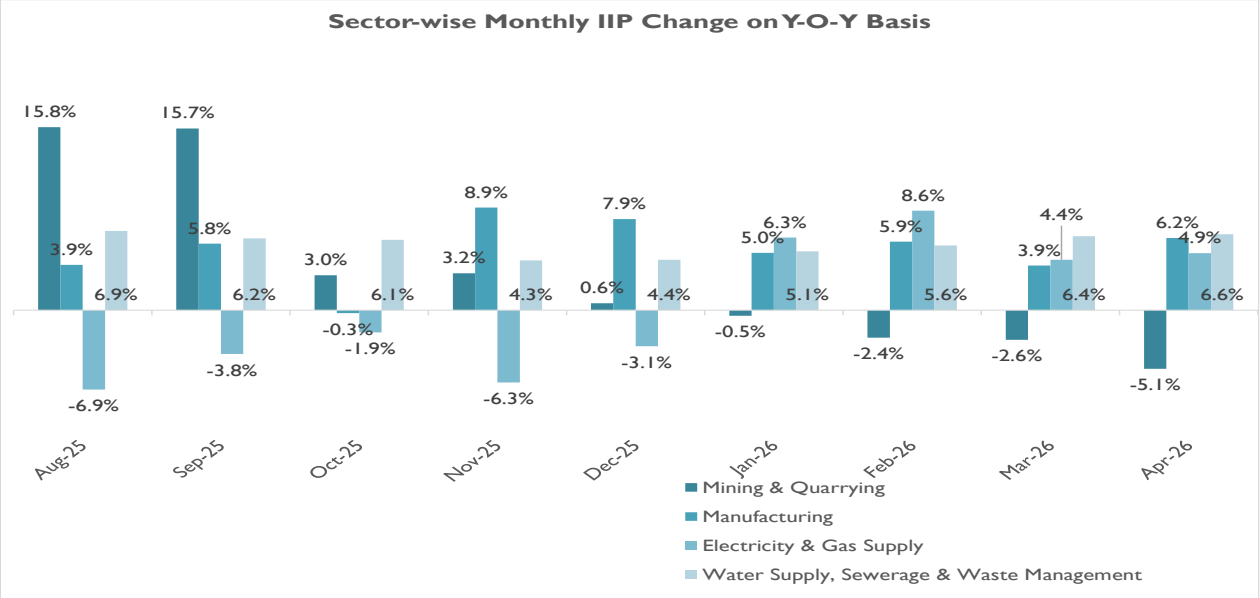

The services sector continued to be the main driver of economic growth. It expanded by 9.3% in FY 2026 from 7.9% in FY 2025. The services sector retained its position as the largest contributor to GVA, rising from 51.7% in FY 2024 to 52.0% in FY 2025, with a further increase to 52.7% in FY 2026.
The agriculture sector saw an acceleration in growth, increasing from 2.66% in FY 2024 to 4.18% in FY 2025, before moderating to 3.0% in FY 2026. However, its contribution to GVA declined marginally from 19.2% in FY 2024 to 17.8% in FY 2026. Overall, Gross Value Added (GVA) growth rose to 7.9% in FY 2026 from 7.3% in FY 2025.
Annual & Monthly IIP Growth

[2] https://www.mospi.gov.in/uploads/latestReleases/latest_release_1780655857536_5ac01869-ca4a-422d-b7a7-57b81da60932_Press_Note_on_GDP_Estimates_for_Q4_2025-26_and_PE_FY_2025-26_F.pdf

Industrial sector performance as measured by the IIP index exhibited moderation in FY 2026, recording a 4.3% y-o-y growth against 6.4% increase in the previous year. The manufacturing index showed moderation, increasing by 4.9% in FY 2026 compared with 6.3% in FY 2025. The Electricity & Gas Supply sector index also moderated, growing 1.1% in FY 2026 compared with 9.5% in the previous year. Water Supply, Sewerage & Waste Management also moderated by 6.4% in FY 2026 compared with 11.9% in the previous year, while the mining sector index grew by 3.7% in FY 2026 compared with 2.8% in the previous year.

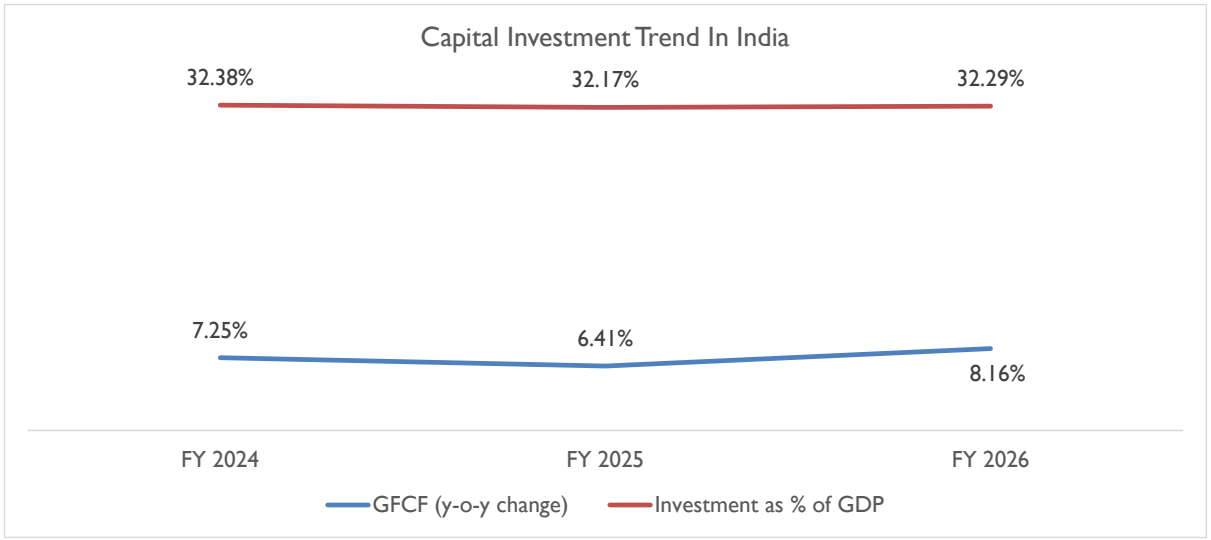

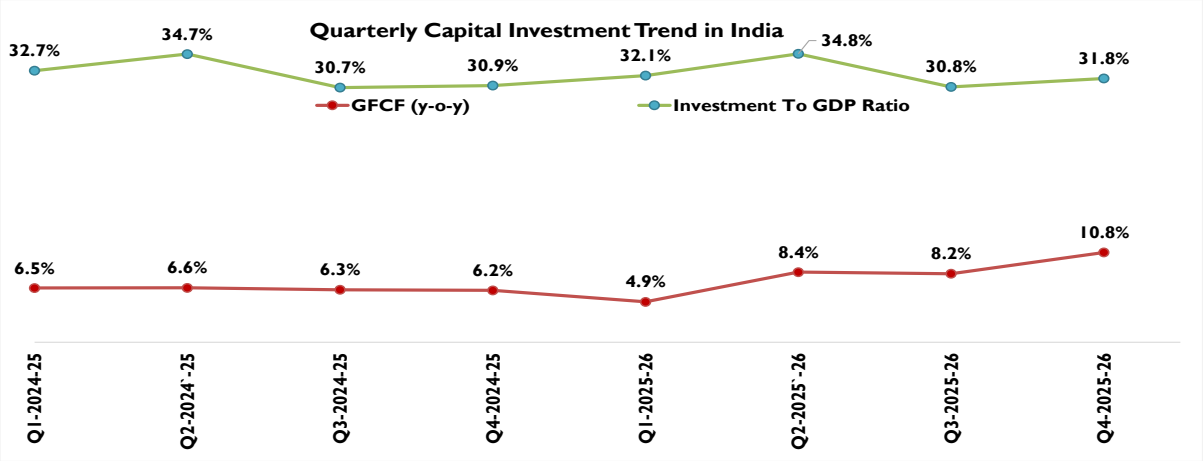

Source: Ministry of Statistics & Programme Implementation (MOSPI)

The IIP growth rate for the month of April 2026 is 4.9 percent as compared to April 2025. The growth rates of the Four sectors, Mining & Quarrying, Manufacturing, Electricity & Gas Supply and Water Supply, Sewerage & Waste Management for the month of April 2026 are (-)5.1 percent, 6.2 percent, 4.9 percent and 6.6 percent respectively

Annual and Quarterly: Investment & Consumption Scenario

Other major indicators, such as Gross Fixed Capital Formation (GFCF), a measure of investment, increased during FY 2026, registering 8.16% year-on-year growth compared with 6.41% in FY 2025, bringing the GFCF-to-GDP ratio to 32.29%.

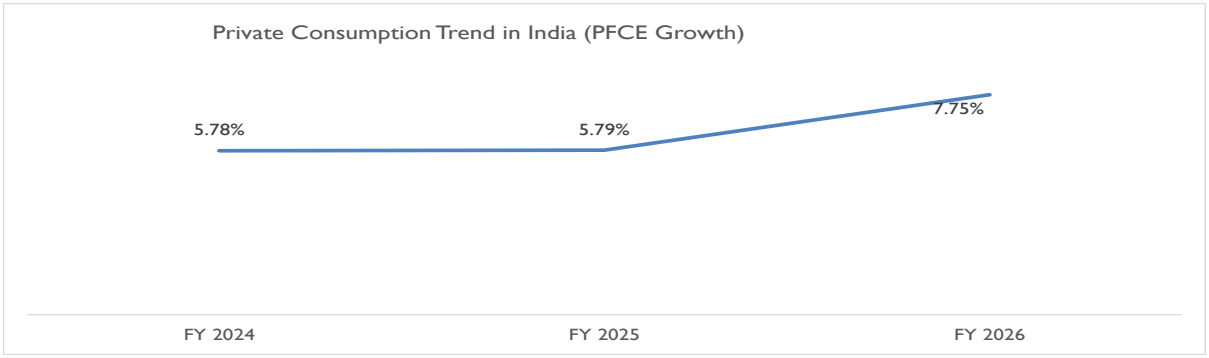

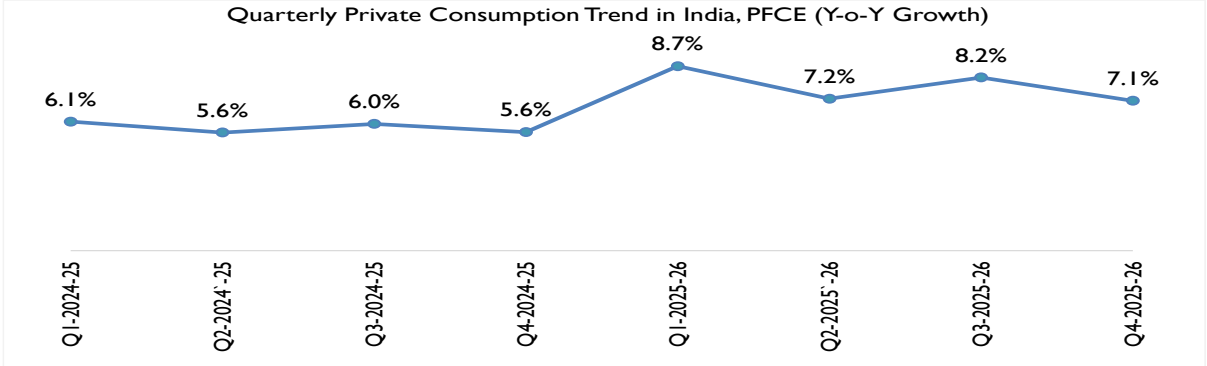

Source: Ministry of Statistics & Programme Implementation (MOSPI), CMIE Economics Outlook

On a quarterly basis, India's capital investment indicators reflect a healthy and improving investment environment, supported by sustained investment intensity and stronger capital formation in recent quarters. The Investment to GDP ratio remained consistently above 30% throughout the period, highlighting continued resilience in capital deployment. The ratio increased from 32.7% in Q1 FY 2024-25 to 34.7% in Q2, before moderating to 30.7% in Q3 and 30.9% in Q4. In FY 2025-26, the ratio improved again to 32.1% in Q1 and further strengthened to 34.8% in Q2, the highest level during the period, before remaining healthy at 30.8% in Q3 and 31.8% in Q4. This indicates that investment activity continued to remain robust despite normal quarterly variations.

GFCF (y-o-y) growth also points toward a positive investment trend, particularly in FY 2025-26. After remaining broadly stable during FY 2024-25, with growth ranging between 6.2% and 6.6%, GFCF growth accelerated meaningfully from 4.9% in Q1 FY 2025-26 to 8.4% in Q2 and 8.2% in Q3, before rising further to 10.8% in Q4. This strong improvement in the second half of FY 2025-26 suggests strengthening fixed capital formation and a revival in investment momentum. Overall, the data indicates that India's capital investment landscape remains on a positive trajectory, with sustained investment levels and improving GFCF growth reflecting stronger capital spending, better investment confidence, and continued support for economic growth.

Private Consumption Scenario

Sources: MOSPI, CMIE Economics Outlook

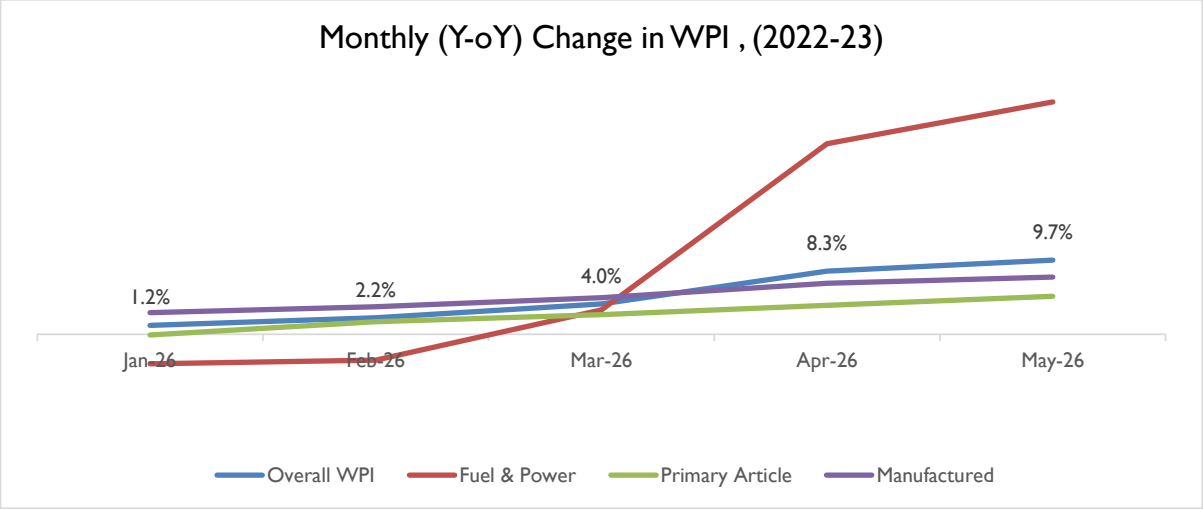

Private Final Consumption Expenditure (PFCE), a practical proxy for household spending, recorded growth in FY 2026 relative to FY 2025. PFCE recorded healthy growth in FY 2025-26 relative to FY 2024-25. However, quarterly PFCE growth moderated sequentially to 7.1% in Q4 FY 2025-26 from 8.2% in Q3 FY 2025-26

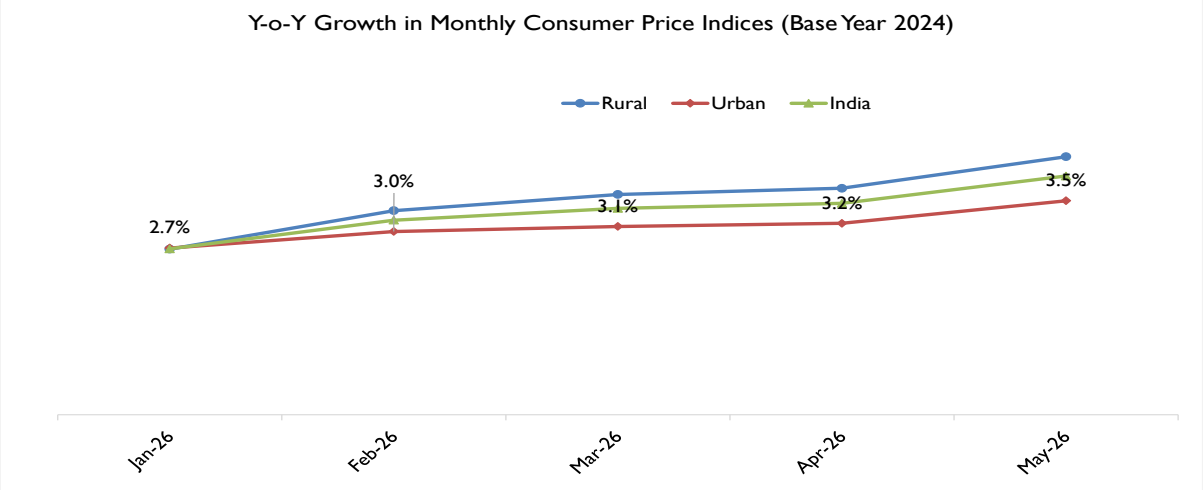

Inflation Scenario

The annual rate of inflation based on All India Wholesale Price Index (WPI) number is 3.88% (provisional) for the month of March 2026 (over March 2025). Positive rate of inflation in March 2026 is primarily due to increase in prices of crude petroleum & natural gas, other manufacturing, non-food articles, manufacture of basic metals and food articles etc.

All India Wholesale Price Index (WPI) inflation for May 2026 is 9.68 per cent on year-on-year (YoY) basis, compared to 8.26 per cent in April 2026. The index for All Commodities for May 2026 stands at 109.9, whereas it was 108.8 in April 2026. Across Groups, 'Mineral Oils (containing Petroleum Products)', 'Crude Petroleum and Natural Gas', 'Manufacture of Chemicals and Chemical Products', and 'Manufacture of Basic Metals', have been major drivers of WPI inflation in April and May 2026.

Across Major Groups, YoY inflation for Primary Articles, Fuel and Power, and Manufactured Products is 4.99 per cent, 30.33 per cent, and 7.48 per cent, respectively in May 2026, whereas it was 3.78 per cent, 24.89 per cent, and 6.68 per cent, respectively, in April 2026. The indices for Primary Articles, Fuel and Power, and Manufactured Products are 113.7, 113, and 107.8, respectively, in May 2026, whereas they were 112.6, 110.9, and 107, respectively, in April 2026.

With effect from January 2026, the National Statistics Office (NSO) introduced a revised CPI series with base year 2024=100, drawing revised item weights from the Household Consumption Expenditure Survey (HCES) 2023-24. Year-on-year inflation rate based on All India Consumer Price Index (CPI) with base year 2024 for the month of May, 2026 over

May, 2025 is 3.93%(Provisional). Corresponding inflation rates for rural and urban are 4.25% and 3.53%, respectively. On the monetary policy front, the RBI had cumulatively raised the repo rate by 250 basis points between May 2022 and February 2023, bringing it to 6.50%, where it was held steady through January 2025 to anchor inflationary expectations. With inflation moderating below target and growth requiring support, the RBI's Monetary Policy Committee (MPC) commenced an easing cycle in February 2025, delivering a cumulative 125 basis points of rate cuts through four reductions — 25 bps each in February 2025, April 2025, and December 2025, and a larger 50 bps cut in June 2025 — interspersed with pauses in August and October 2025. The repo rate currently stands at 5.25%, in June 2026.

Growth Outlook

The Union Budget 2026–27 sets out a quantitatively strong push to build resilient supply chains and develop next-generation industrial capacity. The record ₹12.2 trillion capital expenditure outlay is aimed at easing logistics bottlenecks and enhancing India's cost competitiveness. Employment measures extend across both urban and rural India in one sweep. In cities and large towns, capex is channelled into "connectors" such as the seven proposed high-speed rail corridors and upgraded Tier-2 and Tier-3 infrastructure, thereby creating construction, logistics, and service jobs while cutting commute times. In smaller towns and villages, job creation is expected to be supported by mega textile parks, the Mahatma Gandhi Gram Swaraj Initiative's push for khadi and handloom, training for tourist guides, and new waterways and coastal shipping. Together, these steps broaden the wage base instead of providing a short-term bump.
This domestic push is complemented by targeted measures to strengthen strategic supply chains. Dedicated rare earth corridors in Odisha, Kerala, Andhra Pradesh, and Tamil Nadu; customs exemptions for capital goods used in critical mineral processing and battery cells; and the India Semiconductor Mission 2.0 aim to pull manufacturing deeper into components and materials. If executed well, these measures could reduce import dependence in magnets, batteries, and chip inputs and lift the share of higher-productivity manufacturing jobs — thereby raising household incomes durably.

Alongside these domestic measures, India is also seeking to strengthen its external trade architecture through major trade agreements. The conclusion of the India–EU FTA negotiation marks a major strategic milestone, as it offers near-universal market access for 99.5% of India's exports by value and integrates India more deeply into a USD 24 trillion economic bloc. By providing duty-free entry for key labour-intensive sectors, expanding services access, and establishing a mobility framework for Indian professionals, the deal is expected to improve market access, support export competitiveness and high-value job creation. It is likely to promote a predictable, rules-based environment for long-term trade and investment flows.

In a similar vein, India–Oman Comprehensive Economic Partnership Agreement (CEPA)[3] has been framed as a comprehensive arrangement covering trade in goods and services, investment, professional mobility, and regulatory cooperation, with the objective of strengthening bilateral economic integration between India and Oman. Bilateral trade between the two countries stood at USD 10.61 billion in FY 2024–25, providing the economic basis for the agreement. Under the CEPA, India has secured 100% duty-free market access in Oman across 98.08% of tariff lines, covering 99.38% of India's export value, thereby improving export competitiveness across sectors such as engineering goods, pharmaceuticals, agriculture and processed food, electronics, textiles, plastics, and gems and jewellery. At the same time, India has adopted a calibrated liberalisation approach by offering tariff concessions on 77.79% of its tariff lines, covering 94.81% of imports from Oman by value, while retaining safeguards for sensitive domestic sectors. The agreement also

The Comprehensive Economic Partnership Agreement (CEPA) between India and Oman marks a meaningful step forward in the economic relationship between the two countries. The agreement brings together trade in goods and services, investment, professional mobility, and regulatory cooperation under a single, coherent framework aimed at deepening bilateral economic integration.

provides gains in services, with Oman undertaking commitments across 127 services sub-sectors, alongside improved provisions for professional mobility, including an increase in the Intra-Corporate Transferee ceiling from 20% to 50% and commitments for a defined category of Indian professionals. Overall, the CEPA is presented as a framework intended to support trade expansion, improve market access, and strengthen long-term economic cooperation between India and Oman. However, these gains remain exposed to external geopolitical risks. The escalation of the Middle East crisis represents an external shock for India, transmitted primarily through energy markets, logistics, and trade-linked business exposure. The Gulf–Levant 11[4] (GL 11) economies account for around 15% of India's merchandise exports and 21% of its imports, with trade concentrated in high-value categories such as mineral fuels, precious metals, and electronics; disruptions in this region therefore have an outsized impact despite its modest share of global GDP.

Export exposure is unevenly distributed across India, with risks concentrated in specific districts that serve as production hubs. Discretionary exporters, such as gems and jewellery firms in the districts of Surat, Jaipur, and Mumbai; apparel manufacturers in Tiruppur; automotive producers in Ahmedabad; and electronics assemblers in Kanchipuram and Kolar, are vulnerable to demand slowdown and order deferrals in Gulf markets.

At the same time, Perishable agricultural exporters, including grapes from Nashik, bananas from Solapur, and bovine meat from Ghaziabad, face acute risks from shipping delays and logistics disruptions. Dun & Bradstreet data show that over 4,500 Indian exporters and around 1,800 importers relied on the Strait of Hormuz trade route in 2025, exposing them to working capital stress, payment delays, and production interruptions, while, for import-dependent industries, delays in critical inputs raise the risk of temporary shutdowns and sustained energy price volatility amplifies margin pressure across manufacturing and services.

Key Growth/Demographic Drivers for Economic Growth

Government focus on infrastructure development

The infrastructure sector has received a strong boost in Budget FY'27, marked by a record INR 12.2 trn[5] public capital expenditure allocation, reinforcing the government's focus on making assets more efficient and sustainable. The introduction of the landmark Infrastructure Risk Guarantee Fund aims to provide partial credit guarantees to lenders and revitalise private sector participation in large-scale projects. By lowering project risk premiums and easing borrowing costs, this mechanism is likely to help crowd in private capital and accelerate construction phase financing across the sector. The transport and logistics sector, in particular, will buoy infrastructure growth. Railways have received a substantial boost in allocation, which will help support the planned development of seven new high-speed rail corridors and a Dankuni-Surat DFC[6], which aims to cut logistics costs and improve national connectivity. Moreover, the rollout of 20 new National Waterways, new ship repair hubs and a scheme to double the share of coastal and inland water transport from 6.0% to 12.0% by 2047[7] will together build a greener, more efficient multimodal freight network. Urban transformation continues through targeted development of Tier-2 and Tier-3 cities – with populations over 0.5mn – alongside the creation of City Economic Regions, each supported by multi-year, challenge-based financing to establish new growth hubs and reduce pressure on metros. A broader ecosystem of reforms strengthens medium-term sector prospects. The government aims to scale domestic construction and infrastructure equipment manufacturing, reducing import dependence and improving execution capability in tunnelling, metro construction and road building machinery. The monetisation of CPSE assets will be accelerated through dedicated REIT[8] structures, helping unlock liquidity for redevelopment and new project pipelines. Additional support flows through region-specific initiatives, such as industrial corridor expansion, and tourism development in cultural and Buddhist heritage zones will further reinforce construction demand.

Together, these measures will strengthen India's infrastructure ecosystem through higher public investment, improved risk mitigation tools and wider multimodal connectivity – creating a constructive environment for sustained growth in construction, logistics and urban development.

Development of Domestic Manufacturing Capability

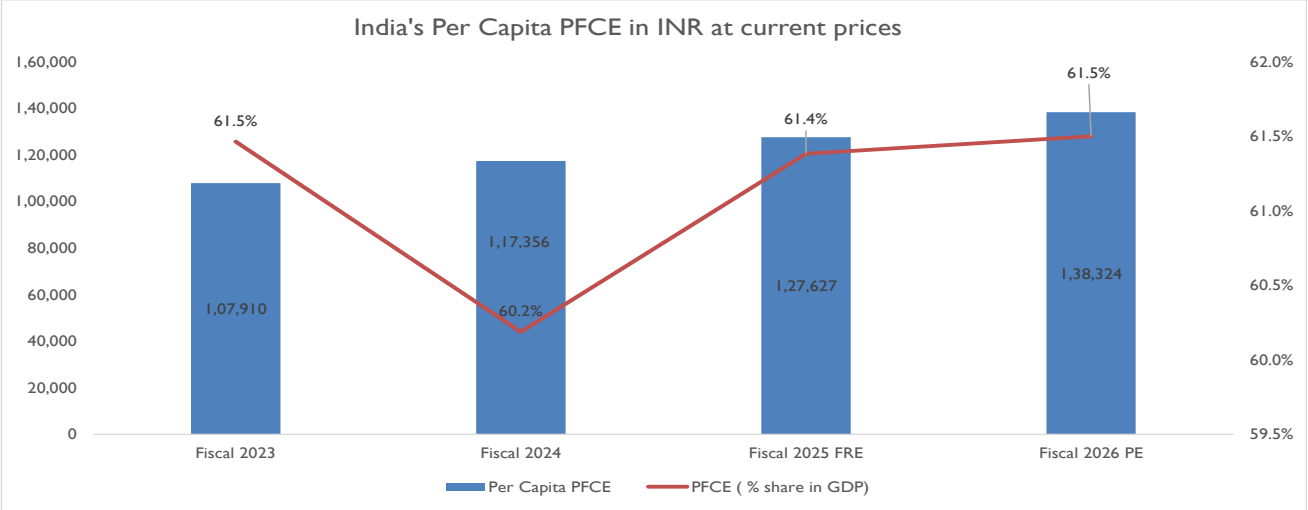

The Government launched the Production Linked Incentive (PLI) scheme in early 2020, initially aimed at improving domestic manufacturing capability in large-scale electronic manufacturing and gradually extended to other sectors. At present it covers 14 sectors, ranging from medical devices to solar PV modules. The PLI scheme provides incentives to companies on incremental sales of products manufactured in India. This incentive structure is aimed at attracting private investment into setting up manufacturing units and thereby strengthening domestic production capabilities. The overall incentive outlay earmarked for the PLI scheme is estimated to be INR 2 trillion. If fully realised, the PLI scheme could add nearly 4% to annual GDP growth, by way of incremental revenue generated from the newly formed manufacturing units.

Strong Domestic Demand

Domestic demand has traditionally been one of the key drivers of the Indian economy. After a brief lull caused by the Covid-19, domestic demand is recovering. Consumer Confidence surveys by the Reserve Bank and other institutions point to an improvement in the Consumer Confidence Index, which is a precursor of improving demand. India has a strong middle-class segment, which has been the major driver of domestic demand. Factors like fast paced urbanization and improving income scenario in rural markets are expected to accelerate domestic demand further. This revival is reflecting in the private final consumption expenditure (PFCE) metric.

India's per capita Private Final Consumption Expenditure (PFCE) at current prices has shown a consistent upward trend, indicating steady improvement in household consumption levels over the years. Per capita PFCE increased from INR 1,07,910 in Fiscal 2023 to INR 1,17,356 in Fiscal 2024, and further rose to INR 1,27,627 in Fiscal 2025 FRE. It is estimated to increase further to INR 1,38,324 in Fiscal 2026 FE, reflecting continued growth in consumer spending and improving consumption capacity.

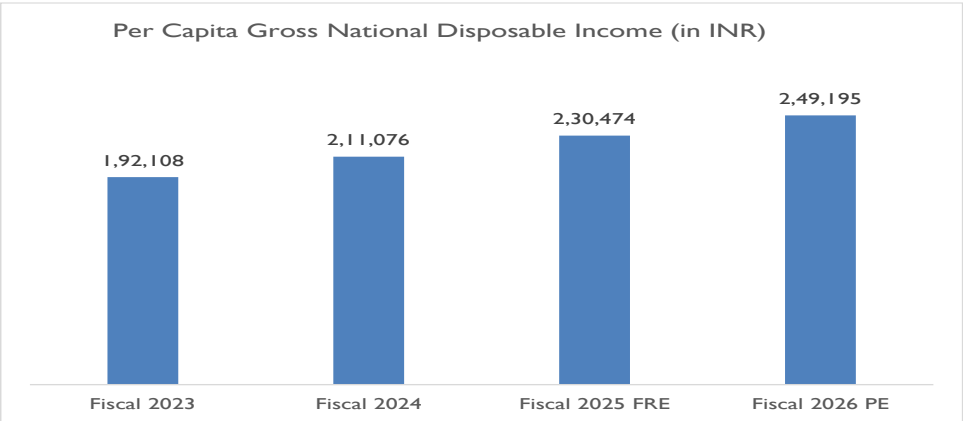

PFCE as a share of GDP also remained healthy during the period, broadly staying above 60%. The share stood at 61.5% in Fiscal 2023, moderated to 60.2% in Fiscal 2024, before recovering to 61.4% in Fiscal 2025 FRE and further improving to 61.5% in Fiscal 2026 FE. This indicates that private consumption continues to remain a key driver of India's economic growth. Overall, the steady increase in per capita PFCE, along with a stable PFCE share in GDP, reflects resilient household demand and sustained consumption momentum in the economy.

There are two factors driving this domestic demand: first, the large pool of consumers; and second, the improvement in purchasing power.

- The share of middle class increased from nearly 14% in 2005 to nearly 30% in 2021 and is expected to cross 60% by 20470F0F0F0F[9]. This expanding middle class household segment is fuelling India's growth story and would continue to play a key role in propelling India's economic growth.
- Consumer-driven domestic demand is majorly fuelled by this growth in per capita income. As per National Statistics Office (NSO), India's per capita Gross National Disposable Income (GNDI) has shown a steady upward trend, reflecting improvement in overall income levels and disposable income capacity. Per capita GNDI increased from INR 1,92,108 in Fiscal 2023 to INR 2,11,076 in Fiscal 2024 and further rose to INR 2,30,474 in Fiscal 2025 FRE. It is estimated to increase further to INR 2,49,195 in Fiscal 2026 PE, indicating continued growth in income levels across the economy. The consistent rise in per capita GNDI highlights strengthening purchasing power and improving household income conditions, which can support consumption demand going forward. Overall, the trend reflects a positive income environment, with rising disposable income expected to contribute to sustained private consumption and broader economic growth.

India's Per Capita GDP Trends

India is poised to become the world's third-largest economy with a projected GDP of USD 5 trillion within the next three years, driven by ongoing reforms. As one of the fastest-growing major economies, India currently holds the position of the fifth-largest economy globally, following the US, China, Japan, and Germany. By 2027-28, it is anticipated that India will surpass both Germany and Japan, reaching the third-largest spot. This growth is bolstered by a surge in foreign investments and a wave of new trade agreements with India's burgeoning market of 1.4 billion people. The aviation industry is witnessing unprecedented orders, global electronics manufacturers are expanding their production capabilities, and suppliers traditionally concentrated in southern China's manufacturing hubs are now shifting towards India.
To achieve its vision of becoming the world's third-largest economy by 2027-28, India will need to implement transformative industrial and governmental policies. These policies will be crucial for sustaining the consistent growth of the nation's per capita GDP over the long term.

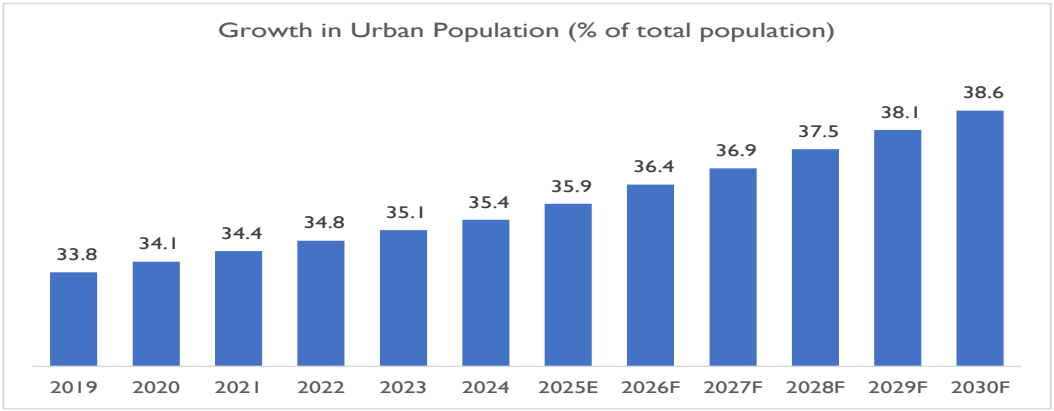

Source: IMF

From CY 2024 to CY 2031, India's per capita GDP is projected to grow at a compound annual growth rate of 7.9%. This growth will be driven by the service sector, which now accounts for over 50% of India's GDP, marking a significant shift from agriculture to services.

Increasing Urbanization

As per the Handbook of Urban Statistics 2022, India's urban population has been on a steady rise. Urban dwellers accounted for over 469 million in 2021 and are projected to rise to over 558 million by 2031 and further exceed 600 million by 2036.

Source: World Bank,1F1F[10] Dun & Bradstreet Research and Estimates

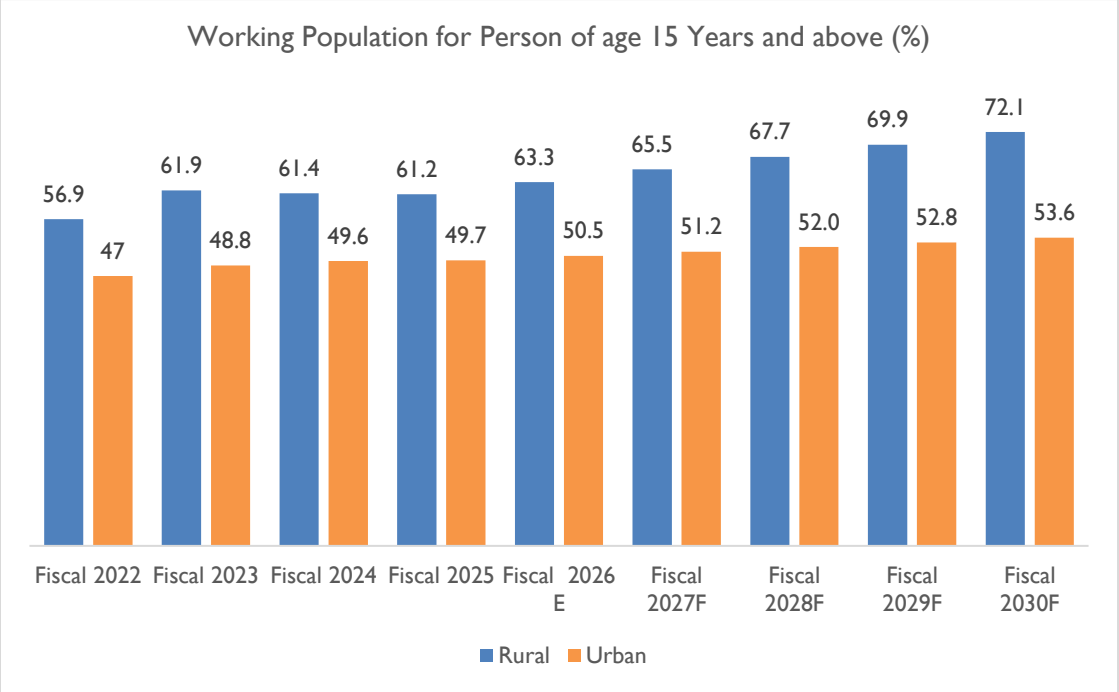

[10]https://data.worldbank.org/indicator/SP.URB.TOTL.IN.ZS?end=2022&locations=IN&skipRedirection=true&start=1960&view=chart

The share of urban population in total population has been rising steadily. In 2019, 33.81% of the total population was urban. By 2025, it had reached 35.9%, showing an increase over a span of five years of about 2.10%. The share of urban population is further forecasted to cross 38.6% by 2030. This increase in urban population is set to demand drastic changes in infrastructure development. Cities are a major driver for the construction industry. With cities expanding rapidly, there will be an increased need for improved housing, water supply, sewage systems, and electricity. Urban planning will need to account for higher population densities, necessitating the development of smart cities with integrated technology for efficient management of resources and services. The Smart Cities Mission targeted at 100 cities is aimed at improving the quality of life through modernised, technology-driven urban planning. This transformation will also require significant investment in public health, education, and recreational facilities to enhance the quality of urban living. The surge in urban population will also propel demand for improvement in multimodal transport infrastructure for freight and passenger travel requirements.

Rural vs. Urban Working Population by Age Group

As India continues to experience economic growth and development, the working population in both rural and urban areas is increasing. In the case of the urban population, this growth is reflected in the increase from a share of 47% in FY22 to 49.7% in FY25, whereas in rural areas, it grew from 56.9% in FY22 to 61.2% in FY25.

This growth is driven by a combination of factors, including demographic changes, economic policies, and the expansion of various industries. The rise in employment opportunities across sectors such as agriculture, manufacturing, services, and information technology has contributed to the overall increase in the working population, thereby fostering economic stability and enhancing the standard of living for many Indians.

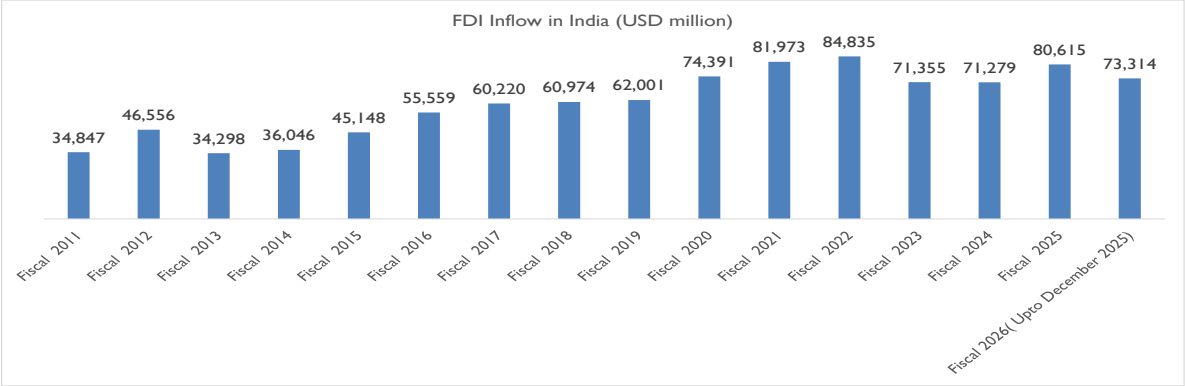

Source: Periodic Labour Force Survey (PLFS) Annual Report, Dun & Bradstreet Research and Estimates
Note: 2025 refers to the period January 2025 – December 2025 and likewise for 2024, 2023 and 2022

In urban areas, the working population is growing rapidly due to the proliferation of jobs in sectors like IT, finance, retail, and healthcare. Additionally, the development of infrastructure, such as improved transportation networks and housing, has made urban centers more accessible and desirable for the working population. In rural areas, the working population remains substantial, primarily due to the dominance of the agricultural sector. Government initiatives aimed at rural development, such as improved access to education and skill development programs, have also played a crucial role in enhancing employment prospects in these regions.
The dominance of the rural working population over its urban counterpart can be attributed to the labour-intensive nature of the agricultural sector, which ensures a consistent demand for human labor despite advancements in mechanization, sustaining employment rates in rural areas.

Foreign Direct Investment Trend in India

FDI inflows in India observed a steady increase from FY 2013 to FY 2022 while it witnessed a decline of 15% in FY 2023 and a decline of 0.1% in FY 2024 due to several factors, including the ongoing conflict between Russia and Ukraine, changes in US monetary policy, and other global uncertainties. However, the country has received substantial FDI inflows from April 2000 to December 2024. This increasing FDI can be attributed to the new investment facilitation measures like the National Single-Window System (NSWS), which streamlines the approval and clearance process for investors, entrepreneurs, and businesses, along with sectoral measures and PLI schemes, supporting growth prospects in tier-2 and tier-3 cities. Further, tax compliance for startups and foreign investors has been simplified and the Income Tax Act, 1961, was amended in 2024 to abolish angel tax and to reduce income tax rate chargeable on income of a foreign company.

2. Overview

The structural maintenance services industry plays a critical role in preserving the safety, durability, and operational efficiency of industrial and infrastructure assets across India. These services include structural inspection, repair, rehabilitation, retrofitting, corrosion protection, industrial coating, and lifecycle asset management for facilities such as manufacturing plants, refineries, power plants, bridges, ports, warehouses, and commercial buildings. As infrastructure assets continue to age and industrial operations become increasingly asset-intensive, structural maintenance has evolved from a reactive repair activity into a proactive lifecycle management strategy focused on improving operational reliability and extending infrastructure life.

India's rapidly growing infrastructure and construction sector is significantly driving demand for structural maintenance services. According to Invest India, the construction sector contributes nearly 8% to India's GDP and is valued at approximately USD 126 billion, supported by large-scale investments in transportation, energy, logistics, urban infrastructure, and industrial development[11]. In addition, the Government of India's continued focus on infrastructure expansion through initiatives such as the National Infrastructure Pipeline (NIP), PM Gati Shakti, and Smart Cities Mission is creating long-term opportunities for inspection, rehabilitation, strengthening, and maintenance of critical infrastructure assets.

The industry is also witnessing increasing adoption of advanced technologies such as Non-Destructive Testing (NDT), Structural Health Monitoring (SHM), drones, IoT-enabled monitoring systems, Digital Twin technology, and predictive maintenance platforms. These technologies enable early detection of structural deterioration, improve maintenance planning, reduce operational downtime, and optimize lifecycle maintenance costs. With India expected to become one of the world's largest infrastructure and construction markets over the coming years, demand for specialized structural maintenance and rehabilitation services is expected to grow steadily across industrial and infrastructure sectors.

Key Services in the Structural Maintenance Industry

The structural maintenance services industry plays a vital role in maintaining the safety, durability, and operational efficiency of industrial and infrastructure assets. The industry includes services such as structural repair, strengthening, rehabilitation, industrial coating, fabrication, and maintenance activities for existing structures and facilities. Growing industrialization, aging infrastructure, and increasing focus on preventive maintenance are driving the demand for structural maintenance services across India. These services help extend asset life, improve structural performance, and reduce long-term operational and repair costs.

- **Structural Fabrication & Erection**
  Structural fabrication and erection services involve the manufacturing, assembly, and installation of steel structures used in industrial and infrastructure projects. These structures include platforms, pipe racks, sheds, support systems, staircases, and heavy structural frameworks. The service ensures structural stability, load-bearing capability, and safe installation at project sites. It is widely used in power plants, manufacturing facilities, refineries, and commercial infrastructure projects.
- **Concrete Repair & Structural Rehabilitation**
  Concrete repair and structural rehabilitation services focus on restoring damaged or deteriorated concrete structures caused by aging, corrosion, cracking, chemical exposure, or water ingress. The process includes crack injection, micro-concreting, grouting, jacketing, and surface restoration techniques. These services help improve structural integrity, durability, and operational safety while extending the life of existing assets. They are commonly used in bridges, buildings, industrial plants, and marine structures.
- **Structural Strengthening & Retrofit**
  Structural strengthening and retrofit services are carried out to enhance the load-carrying capacity and overall performance of existing structures. Various techniques such as steel jacketing, FRP wrapping, section enlargement, and external reinforcement systems are used depending on the structural condition. These solutions help structures comply with updated design and safety standards without complete reconstruction. The service is critical for aging infrastructure, industrial facilities, and seismic-prone regions.
- **Corrosion Protection & Industrial Coating**
  Corrosion protection and industrial coating services are designed to protect steel and concrete structures from environmental deterioration, chemical attack, and moisture exposure. The process includes surface preparation, anti-corrosion coating application, epoxy systems, and industrial painting solutions. These services improve asset durability, reduce maintenance costs, and enhance operational reliability. They are extensively used in industrial plants, pipelines, storage tanks, marine facilities, and heavy infrastructure projects.
- **Mechanical Operation & Maintenance**
  Mechanical operation and maintenance services ensure the efficient functioning and reliability of industrial equipment, machinery, and support systems. The service includes preventive maintenance, shutdown maintenance, equipment inspection, repair, and operational support activities. Regular maintenance helps minimize equipment downtime, improve productivity, and enhance workplace safety. These services are widely required in power plants, manufacturing units, refineries, and process industries.
- **Pipeline Erection & Maintenance**
  Pipeline erection and maintenance services involve the fabrication, installation, alignment, inspection, and repair of industrial piping systems. These pipelines are used for the transportation of water, chemicals, gas, steam, and industrial fluids across facilities and infrastructure networks. Proper pipeline maintenance ensures operational efficiency, leak prevention, and long-term reliability of industrial operations. The service is essential for oil & gas, chemical, power, and manufacturing industries.
- **Scaffolding Supply & Erection**
  Scaffolding supply and erection services provide temporary access platforms and support systems required during maintenance, repair, construction, and industrial shutdown activities. The service includes scaffold design, installation, dismantling, and safety compliance management. Proper scaffolding systems improve worker accessibility, operational efficiency, and workplace safety during high-elevation or confined-space activities. These services are critical across industrial plants, infrastructure projects, and maintenance operations.
- **Structural Inspection, Testing & Condition Assessment**
  Structural inspection, testing, and condition assessment services are conducted to evaluate the safety, durability, and performance of existing structures. The process includes visual inspections, non-destructive testing (NDT), structural audits, load testing, and material evaluation techniques. These assessments help identify defects, deterioration, corrosion, and structural weaknesses before major failures occur. The service supports maintenance planning, rehabilitation strategies, and regulatory compliance for critical infrastructure assets.

3. Market Scenario

a. Indian construction industry

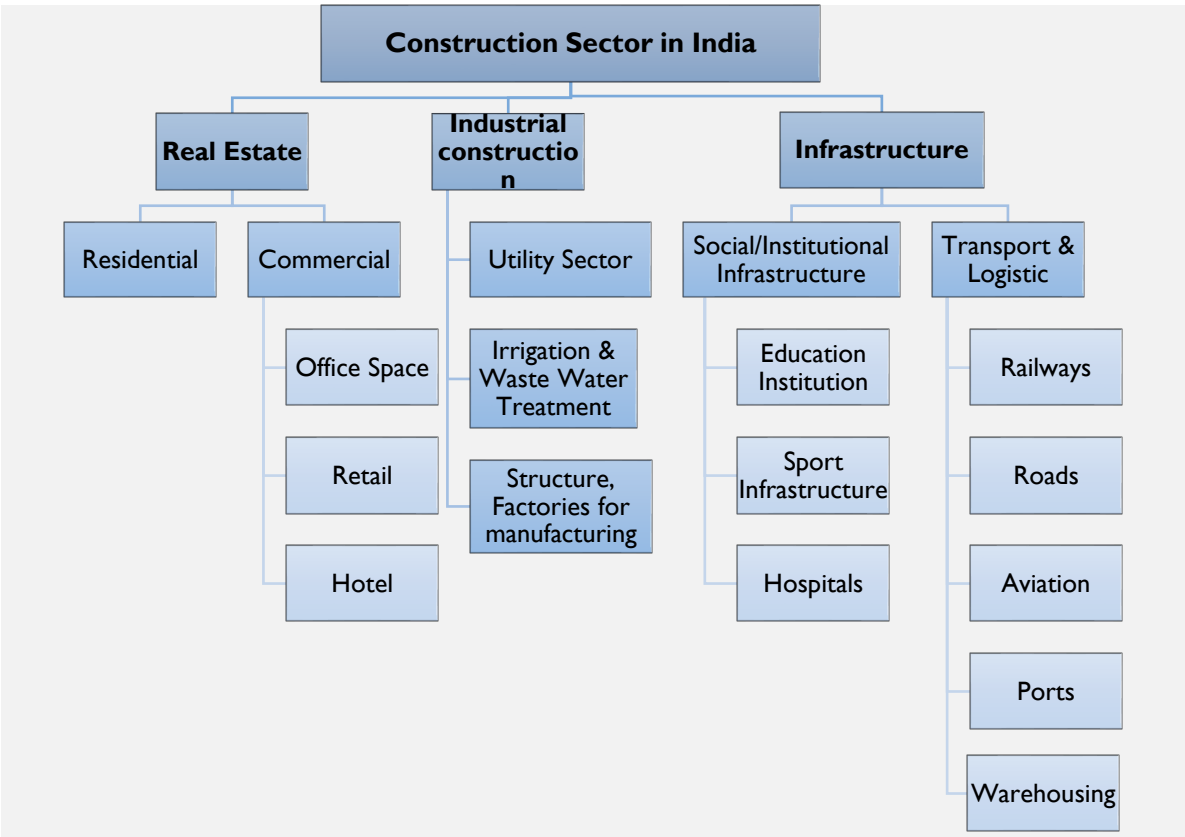

The construction sector encompasses a broad range of activities involved in the planning, design, development, and maintenance of residential, commercial, industrial, and infrastructure assets, including roads, railways, airports, ports, power plants, water supply systems, and urban infrastructure. It serves as a critical enabler of economic growth by creating the physical infrastructure required for industrialization, urbanization, logistics, and public services. The sector also has strong backward and forward linkages with over 250 allied industries, including cement, steel, paints, electrical equipment,

construction materials, and heavy machinery, making it one of the most significant contributors to India's economic development.

The Indian construction sector continues to witness strong growth, supported by sustained government investments in infrastructure, rapid urbanization, industrial expansion, and rising private sector participation. Flagship initiatives such as PM Gati Shakti, the National Infrastructure Pipeline (NIP), Smart Cities Mission, Pradhan Mantri Awas Yojana (PMAY), and industrial corridor development are driving demand across residential, commercial, industrial, and infrastructure construction. In addition, increasing investments in logistics parks, data centres, renewable energy projects, metro rail networks, airports, and manufacturing facilities are further strengthening the sector's long-term growth prospects.
The construction sector accounted for approximately 12.0% of total employment in India in 2025,[12] underscoring its vital role in supporting livelihoods and economic development across the country. Employment is expected to grow steadily, driven by continued investments in transport infrastructure, affordable housing, industrial corridors, metro rail systems, airports, logistics parks, warehousing, and manufacturing facilities. The sector also generates a strong multiplier effect by stimulating demand across allied industries such as cement, steel, construction equipment, engineering services, electrical products, and transportation, reinforcing its importance in India's overall economic and industrial development.

Market Segment of Indian Construction Industry

Construction sector is one of the major segments that drives an economy. Construction projects are often categorized based on their scale, the types of structures being built, and the purpose of the project.
The sector is broadly divided into real estate, industrial, and infrastructure development. Real estate includes residential, commercial, retail, and hospitality projects that meet the growing demand for living and business spaces. Industrial construction focuses on manufacturing facilities and utility projects, such as irrigation and wastewater treatment, which support economic activities. Furthermore, according to the "Harmonized Master List of Infrastructure Sub-sectors" published by the Ministry of Finance, Infrastructure segment is segmented as transport and logistics segment and Social and Commercial Infrastructure. Together, these sectors contribute significantly to economic growth and enhance the quality of life across the nation.

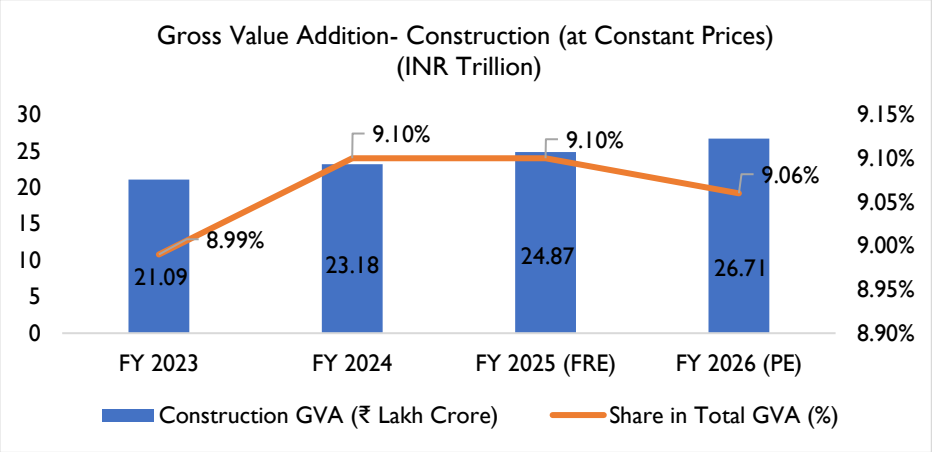

i. Construction Sector Contribution to GVA

[12] https://www.mospi.gov.in/uploads/publications_reports/publications_reports1780040415321_0624fb13-fb47-40bc-b470-7c7e9635c3ef_PLFS_2025_F_REV_29052026.pdf?utm

The construction sector has maintained robust growth over the past four years, reflecting sustained public infrastructure investment and rising private sector participation. According to the Provisional Estimates of National Accounts (Base Year: 2022–23) released by MoSPI, the sector's GVA increased from INR 21.09 lakh crore in FY 2023 to INR 23.18 lakh crore in FY 2024, INR 24.87 lakh crore in FY 2025 (First Revised Estimates), and INR 26.71 lakh crore in FY 2026 (Provisional Estimates) at constant prices.

The sector recorded 9.9% growth in FY 2024, followed by 7.3% in FY 2025 and 7.4% in FY 2026. Despite moderation from the exceptionally high post-pandemic growth rates, construction continues to be among the fastest-growing sectors within the secondary economy. Continued government investment through initiatives such as PM Gati Shakti, the National Infrastructure Pipeline (NIP), industrial corridors, highways, metro rail, airports, logistics infrastructure, renewable energy projects, and manufacturing expansion is expected to sustain strong construction activity over the medium to long term.

Infrastructure Investments and FDI Inflows Supporting Construction Growth in India

The growth of India's construction industry continues to be supported by increasing government expenditure on infrastructure development. Infrastructure has remained a priority sector for the Government of India owing to its strong multiplier effect on economic growth, industrial expansion, employment generation, and logistics efficiency. Over the years, the government has introduced multiple policy reforms and investment-enabling measures to encourage private and foreign participation in the sector. India currently permits up to 100% Foreign Direct Investment (FDI) under the automatic route across most infrastructure and construction-related activities, subject to applicable regulations and sectoral conditions. The liberalized investment framework, coupled with rapid industrialization and large-scale infrastructure development, has strengthened India's position as an attractive investment destination.

Reflecting this trend, the construction and infrastructure segments continue to witness steady foreign investment inflows. In FY 2026, FDI inflows into "Construction Development – Townships, Housing, Built-up Infrastructure and Construction Development Projects" stood at INR 36.51 billion, while "Construction (Infrastructure) Activities" attracted INR 226.46 billion. Collectively, the two segments received total FDI inflows of approximately INR 262.97 billion during the year, indicating continued investor confidence in India's infrastructure and construction ecosystem.

On a cumulative basis, between April 2000 and March 2026, construction development activities attracted FDI inflows amounting to INR 1,394.75 billion, while construction infrastructure activities accounted for INR 2,811.62 billion. Together, the segments cumulatively received foreign investments worth INR 4,206.37 billion, highlighting the long-term investment potential and sustained capital deployment across India's infrastructure and construction landscape.

b. Insight on industrial construction landscape in India

India's industrial construction sector is emerging as a key pillar of the country's manufacturing and industrial growth, driven by increasing investments in production facilities and industrial infrastructure. The sector encompasses the development of factories, processing plants, warehouses, logistics parks, industrial estates, data centres, utilities, and supporting infrastructure required for manufacturing and supply chain operations. Rising industrialization, improving ease of doing business, and expanding domestic manufacturing capacity continue to create strong demand for industrial construction across the country.

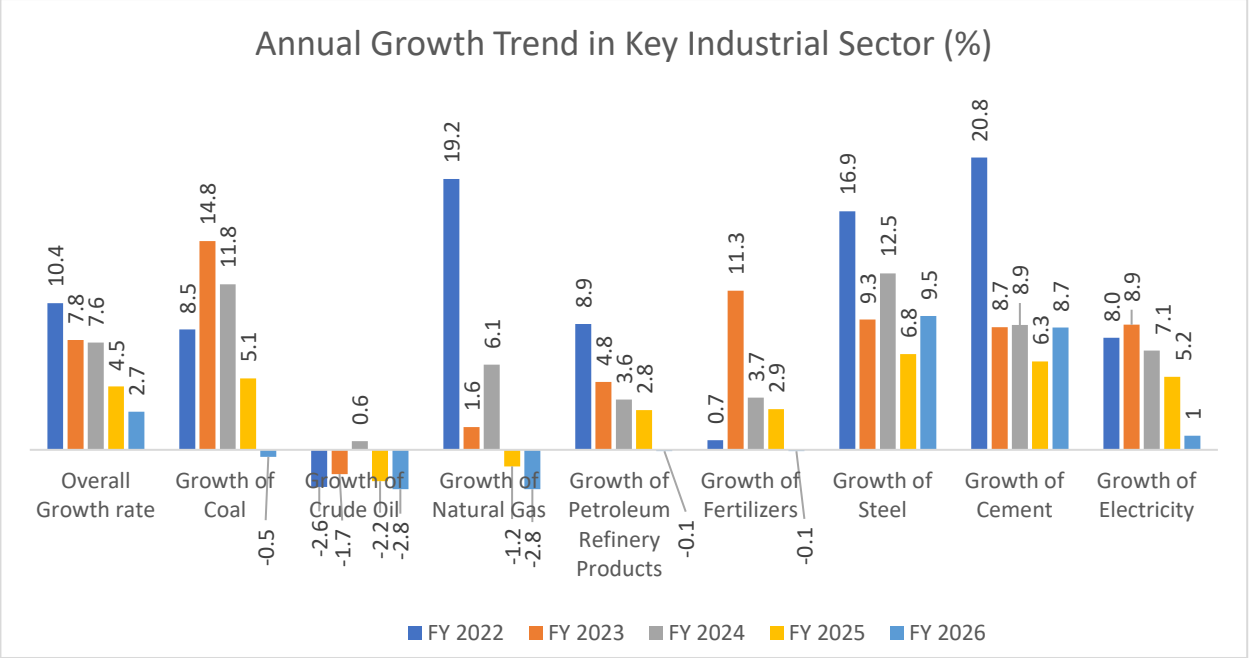

Investment activity is gaining momentum across high-growth sectors such as electronics, semiconductors, electric vehicles, pharmaceuticals, chemicals, renewable energy, defence manufacturing, food processing, and data centres. At the same time, the expansion of industrial corridors, integrated manufacturing clusters, and modern logistics infrastructure is encouraging the development of large-scale industrial facilities. The growing demand for Grade-A industrial buildings, automated warehouses, and specialized manufacturing plants is also driving adoption of advanced construction technologies and sustainable building practices.

Looking ahead, India's industrial construction sector is expected to maintain a positive growth trajectory, supported by expanding manufacturing capacity, increasing domestic and foreign investments, and global supply chain diversification under the **China+1** strategy. The continued development of plug-and-play industrial parks, smart manufacturing ecosystems, and modern industrial infrastructure is expected to create significant opportunities for engineering, procurement, and construction (EPC) companies, industrial developers, and infrastructure contractors over the medium to long term.

i. Growth Trend in Key Industrial Sector

India's eight core industries have shown resilient growth over the last five years despite global economic uncertainties. Following a strong post-pandemic recovery of **10.4% in FY 2022**, overall core sector growth moderated to **7.8% in FY 2023**, **7.6% in FY 2024**, and **4.5% in FY 2025**, reflecting a normalization in industrial activity. During **FY 2026**, cumulative growth further moderated to **2.7%**, mainly due to weaker performance in energy-related sectors such as crude oil, natural gas, and refinery products. Nevertheless, robust growth in steel and cement continued to support industrial and infrastructure development, demonstrating the resilience of India's industrial economy and sustained investment in construction-led growth.

Sector-wise Analysis

- **Coal:** Coal production recorded a robust recovery following the pandemic, supported by increasing power demand and government initiatives to enhance domestic production. Growth accelerated from 8.5% in FY 2022 to 14.8% in FY 2023 and remained strong at 11.8% in FY 2024, before moderating to 5.1% in FY 2025. In FY 2026, the sector registered a marginal contraction of 0.5%, reflecting a high base effect and moderation in production growth.
- **Crude Oil:** The crude oil sector continued to face structural challenges due to maturing oil fields and declining domestic production. Output remained under pressure throughout the period, with growth at -1.7% in FY 2023, improving slightly to 0.6% in FY 2024, before declining to -2.2% in FY 2025 and -2.8% in FY 2026. Increasing domestic exploration remains a key policy priority.
- **Natural Gas:** Natural gas production showed mixed performance during the review period. After a strong rebound of 19.2% in FY 2022, growth moderated to 1.6% in FY 2023 and improved to 6.1% in FY 2024. However, production declined by -1.2% in FY 2025 and -2.8% in FY 2026, reflecting lower output from mature gas fields despite growing domestic demand.
- **Refinery Products:** The refinery products sector remained relatively stable after recovering from the pandemic. Growth stood at 4.8% in FY 2023 and moderated to 3.6% in FY 2024, followed by 2.8% in FY 2025. In FY 2026, the sector witnessed a marginal contraction of -0.1%, reflecting softer fuel demand and operational maintenance activities.
- **Fertilizers:** The fertilizer sector continued to benefit from sustained government support for agriculture and food security. Growth increased sharply to 11.3% in FY 2023, before moderating to 3.7% in FY 2024 and 2.9% in FY 2025. In FY 2026, production remained largely stable with a marginal decline of -0.1%.
- **Steel:** Steel remained one of the strongest-performing core industries during the period. Growth remained robust at 16.9% in FY 2022, followed by 9.3% in FY 2023, 12.5% in FY 2024, and 6.8% in FY 2025. In FY 2026, growth accelerated to 9.5%, supported by strong infrastructure investments, railway projects, commercial construction, and manufacturing expansion.
- **Cement:** The cement sector maintained healthy growth, supported by sustained infrastructure spending and housing demand. After recording 20.8% growth in FY 2022, growth moderated to 8.7% in FY 2023 and 8.9% in FY 2024, followed by 6.3% in FY 2025. The sector strengthened further with 8.7% growth in FY 2026, reflecting continued momentum in construction and public infrastructure projects.
- **Electricity:** Electricity generation remained resilient, supported by increasing industrial activity and rising power consumption. Growth stood at 8.0% in FY 2022, 8.9% in FY 2023, and 7.1% in FY 2024, before moderating to 5.2% in FY 2025. During FY 2026, growth eased to 1.0%, reflecting a high base effect and relatively slower growth in electricity demand.

ii. Mapping the growth of the Indian Industrial Construction

Capital expenditure (capex) is a key indicator of industrial development, reflecting investments in fixed assets such as manufacturing plants, industrial buildings, warehouses, utilities, logistics infrastructure, and production equipment. Higher

capital investments contribute to the expansion and modernization of industrial infrastructure, creating a larger base of physical assets that require regular inspection, repair, strengthening, rehabilitation, and lifecycle management. As industrial infrastructure continues to grow, the demand for specialized structural maintenance services increases to ensure operational reliability, workplace safety, regulatory compliance, and extended asset life.

*Sources: National Account Statistic 2025, Ministry of Statistics and Programme Implementation, *FY 2025 data is yet to release*

India's industrial sector has witnessed a steady rise in capital investment over the past several years, supported by expanding manufacturing capacity, industrial modernization, and increasing investments across diverse industrial segments. Capital expenditure, measured in terms of Gross Fixed Capital Formation (GFCF), recorded a CAGR of approximately 10% between FY 2017–18 and FY 2023–24, increasing from INR 7,486 billion to INR 13,345 billion.[14] This sustained growth in industrial capex reflects continued investment in productive assets and industrial infrastructure, which is expected to generate long-term demand for the Structural Maintenance Services industry. As industrial facilities age and production capacities expand, the need for preventive maintenance, structural repairs, retrofitting, corrosion protection, and asset rehabilitation is expected to increase, creating significant opportunities for service providers operating in this segment.

4. Key Demand Drivers

a. Aging Infrastructure & the Need to Extend Useful Asset Life

India's industrial and manufacturing sector has developed a substantial infrastructure base over the past several decades. According to the Annual Survey of Industries (ASI) 2023–24 published by the Ministry of Statistics & Programme Implementation (MoSPI), the country has over 2.6 lakh[15] registered factories operating across industries such as steel, cement, chemicals, pharmaceuticals, food processing, automotive, textiles and engineering. A significant share of these facilities was established during earlier phases of industrialization and is now approaching or exceeding its intended design life, increasing the need for periodic structural assessment and rehabilitation.

As industrial structures age, they are exposed to continuous mechanical loading, heavy equipment vibrations, chemical attack, corrosion, moisture ingress, carbonation of concrete, thermal cycling and environmental deterioration. These factors lead to structural defects such as concrete spalling, reinforcement corrosion, cracking, joint failures and foundation settlement, which can affect plant safety, operational reliability and equipment performance.

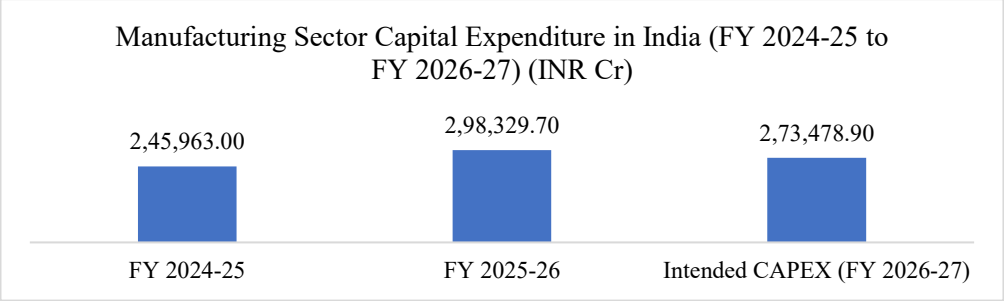

Given the high capital cost and operational disruption associated with replacing industrial facilities, asset owners are increasingly opting for structural maintenance and life-extension solutions rather than complete reconstruction. Services such as structural health assessment, non-destructive testing (NDT), concrete rehabilitation, steel strengthening, FRP retrofitting, corrosion protection, industrial flooring repairs and waterproofing are being widely adopted to restore structural integrity and extend the operational life of existing assets. Consequently, the aging industrial infrastructure base is becoming one of the key long-term demand drivers for specialized structural maintenance service providers in India.

b. Capital Expenditure (Capex)-Led Industrial Growth

Increasing capital expenditure across India’s manufacturing sector is emerging as a key demand driver for structural maintenance, retrofitting, rehabilitation, and industrial support services. Favourable government policies such as the Production Linked Incentive (PLI) Scheme, National Infrastructure Pipeline (NIP), Make in India initiative, industrial

corridor development programs, and ease of doing business reforms have encouraged significant investments across industrial and manufacturing infrastructure.
In addition to policy support, improving business sentiment, supply chain diversification strategies, rising domestic consumption, and increasing localization of manufacturing are driving fresh capital infusion into factories, industrial facilities, warehousing infrastructure, and process industries. This expansion of industrial assets is creating demand not only for new construction activities but also for specialized structural support solutions including industrial flooring systems, machine foundation strengthening, waterproofing, corrosion protection, load enhancement, vibration control, and lifecycle maintenance services.

Source - Ministry of Statistics and Programme Implementation[16]

According to the Ministry of Statistics and Programme Implementation (MoSPI), the manufacturing sector accounted for the highest planned capital expenditure among all sectors in India. Actual capital expenditure by manufacturing enterprises stood at approximately INR 245,963 crore in FY 2024-25, while provisional capital expenditure for FY 2025-26 increased to nearly INR 298,329.7 crore. Further, intended capital expenditure for FY 2026-27 is estimated at around INR 273,478.9 crore across 1,428 enterprises.

The sustained expansion of manufacturing infrastructure is expected to increase the installed base of industrial assets requiring periodic inspection, strengthening, retrofitting, repair, and preventive maintenance over their operational lifecycle. Furthermore, brownfield expansion projects and industrial modernization initiatives are increasing demand for specialized structural maintenance services capable of supporting higher production loads, automation systems, and technologically upgraded industrial facilities.

c. Technology Upgradation & Industrial Automation

India's industrial sector is undergoing rapid technology upgradation through the adoption of Industry 4.0, smart manufacturing, industrial automation, robotics, Artificial Intelligence (AI), Internet of Things (IoT), and digital production systems. Government initiatives such as Make in India, the Production Linked Incentive (PLI) Scheme, and the National Manufacturing Mission are accelerating investments in advanced manufacturing facilities, resulting in modernization of existing plants and development of new industrial infrastructure. As industries install heavier automated machinery, robotic production lines, automated storage and retrieval systems (AS/RS), and high-capacity process equipment, the structural demands on existing facilities are increasing.

These technological advancements are creating a specialized need for structural maintenance services. Existing industrial buildings often require structural assessments, load-bearing capacity evaluations, foundation strengthening, floor reinforcement, vibration analysis, equipment anchoring, seismic retrofitting, and localized rehabilitation to safely support modern automated equipment. In addition, predictive maintenance technologies such as IoT-enabled Structural Health Monitoring (SHM), AI-based defect detection, drones, Digital Twins, and Building Information Modelling (BIM) are enabling continuous monitoring of structural performance, allowing industries to identify deterioration early, reduce unplanned downtime, optimize maintenance planning, and enhance the reliability and lifespan of critical industrial infrastructure.

d. Evolving Industrial Safety, Building Compliance, and Occupational Risk Management Framework

India’s industrial and occupational safety regulatory landscape is becoming increasingly stringent, thereby emerging as a significant demand driver for structural maintenance, rehabilitation, retrofitting, and industrial support services. The growing emphasis on workplace safety, infrastructure stability, operational continuity, and industrial risk mitigation is compelling industrial operators to undertake regular inspection, repair, and preventive maintenance activities across

manufacturing and industrial facilities. Key regulatory frameworks influencing the industry include the Building Safety Act, 2022, standardized development and building regulations, 2023, Occupational Safety, Health and Working Conditions (OSHWC) Code, 2020, and the National Building Code (NBC) 2016, along with evolving Bureau of Indian Standards (BIS) structural safety norms.

The Occupational Safety, Health and Working Conditions (OSHWC) Code, 2020 consolidates multiple legislations including the Factories Act, 1948, Mines Act, 1952, and Dock Workers (Safety, Health & Welfare) Act, 1986 into a unified framework governing workplace safety, industrial risk assessment, hazardous operations, and infrastructure maintenance. The implementation of stricter compliance requirements is particularly important for India's aging industrial infrastructure base, where several manufacturing facilities, ports, warehouses, and industrial assets have been operational for multiple decades. Structural deterioration in the form of cracks, corrosion, concrete degradation, vibration-related stress, and load-bearing deficiencies is increasing the requirement for specialized maintenance interventions to ensure regulatory compliance and operational safety.

In addition, the proposed National Building Construction Standards 2026 are expected to further strengthen focus on structural adequacy, fire resistance, seismic resilience, disaster preparedness, and periodic safety assessment of industrial buildings and infrastructure assets. Regulatory authorities are also increasingly emphasizing preventive and risk-based maintenance practices including periodic structural audits, non-destructive testing (NDT), structural health monitoring, fireproofing, and integrity management systems. As a result, sectors such as chemicals, metals, mining, oil & gas, cement, logistics, and heavy manufacturing are witnessing higher compliance-driven spending on structural rehabilitation, retrofitting, corrosion protection, industrial flooring, waterproofing, and strengthening solutions, thereby supporting long-term demand for specialized structural maintenance services across India's industrial ecosystem.

e. Growing Infrastructure Driving Maintenance Demand

India's rapidly expanding infrastructure base is creating significant long-term demand for structural maintenance, rehabilitation, and lifecycle asset management services. Under the National Infrastructure Pipeline (NIP), the Government of India identified 9,288 infrastructure projects involving investments of approximately ₹108.88 lakh crore during 2020–2025[17] across transportation, energy, urban infrastructure, and water resources. As these assets enter their operational phase, demand for periodic inspections, repairs, retrofitting, and preventive maintenance is expected to increase substantially.
In addition, the National Monetisation Pipeline (NMP) has identified operational public infrastructure assets worth nearly ₹6 lakh crore[18] across roads, railways, airports, ports, power transmission, pipelines, and warehousing. Maintaining these revenue-generating assets through timely structural maintenance is essential to improve service life, optimize lifecycle costs, and ensure long-term operational reliability.

f. Manufacturing Expansion and Infrastructure-Led Industrial Development[19]

India's manufacturing ecosystem is increasingly transitioning toward integrated and infrastructure-led industrial development, supported by large-scale public capital expenditure, industrial corridor programs, manufacturing hubs, logistics infrastructure, and sector-specific industrial ecosystems. The Government of India continues to prioritize infrastructure and manufacturing as key pillars of long-term economic growth, industrial competitiveness, and supply chain resilience. According to the Press Information Bureau (PIB), government capital expenditure increased significantly from approximately INR 2 lakh crore in FY2014–15 to a Budget Estimate of INR12.2 lakh crore in FY2026–27. The sustained increase in public investment is supporting the development of industrial parks, multimodal logistics infrastructure, freight corridors, warehousing facilities, manufacturing clusters, and industrial connectivity networks across the country.

In addition, the Government of India has approved 20 industrial smart cities across 7 industrial corridors and 13 states under the National Industrial Corridor Development Programme (NICDP). Large-scale initiatives such as PM Gati Shakti, PM MITRA Parks, industrial corridor development programs, MSME manufacturing clusters, logistics parks, electronics manufacturing zones, and chemical manufacturing hubs are further accelerating industrialization and capacity expansion across key sectors. These initiatives aim to improve supply chain integration, reduce logistics costs, strengthen manufacturing competitiveness, and encourage private sector investments across India's industrial ecosystem.

The rapid expansion of industrial and manufacturing infrastructure is expected to substantially increase the installed base of industrial assets requiring long-term engineering support and lifecycle maintenance services. As manufacturing facilities become increasingly technology-intensive and automation-driven, industries are expected to witness rising demand for

structural maintenance, rehabilitation, retrofitting, corrosion protection, industrial flooring systems, machine foundation strengthening, waterproofing, seismic reinforcement, and structural health monitoring solutions. Furthermore, brownfield expansion projects and modernization of existing industrial facilities are increasing the requirement for specialized maintenance solutions capable of supporting higher operational loads, advanced machinery systems, and enhanced safety standards.

The expansion of integrated manufacturing ecosystems is therefore expected to create long-term growth opportunities for specialized structural maintenance service providers across industrial, manufacturing, warehousing, logistics, ports, mining, and infrastructure sectors in India. Increasing focus on operational continuity, industrial safety compliance, asset lifecycle extension, and preventive maintenance practices is expected to further strengthen demand for engineering-led structural maintenance and rehabilitation services over the long term.

5. Threats & Challenges

- **Fragmented Market and Intense Price Competition**

  The Indian structural maintenance services industry remains highly fragmented, with numerous regional and unorganized contractors competing alongside a limited number of organized players. Intense price-based competition often results in lower profit margins and makes it difficult for companies to differentiate themselves based on technical expertise, service quality, and innovation. This also discourages investments in advanced technologies and skilled workforce development.

- **Shortage of Skilled Workforce**

  Structural maintenance projects require specialized expertise in structural assessment, rehabilitation, retrofitting, corrosion protection, waterproofing, and non-destructive testing (NDT). However, the industry faces a shortage of trained engineers, certified technicians, and skilled labour capable of executing technically complex projects. This skill gap can affect project quality, execution timelines, and adherence to safety standards.

- **Rising Material and Labour Costs**

  The industry is highly dependent on construction materials such as steel, cement, repair mortars, epoxy resins, polymers, and specialty construction chemicals, whose prices are subject to market fluctuations. Coupled with rising labour costs, these input cost increases put pressure on project profitability, particularly for fixed-price maintenance contracts.

- **Ageing Infrastructure and Complex Rehabilitation Requirements**

  A large proportion of India's industrial plants, factories, bridges, commercial buildings, and public infrastructure are ageing and require periodic inspection, strengthening, and rehabilitation. Executing maintenance work while facilities remain operational is technically challenging and requires specialized engineering solutions to ensure structural integrity, operational continuity, and compliance with safety standards.

- **Adoption of Advanced Inspection and Digital Technologies**

  The industry is witnessing increasing adoption of technologies such as Building Information Modelling (BIM), digital twins, drones, IoT-based structural health monitoring, AI-driven predictive maintenance, and non-destructive testing (NDT) for asset inspection and lifecycle management. However, implementing these technologies requires significant investments in equipment, software, and workforce training. Smaller service providers often face challenges in adopting these advanced solutions, limiting their competitiveness and ability to deliver data-driven maintenance services.

6. Regulatory Landscape

India’s regulatory framework governing industrial infrastructure, occupational safety, and structural integrity is evolving rapidly, thereby supporting the growth of the structural maintenance services industry. Rising focus on workplace safety, infrastructure durability, disaster resilience, and operational continuity has increased the importance of periodic inspection, rehabilitation, retrofitting, strengthening, and preventive maintenance across industrial and infrastructure assets. Key regulations influencing the industry include the Building Safety Act, standardized development and building regulations,

Occupational Safety, Health and Working Conditions (OSHWC) Code, and the National Building Code (NBC), along with evolving Bureau of Indian Standards (BIS) structural safety norms.

The regulatory ecosystem is administered through multiple authorities including the Ministry of Labour & Employment, Ministry of Housing & Urban Affairs (MoHUA), Bureau of Indian Standards (BIS), Directorate General Factory Advice Service & Labour Institutes (DGFASLI), and Directorate General of Mines Safety (DGMS). Regulatory authorities are increasingly emphasizing preventive and risk-based infrastructure management practices such as structural audits, non-destructive testing (NDT), corrosion monitoring, fireproofing, seismic strengthening, and lifecycle maintenance activities. This is creating sustained demand for specialized structural maintenance services including rehabilitation engineering, industrial retrofitting, strengthening solutions, waterproofing systems, protective coatings, and structural health monitoring across India's industrial and infrastructure ecosystem.

a. Regulatory Bodies and Responsibilities for the Structural Maintenance Services Industry in India

Regulatory Body / Agency	Mandate / Responsibilities	Impact on Structural Maintenance Services Industry
Ministry of Labour & Employment	Oversees occupational safety, workplace compliance, industrial safety regulations, and implementation of OSHWC Code.	Drives demand for workplace safety audits, infrastructure rehabilitation, and preventive maintenance practices.
Bureau of Indian Standards (BIS)	Develops standards for structural safety, concrete design, steel structures, seismic resilience, and fire resistance systems.	Increases demand for structural retrofitting, strengthening, rehabilitation, and compliance-led maintenance activities.
Ministry of Housing & Urban Affairs (MoHUA)	Oversees National Building Code (NBC), building regulations, infrastructure standards, and urban structural safety guidelines.	Encourages periodic structural assessment, building rehabilitation, fireproofing, and lifecycle maintenance.
Directorate General Factory Advice Service & Labour Institutes (DGFASLI)	Regulates industrial safety standards and factory safety compliance.	Supports demand for industrial inspection, safety upgrades, and integrity assessment services.
Directorate General of Mines Safety (DGMS)	Governs mine safety, mining infrastructure stability, and hazardous operations.	Increases maintenance demand across mining infrastructure and heavy industrial facilities.
Ministry of Ports, Shipping & Waterways	Oversees port infrastructure safety, marine asset maintenance, and coastal industrial infrastructure.	Creates opportunities for marine structure rehabilitation, corrosion protection, and coastal infrastructure maintenance.
State Industrial Development Authorities & Fire Departments	Implement industrial building approvals, fire safety inspections, and operational compliance frameworks.	Drives recurring maintenance demand related to structural safety and fire compliance.

b. Regulatory Policies, Standards & Compliance Framework

➤ Standardized Development and Building Regulations, 2023

The standardized development and building regulations introduced in 2023 aim to create greater uniformity in infrastructure development standards, construction approvals, safety compliance, and maintenance requirements across states and urban authorities. The framework promotes stricter monitoring of industrial and infrastructure assets with increased emphasis on structural adequacy, disaster resilience, environmental compliance, and operational safety. The regulations are expected to drive higher demand for retrofitting, strengthening, waterproofing, structural health monitoring, and engineering-led maintenance solutions across industrial facilities and infrastructure projects

➤ BIS Structural Safety Standards and Engineering Compliance

The Bureau of Indian Standards (BIS) has developed multiple structural engineering and infrastructure safety standards governing reinforced concrete structures, steel structures, industrial loading systems, seismic safety, corrosion resistance,

and fire performance. Compliance with BIS codes is increasingly becoming critical across industrial facilities, logistics parks, warehouses, ports, and manufacturing infrastructure. These standards are encouraging industries to adopt preventive maintenance practices, integrity testing, and engineering-led rehabilitation solutions to ensure long-term operational safety and regulatory compliance.

➤ **Building Safety Act, 2022**

The Building Safety Act, 2022 strengthened the regulatory focus on structural integrity, fire safety, infrastructure resilience, and lifecycle safety management across industrial and commercial buildings. The framework emphasizes accountability in design, construction quality, inspection practices, and long-term maintenance of built infrastructure. The regulation is increasing industry focus on periodic structural audits, rehabilitation, fireproofing systems, corrosion prevention, and preventive maintenance activities to ensure operational safety and compliance with evolving structural safety standards.

➤ **Occupational Safety, Health and Working Conditions (OSHWC) Code, 2020**

The Occupational Safety, Health and Working Conditions (OSHWC) Code, 2020 is one of the most significant industrial safety reforms impacting the structural maintenance services industry in India. The code consolidates multiple legislations including the Factories Act, 1948, Mines Act, 1952, and Dock Workers (Safety, Health & Welfare) Act, 1986 into a unified framework governing workplace safety, hazardous operations, industrial risk assessment, and infrastructure maintenance. The regulation places increased responsibility on industrial operators to maintain structurally safe facilities, conduct periodic inspections, and adopt preventive maintenance practices. This is creating sustained demand for structural audits, rehabilitation, retrofitting, corrosion protection, industrial flooring systems, fireproofing, and integrity management services across manufacturing and infrastructure sectors.

➤ **Comprehensive General Development Control Regulations (GDCR) – 2017**

The Comprehensive General Development Control Regulations (GDCR) – 2017 provide guidelines related to planning, construction, redevelopment, structural safety, and maintenance of buildings across various urban and industrial developments. The framework emphasizes compliance with approved construction standards, structural stability requirements, fire safety provisions, and periodic maintenance obligations for built infrastructure assets. Increasing enforcement of development control regulations is encouraging industrial and infrastructure operators to undertake structural audits, rehabilitation, retrofitting, waterproofing, and repair activities to maintain compliance and operational safety. The regulations are also supporting demand for engineering-led maintenance solutions across industrial buildings, warehouses, logistics infrastructure, and commercial facilities.

➤ **National Building Code (NBC) 2016**

The National Building Code (NBC) 2016 serves as a comprehensive framework governing structural design standards, fire and life safety systems, seismic resilience, disaster management, and maintenance practices for buildings and industrial infrastructure in India. The code emphasizes periodic structural assessment, safety compliance, evacuation preparedness, and durability enhancement of infrastructure assets. Increasing adoption and enforcement of NBC standards across industrial and commercial facilities is supporting demand for structural strengthening, seismic retrofitting, protective coatings, repair engineering, and lifecycle maintenance services.

7. Competitive Landscape

The competitive landscape of India's structural maintenance services industry is moderately fragmented and highly execution-driven, with competition shaped primarily by technical expertise, engineering capability, project execution quality, and long-term client relationships rather than purely price-based factors. The industry operates at the intersection of industrial infrastructure management, rehabilitation engineering, occupational safety compliance, and asset lifecycle extension, resulting in demand for highly specialized technical solutions across manufacturing, metals, power, mining, logistics, ports, chemicals, and infrastructure sectors. Given the critical nature of industrial maintenance activities and the operational risks associated with structural failure, industrial clients generally prioritize execution reliability, safety compliance, engineering credibility, and minimal operational downtime while selecting service providers. The industry is characterized by the presence of specialized rehabilitation engineering firms, industrial maintenance contractors, structural

retrofitting companies, waterproofing and corrosion protection solution providers, and infrastructure rehabilitation specialists.

Competition remains concentrated among players possessing strong technical expertise in areas such as structural audits, non-destructive testing (NDT), seismic retrofitting, industrial flooring systems, machine foundation strengthening, corrosion mitigation, and structural health monitoring. Entry barriers remain relatively moderate to high in technically intensive industrial segments due to the requirement for engineering specialization, skilled manpower, regulatory compliance capability, industrial safety certifications, and proven execution track record in live operational environments. Established players benefit from long-standing industrial relationships and sector-specific execution experience, while competitive differentiation is increasingly driven by adoption of advanced repair technologies, predictive maintenance systems, FRP retrofitting solutions, and corrosion-resistant engineering materials. In addition, increasing focus on industrial safety, infrastructure resilience, ESG compliance, and preventive maintenance is encouraging industrial enterprises to engage organized and technically qualified service providers, thereby gradually shifting the industry toward higher technical specialization and integrated lifecycle maintenance solutions through FY2026 and beyond.

a. Key Factors Affecting the Structural Maintenance Services Industry in India

- **Aging Industrial and Infrastructure Assets**

  A significant portion of India's industrial and infrastructure assets including manufacturing facilities, warehouses, ports, power plants, mining infrastructure, and logistics parks have been operational for several decades. Continuous exposure to heavy loads, vibration, corrosion, moisture, thermal stress, and environmental deterioration increases the need for periodic repair, rehabilitation, retrofitting, and strengthening services. Aging infrastructure therefore remains one of the primary factors driving long-term demand for structural maintenance solutions in India.

- **Industrial Capex and Manufacturing Expansion**

  Increasing capital expenditure across manufacturing and industrial sectors is expanding the installed base of industrial infrastructure assets requiring lifecycle maintenance and engineering support services. Government initiatives such as Make in India, Production Linked Incentive (PLI) schemes, industrial corridor development, and infrastructure investments are supporting new industrial capacity creation, modernization, and brownfield expansion activities, thereby creating additional demand for structural maintenance and rehabilitation services.

- **Technology Upgradation and Industrial Automation**

  The increasing adoption of automation, smart manufacturing systems, robotics, high-capacity machinery, and Industry 4.0 technologies is creating specialized maintenance requirements across industrial facilities. Existing industrial structures often require strengthening, machine foundation modification, vibration-resistant systems, industrial flooring upgrades, and retrofitting solutions to support technologically upgraded manufacturing environments.

- **Regulatory and Compliance Requirements**

  Evolving industrial safety, occupational safety, fire protection, structural integrity, and environmental compliance regulations are significantly influencing maintenance spending across industries. Frameworks such as the Occupational Safety, Health and Working Conditions (OSHWC) Code, National Building Code (NBC), BIS structural safety standards, and industrial fire safety regulations are increasing the need for periodic structural audits, preventive maintenance, rehabilitation, and integrity management services.

- **Raw Material and Input Cost Volatility**

  Structural maintenance activities are dependent on specialized construction chemicals, steel products, coatings, grouting systems, repair mortars, waterproofing materials, FRP systems, and industrial consumables. Volatility in raw material prices and supply chain disruptions can affect project costs, operating margins, and pricing competitiveness of service providers.

- **Industrial Safety and Operational Downtime Risks**

  Structural maintenance activities in live industrial environments often require execution within limited shutdown windows while ensuring operational continuity and workplace safety. Delays, execution risks, safety incidents, or extended downtime can significantly impact industrial production schedules and project profitability, making execution capability a critical industry factor.

- **Adoption of Advanced Maintenance Technologies**

  Growing adoption of predictive maintenance systems, digital inspection tools, drones, IoT-enabled structural monitoring, AI-based diagnostics, and advanced rehabilitation materials is gradually transforming the industry. Companies with stronger technological capabilities and integrated engineering solutions are increasingly gaining competitive advantage in technically intensive industrial projects.

- **ESG and Sustainability Focus**

  Increasing focus on sustainability, asset lifecycle extension, energy efficiency, and ESG compliance is encouraging industries to prioritize rehabilitation and preventive maintenance over complete asset replacement. This trend is supporting long-term demand for structural strengthening, corrosion mitigation, waterproofing, and lifecycle management services across industrial infrastructure assets.

8. Company Profiling: Sanwariya Multiventure Limited

Company Overview:

Established in 2022, Sanwariya Multiventures Limited operates in the industrial support services sector, with a primary focus on providing structural maintenance services and miscellaneous operational support services for industrial establishments. Their major scope of work areas include fabrication, erection, piping, scaffolding supply, O&M, painting, manpower supply, and other activities for plants and mining sections. The Company is engaged in delivering maintenance and support solutions that contribute to the operational continuity, safety, efficiency, and longevity of industrial infrastructure. Its services are particularly aligned with the requirements of industrial and mining facilities, where timely maintenance, reliable manpower support, and operational assistance are essential for uninterrupted business operations.

Key Service Segments:

- Equipment Fabrication & Erection
- Civil Constructions
- Scaffolding Supply and Erection
- Industrial Painting & Equipment Coating-Painting
- Pipeline Erection and Maintenance
- Manpower Services
- Supply of key Industrial items to meet procurement needs with trusted quality
- Mechanical Operation & Maintenance
- Track Laying and Linking for Railway Projects

Nature of Business

Sanwariya Multiventure Limited provides services relating to:

- Structural maintenance
- Operational assistance
- Industrial support services
- Miscellaneous support for industrial and mining facilities
- Maintenance solutions tailored to client requirements

The Company focuses on ensuring timely execution of assignments, maintaining operational reliability, and providing practical support services that meet the specific needs of its clients.

Business Model

The Company's business model is supported by key industry drivers, including:

- Increasing industrial infrastructure requirements
- Growing emphasis on preventive maintenance and operational safety
- Rising outsourcing trends among industrial and mining companies
- Requirement of specialized technical and support manpower
- Long-term maintenance and service contracts from industrial clients

By addressing these requirements, Sanwariya Multiventure Limited aims to provide dependable services that support the operational needs of its clients.

Operational Focus

Sanwariya Multiventure Limited focuses on delivering services with an emphasis on:

- Timely execution
- Manpower support
- Operational reliability
- Quality maintenance solutions
- Client-specific service delivery

The Company seeks to build and maintain strong client relationships by providing support services that are aligned with industrial requirements and operational expectations.

We are an integrated services provider for industries to support their operational efficiency, expansion and facility upkeep. Our services range from civil construction, civil maintenance, on-site fabrication, erection of machinery/equipment to providing transportation for staff & workers and loading & unloading of muck. We cater to clients from diversified industries such as mining, cement and steel industries. Our services can be broadly described as;

1. Civil construction and maintenance services;

We undertake civil construction work as per the requirement of our clients and as per the plans provided by them. We also undertake to maintain existing civil structures by conducting repair works, painting, waterproofing etc on a regular basis. Further, we take engineering procurement and construction (EPC) contracts in which we give end to end services to our clients starting with assessing, planning, technical drawing, procurement of raw materials and construction. We outsource

most of our civil construction requirements by sub-contracting due to which we are able to focus mainly on the services we offer.

2. Erection, fabrication & mechanical;

We do on site fabrication for our clients as required for erection of their equipment & machinery. Further, we also manage certain mechanical requirements for commissioning their equipment/machinery.

3. Internal infrastructure development

Our clients are from the mining, cement and steel industry. They operate from large premises due to which they require detailed internal infrastructure such as railway lines, roads, pathways, pipes, drainages, tailing dam etc for smooth movement of goods as well as workers.

4. Logistic support, earthmoving and others

Our clients being in the mining, cement and steel industries typically have a large workforce which include labour as well as staff and the facilities work atleast 2 shifts daily. This requires a lot of logistic support locally to make sure smooth movements of staff and labour. We provide cars and buses including drivers to facilitate movement of labour and staff. Further, we also provide services for earthmoving by providing dumpers and large vehicles along with the required manpower. Other than these services, we have done unrelated minor trading of soft stone.

Industrial facilities require continuous maintenance and periodic modifications, repairs, expansion and infrastructure-related activities to maintain operational continuity and the condition of their assets. Our services are designed to address such requirements by providing clients with a combination of technical, operational and manpower-intensive services. Depending upon the requirements of a client and the nature of a project, we undertake individual activities or a combination of services as part of an integrated scope of work. Through such integrated services, we support our clients in maintaining their operational efficiency, reducing their downtime and ensuring reliability of their works area, offices and machines & equipments in accordance with their technical and operational requirements.

Our ability and capability to provide such services enables us to support industrial clients across multiple stages of their operations and their industrial asset lifecycle. Through our diversified offerings, we assist our clients in efficiently managing plant operations and production processes. The combination of these services enables coordinated execution of operational and project-related requirements, reduces operational complexities and minimizes reliance on multiple service providers, thereby supporting efficient implementation of engineering and operational activities at industrial facilities. This integrated model reduces client's dependence on multiple vendors, lowers coordination costs and enables deeper, longer-lasting partnership.

We follow an asset light model. All equipments, machinery and vehicles required for offering our services are taken on rental basis. Going forward, we will need to own some of the equipments, machinery and vehicles to be able to grow faster and increase our net margins.

We have recently formed a wholly owned subsidiary in Nepal. The purpose of this subsidiary is to explore possibilities of offering similar services in the mining sector in Nepal.

OUR COMPETITIVE STRENGTHS

1. Integrated service offering for industrial clients

Integrated service capabilities across multiple operational requirements. We provide a range of services covering civil construction and maintenance, erection, fabrication and mechanical services, internal infrastructure development, logistics support and earthmoving services. Our integrated service offering enables us to address multiple operational and project-related requirements of industrial clients through a single service provider. This allows us to coordinate different activities within a project and support clients in managing their operational and infrastructure requirements efficiently.

Our ability to undertake individual activities as well as integrated scopes of work enables us to cater to varying requirements of clients across different stages of their industrial asset lifecycle.

2. Diversified customer exposure across mining, cement and steel industries

We serve clients operating across the mining, cement and steel industries, which require continuous operational support, infrastructure development, maintenance, transportation and earthmoving services. Our presence across multiple industrial sectors enables us to address a diversified range of service requirements and reduces our dependence on a single industry segment.

Our diversified service offerings also enable us to participate in both recurring operational requirements and project-based activities undertaken by industrial clients.

3. Order book providing revenue visibility

Healthy order book and ongoing projects as of August 31, 2026, we had an ongoing portfolio of projects across our various service verticals and an unexecuted order book of ₹ 19,230.05 Lakhs. Our order book comprises civil construction and maintenance, erection, fabrication and mechanical, internal infrastructure development and logistic support and earthmoving projects. The existing order book provides visibility of execution requirements and forms a basis for planning our manpower, equipment and other resources for the execution of ongoing projects.

4. Experience in execution of integrated

Track record of successful project execution over the past four years. We have executed projects across our various service verticals, including civil construction and maintenance, erection, fabrication and mechanical, internal infrastructure development and logistic support and earthmoving. Our experience across these service categories has enabled us to develop execution capabilities for projects involving different operational and technical requirements.

5. Asset-light operating model

Asset-light business model provides us with operational flexibility. We currently follow an asset-light business model under which equipment, machinery and vehicles required for execution of our services are generally obtained on a rental basis. This model enables us to deploy resources based on project requirements while reducing the need for significant upfront capital expenditure on equipment and vehicles.

However, the company plans to purchase certain equipments and machinery to have better control on timely execution of our services.

6. Experienced management and execution leadership

Our management and leadership team brings experience in the industrial services and project execution domain. Mr. Rajaram Vaishnav has approximately a decade of domain knowledge and execution leadership and has been involved in the development of our operational model, customer relationships and expansion strategy. Our execution capabilities are further supported by a workforce comprising project managers, engineers, equipment operators, drivers and administrative personnel.

7. Ability to provide manpower-intensive and technical services

Our business combines technical and engineering activities with manpower-intensive operational services. Depending upon project requirements, we are capable of deploying project management personnel, engineers, operators, drivers and other workforce along with required equipment and machinery. This combination enables us to undertake varied scopes of work at industrial facilities.

8. Potential for long-term customer relationships

Integrated execution supporting customer relationships. Our business model is focused on developing long-term relationships with industrial clients by providing services aligned with their technical and operational requirements. Our ability to provide multiple services can reduce the requirement for clients to coordinate with multiple service providers for different activities.

9. **Diversified Presence Across Multiple Industrial Sectors**

Our services are deployed across multiple industrial sectors, including mining, cement and steel industries ,enabling us to support a broad range of industrial operations and engineering requirements. Through our integrated services,, we provide support for plant operations, maintenance, fabrication, installation and internal infrastructure-related projects. The applicability of our services across different industrial environments allows us to undertake assignments for clients operating in varied process and manufacturing industries. Our experience in serving multiple sectors also allows us to understand sector-specific operational requirements and align our services accordingly.

For the details regarding the revenue bifurcation of our Company based on the industries served based on our Restated Financial Information, please refer to the section titled ***"Our Business – Overview"*** beginning on page 139.

10. Expanding geographies

We are already providing our services to our clients in various states. We are successfully executing the projects in various states which gives us the confidence and capability to expand further all over India. The state-wise revenue bifurcation of our Company is as under.

- **Strong Order Book with Repeat Orders and Long-Standing Relation with Clientele**

We build and maintain long-standing relationships with our clients which is the cornerstone of our success. Our commitment to understanding their unique needs, coupled with consistent delivery of quality services and personalized solutions, has fostered strong bonds of trust and loyalty over the years.

We serve marquee clients in the Cement, Mining and Steel, including industry leaders. For the Fiscal year ended March 31, 2026, around 5.69%, 93.02% and 0.90% of our revenue of operation, respectively, was generated from repeat orders underscoring the trust and long-term partnerships that we have established with our clientele.

Our longstanding relationship with clients provides us with deep understanding of our clients' strategic and operational needs, enabling us to design and deliver customized engineering solutions that are precisely aligned with their expectations. Furthermore, our client references continue to play a pivotal role in generating referrals and unlocking new business opportunities within the same and adjacent industry verticals.

Our total running Work Order Book as of August 31, 2026 is ₹ 19230.05 Lakhs.

OUR BUSINESS STRATEGIES

1. Expand service capabilities and project scope

We intend to expand the range and scale of services offered to our existing and prospective industrial clients. We propose to leverage our existing capabilities in civil construction and maintenance, erection, fabrication and mechanical services, internal infrastructure development, logistics support and earthmoving to undertake larger and more comprehensive project scopes. We intend to focus on opportunities where multiple services can be provided as part of an integrated scope of work, enabling us to increase the scale of our engagements with existing customers and pursue new industrial projects.

2. Ownership of equipment and machinery

Build our owned equipment and machinery base. As part of our growth strategy, we intend to progressively acquire selected equipment, machinery and vehicles that are strategically relevant to our business requirements. At present, we follow an asset-light model and obtain most of the required equipment, machinery and vehicles on a rental basis. Going forward, ownership of selected equipment and machinery is expected to provide us with greater control over deployment, availability and scheduling of resources and enable us to undertake projects requiring dedicated equipment.

3. Grow existing customer base

Deepen relationships with existing customers and acquire new customers. We intend to increase the scale of our engagements with existing customers by offering additional services across their operational and infrastructure requirements. At the same time, we intend to pursue new customer relationships across the mining, cement, steel and other industrial sectors where our service capabilities can be deployed. Our integrated service model provides opportunities to offer multiple service categories to customers based on their project and operational requirements.

4. Expand geographical presence

We intend to expand our presence into additional industrial locations in India where mining, cement, steel and other industrial activities are concentrated. We also intend to evaluate opportunities in international markets through our subsidiary in Nepal, which has been incorporated to support and explore opportunities relating to mining operations.

5. Increase order book through new projects

We intend to actively pursue new project opportunities across our existing service categories. We will seek to leverage our execution experience, workforce and integrated service capabilities to participate in larger and longer-duration projects. Our objective is to maintain a healthy pipeline of projects while ensuring effective execution of our existing order book.

6. Improve operational efficiency and margin

We intend to improve operational efficiency through better planning and utilisation of manpower, equipment and project resources. As our scale increases, we expect to evaluate opportunities to optimise the deployment of rented and owned equipment and machinery and improve coordination across different service activities. The objective will be to improve project execution efficiency and support sustainable improvement in operating performance.

7. Strengthen manpower and technical capabilities

As we expand our operations, we intend to strengthen our workforce by adding experienced project managers, engineers, supervisors, equipment operators and other skilled personnel. We also intend to enhance our project management and execution processes to support projects of increasing size and complexity.

OUR BUSINESS FLOW

The detailed flow of our business is as follows:

Integrated Services

Our integrated services involve delivering operational and technical support for industrial plants, production processes, internal infrastructure development, logistics and earthmovingat client facilities. These services are intended to assist clients

in maintaining operational continuity, minimizing downtime, and ensuring efficient utilization of plant infrastructure and industrial assets.

Under such arrangements, while the client generally provides the plant infrastructure, our technical teams manage and execute the agreed services at the client's facility. To ensure systematic execution of these services and adherence to operational and contractual requirements, we follow a structured engagement and execution process.

The key stages involved in this process are outlined below:

I. **Receipt of Customer Enquiry** The engagement process is initiated upon the receipt of an enquiry from a prospective or existing client. These enquiries primarily outline the plant location, scope of work, technical and manpower resource requirements (spanning skilled, semi-skilled, and unskilled personnel), expected machinery, consumable requirements and specific safety protocols.

II. **Technical and Operational Evaluation** Following the receipt of an enquiry, our technical and commercial teams undertake a comprehensive assessment. This stage involves conducting site visits to evaluate existing infrastructure, interacting with the client's operations teams, mapping resource requirements, assessing plant compliance norms, and preparing accurate cost estimations based on identified risk factors and resource inputs.

III. **Submission of Techno-Commercial Offer** Based on the technical evaluation, we formulate and submit a formal, bifurcated proposal to the client:

- **Technical Offer:** Details the exact scope of work, execution methodology, manpower and equipment allocation, mobilization timelines, safety statistics, and compliance measures tailored to the client's specifications.

- **Commercial Offer:** Outlines the pricing structures, payment terms, tax applicability, escalation clauses, and formalized risk clauses such as liquidated damages.

IV. **Pre-Bid Engagements** We actively participate in pre-bid meetings organized by the client. These engagements are utilized to clarify project scope, resolve technical ambiguities, discuss the techno-commercial offer, and realign our proposal with the client's precise operational expectations.

V. **Final Offer Submission and Negotiation** Incorporating the outcomes of the pre-bid discussions, a revised final offer is submitted. This is typically followed by client negotiations concerning commercial rates, execution terms, and mobilization timelines, ensuring alignment with client expectations while preserving our commercial viability.

VI. **Auction Participation** For mandates involving government entities or large-scale public/private sector clients, we may participate in secure online reverse auctions. Our participation is strategically managed to ensure our bids remain highly competitive while adhering strictly to our required scope, safety, and service quality standards.

VII. **Issuance of Purchase Order (PO)/Work Order (WO)** Upon successful selection, the client issues a Purchase Order or Work Order. The PO/WO crystallizes the final scope of work, duration of engagement, commercial terms, safety and labour compliances, and the resource deployment schedule, which is strictly reviewed internally to ensure complete alignment with our proposal.

VIII. **Pre-Mobilization and Internal Planning** Post-PO acceptance, our internal teams commence extensive preparatory activities. This encompasses finalized resource planning, procurement of safety gear and requisite equipment, application for necessary statutory licenses (such as labour licenses, PF, ESIC, and workmen compensation), formulation of Standard Operating Procedures (SOPs), and the establishment of site access and security protocols.

IX. **Resource Mobilization** In accordance with the defined mobilization plan, our personnel are deployed to the client site equipped with the appropriate Personal Protective Equipment (PPE) and tool tackles. Requisite machinery is transported and installed, and integration with the client's plant management begins to facilitate seamless day-to-day operations.

X. **Commencement of Operations** Core operational activities officially commence in strict compliance with the client's SOPs and statutory regulations.

XI. **Ongoing Monitoring, KPI Tracking, and Invoicing** To guarantee operational efficacy, continuous monitoring is conducted through daily internal inspections, periodic safety reviews, and performance evaluations. We utilize a defined scorecard to track Key Performance Indicators (KPIs) such as production output, equipment utilization, quality compliance, and maintenance effectiveness. Based on these validated metrics and resource deployment data, monthly invoices are generated and submitted with supporting operational documentation.

XII. **Reporting and Feedback Mechanism** We maintain a robust communication framework, providing the client with daily, weekly, and monthly operational reports detailing manpower status, completed work, and consumption metrics. Periodic review meetings are held to assess performance, and client feedback is systematically integrated into our operations via a Corrective and Preventive Action process.

XIII. **Project Closure or Extension** At the culmination of the contractual period, a comprehensive closure report is generated to summarize KPIs, compliances, and material reconciliations. This phase involves the systematic demobilization of resources, return of equipment, and final financial settlement. Upon satisfactory delivery of services, the engagement may transition into a contract renewal or extension.

RAW MATERIALS

The raw material used in our operations are procured from suppliers available either locally or from suppliers available in different regions of India. Our Company procures raw materials from vendors selected after analysis of quotation received from every vendor for each raw material used in our operations. Additionally, the quality of the raw material is also verified before making the order of the material to make sure that the quality material is used in the manufacturing of our products. Some of the major raw materials used in our manufacturing unit include Mild Steel, Stainless Steel and Carbon Steel.

We maintain long standing relationship with our suppliers for the consistent supply of raw materials. This allows us to partially control operating costs, quality and stability in the supply of essential raw materials for our formulations, which we rely upon to provide us with a competitive advantage.

INFORMATION TECHNOLOGY

We use Business Accounting software to manage our finance, procurement, inventory, project management and human resources, providing real-time visibility into project costs, materials, billing and profitability. This helps us manage multiple projects efficiently and maintain strong financial and operational discipline.

Additionally, digital human resource and workforce management systems are managed through Software which includes biometric attendance and compliance tools, support efficient management of our large and geographically dispersed workforce. Overall, our integrated IT systems enhance decision-making, strengthen compliance, and drive operational excellence across all business verticals.

UTILITIES AND INFRASTRUCTURE FACILITIES

Power

The requirement of power at our registered office is met through Ajmer Vidyut Vitran Nigam Limited.

Water

The requirement of water at all our premises are primarily for human consumption and daily office use.

SALES AND MARKETING SETUP

Our sales and marketing strategy is driven by strong leadership involvement, long-standing client relationships and our integrated service capabilities.

The business development is led by our promoter and director, who leverage industry relationships to secure new projects and renew existing contracts. They focus on acquiring new opportunities and drive growth from existing clients through repeat business and cross-selling.

We primarily secure projects through competitive bidding tenders issued by large corporates. Maintaining pre-qualification status with reputed clients through consistent adherence to technical, financial, and safety standards remains a key priority.

Our technical team acts as a key marketing interface by conducting site visits, understanding client requirements, and presenting tailored solutions, thereby strengthening client engagement.

Overall, our strategy focuses on relationship-driven growth, technical excellence, and consistent delivery to enhance client retention and expand market presence.

COMPETITION

The industrial services sector in which we operate is highly competitive, with success largely dependent on technical capability, safety performance, reliability, and execution efficiency. Our verticals are specialized and with clients in industries such as mining and metals require proven technical expertise, strict adherence to safety standards and consistent achievement of performance-based KPIs, including plant uptime and efficiency.

In the civil construction and maintenance vertical, we compete with established national engineering companies where competition is driven by project execution capabilities, financial strength, and expertise in handling complex installations.

We manage this competitive landscape through our integrated business model, which allows us to varied services under one roof, providing clients with a single point of responsibility. Additionally, our adherence to ISO standards and our operational presence in across 7 states strengthen our reliability, scalability, and ability to mobilize resources efficiently across projects.

COLLABORATION

There is no collaboration as on the date of filling of this Draft Red Herring Prospectus.

HELATH AND SAFETY MEASURES

Our Company follows the health, safety and environment (HSE) practices across its operations to support the well-being of its employees and to manage workplace risks. We provide basic facilities at project sites, including guest house accommodation for employees. Further we also ensure compliance with applicable statutory requirements such as Provident Fund (PF) and Employees' State Insurance (ESI) for eligible employees. In addition, we provide insurance policy coverage for our employees in line with our internal policies and applicable requirements.

We also organize regular training sessions and awareness programs to help employees understand safety procedures and their responsibilities at work. We also aim to maintain a work environment that supports employee engagement and cooperation.

We have also formulated HSE policy that focuses on identifying potential risks, following safe work practices and taking measures to reduce the impact of its activities on the environment. Our HSE policy focuses on the identification and assessment of potential risks at project sites and offices, and the implementation of appropriate control measures. This includes the use of protective equipment, adherence to safety protocols, and periodic review of safety practices. We also take steps to manage waste, use resources responsibly, and reduce the impact of its activities on the environment, in line with applicable environmental requirements. For further details of the potential risks at the project sites and past incident related thereto, refer to the "***Risk Factor "*** on page 24.

KEY INDUSTRY REGULATIONS AND POLICIES

Except as otherwise specified in this Draft Red Herring Prospectus, we are subject to several central and state legislations which regulate substantive and procedural aspects of our business.

Additionally, our operations require sanctions from the concerned authorities, under the relevant Central and State legislations. The following is an overview of some of the important laws, policies and regulations which are pertinent to our business. Taxation statutes such as the I.T. Act, GST and applicable Labour laws, contractual laws, and intellectual property laws as the case may be, apply to us as they do to any other Indian company. The statements below are based on the current provisions of Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions. The regulations set out below may not be exhaustive and are only intended to provide general information to Investors and are neither designed nor intended to be a substitute for professional legal advice.

APPROVALS

For the purpose of the business undertaken by our Company, it is required to comply with various laws, statutes, rules, regulations, executive orders, etc. that may be applicable from time to time. The details of such approvals have more particularly been described for your reference in the chapter titled "***Government and Other Statutory Approvals***" beginning on page number 214 of this Draft Red Herring Prospectus.

LAWS IN RELATION TO OUR BUSINESS

The Micro, Small and Medium Enterprises Development Act, 2006

The MSMED Act, was enacted to promote and enhance the competitiveness of Micro, Small and Medium Enterprise ("MSME"). A National Board shall be appointed and established by the Central Government for MSME enterprise with its head office at Delhi in the case of the enterprises engaged in the manufacture or production of goods pertaining to any industry mentioned in first schedule to Industries (Development and Regulation) Act, 1951. The Government, in the Ministry of Micro, Small and Medium Enterprises has issued a notification dated March 21, 2025 revising definition and criterion and the same came into effect from April 01, 2025. The notification revised the definitions as "Micro enterprise", where the investment in plant and machinery or equipment does not exceed two crore and fifty lakh rupees and turnover does not exceed ten crore rupees; "Small enterprise", where the investment in plant and machinery or equipment does not exceed twenty five crores rupees and turnover does not exceed hundred crore rupees; "Medium enterprise", where the investment in plant and machinery or equipment does not exceed one hundred twenty five crore rupees and turnover does not exceed five hundred crore rupees.

The Information Technology Act, 2000 (the "IT Act") and the rules made thereunder

The IT Act seeks to (i) provide legal recognition to transactions carried out by various means of electronic data interchange and other means of electronic communication, commonly referred to as "electronic commerce", involving alternatives to paper-based methods of communication and storage of information, (ii) facilitate electronic filing of documents, and (iii) create a mechanism for the authentication of electronic documentation through digital signatures. The IT Act facilitates electronic commerce by recognizing contracts concluded through electronic means, protects intermediaries in respect of third-party information liability and creates liability for failure to protect sensitive personal data. The Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011 ("IT Security Rules") prescribe directions for the collection, disclosure, and transfer of sensitive personal data by a body corporate or any person acting on behalf of a body corporate. The IT Security Rules require every such body corporate or person who on behalf of the body corporate receives, stores or handles information to provide a privacy policy for handling and dealing with personal information, including sensitive personal data, publishing such policy on its website.

The IT Security Rules further require that all such personal data be used solely for the purposes for which it was collected and any third-party disclosure of such data is made with the prior consent of the information provider, unless contractually agreed upon between them or where such disclosure is mandated by law.

Digital* Personal *Data Protection Act, 2023 ("DPDP Act") and the Digital Personal Data Protection Rules, 2025

This act was first introduced as a bill in 2019 as the Personal Data Protection Bill, 2019. The bill was introduced in Lok Sabha by the Minister of Electronics and Information Technology, Ravi Shankar Prasad, on December 11, 2019. The

DPDP Act received the assent of the President of India on August 11, 2023, and the provisions of the DPDP Act shall come into effect on such date as the Central Government may notify in the official gazette. The DPDP Act provides for collection and processing of digital personal data by persons, including companies. Further, companies collecting and dealing in high volumes of personal data are defined as significant data fiduciaries. These significant data fiduciaries will be required to fulfil certain additional obligations under the DPDP Act including appointment of a data protection officer who will be the point of contact between such fiduciaries and individuals for grievance redressal. Further such significant data fiduciaries will also be required to appoint an independent data auditor who will evaluate their compliance with the DPDP Act. The Central Government will also establish the Data Protection Board of India (the "DPB"), whose key functions include: (i) monitoring compliance and imposing penalties, (ii) directing data fiduciaries to take necessary measures in the event of a data breach, and (iii) hearing grievances made by data principals.

The Indian Ministry of Electronics and Information Technology has notified the Digital Personal Data Protection Rules, 2025 ("DPDP Rules") on November 13, 2025. The DPDP Rules, regulate the processing of personal data in India, ensuring individuals privacy rights are protected. The DPDP Rules apply to all entities that process digital personal data, both within India and abroad. It mandates the conduct of data protection impact assessments for high-risk processing activities and requires the notification of data breaches within a stipulated timeframe.

The Electricity Act, 2003 ("Electricity Act") and The Electricity Rules, 2005 ("Electricity Rules") and the Central Electricity Authority (Measures relating to Safety and Electric Supply) Regulations, 2010

The Electricity Act consolidates the laws relating to generation, transmission, distribution, trading and use of electricity. It lays down provisions in relation to transmission and distribution of electricity. It states that the Central Electricity Authority may in consultation with the State Government specify suitable measures for specifying action to be taken in relation to any electric line or electrical plant, or any electrical appliance under the control of a consumer for the purpose of eliminating or reducing the risk of personal injury or damage to property or interference with its use.

Electricity Rules define the requirements for captive generating plants, mandating not less than twenty six percent ownership and fifty-one percent annual consumption by captive users. They also describe the distribution system and require Transmission Licensees to comply with directions from Load Despatch Centres for system availability. Furthermore, distribution licensees are obligated to establish a Consumer Redressal Forum and cooperate with an Ombudsman appointed by the State Commission. The Electricity Rules address tariffs, permit inter-State trading license holders to trade intra-State, and specify procedures for appeals and cognizance of offences under the Electricity Act.

TAX RELATED *LEGISLATIONS*

Income Tax Act, 1961/ 2025

The IT Act is applicable to every Company, whether domestic or foreign whose income is taxable under the provisions of the IT Act or Rules made thereunder depending upon its Residential Status and Type of Income involved. The IT Act provides for the taxation of persons resident in India on global income and persons not resident in India on income received, accruing or arising in India or deemed to have been received, accrued or arising in India. Every Company which is assessed for income tax under the IT Act is required to comply with the provisions thereof, including those relating to Tax Deduction at Source, Advance Tax, Minimum Alternative Tax and like. Every such Company is also required to file its returns by September 30 of each assessment year.

Goods and Services Tax Act, 2017

The GST Act levies indirect tax throughout India to replace many taxes levied by the Central and State Governments. The GST Act was applicable from July 1, 2017 and combined the Central Excise Duty, Commercial Tax, Value Added Tax (VAT), Food Tax, Central Sales Tax (CST), Introit, Octroi, Entertainment Tax, Entry Tax, Purchase Tax, Luxury Tax, Advertisement Tax, Service Tax, Customs Duty, Surcharges. GST is levied on all transactions such as sale, transfer, purchase, barter, lease, or import of goods and/or services. India has adopted a dual GST model, meaning that taxation is administered by both the Union and State Governments. Transactions made within a single state are levied with Central GST (CGST) by the Central Government and State GST (SGST) by the government of that state. For inter-state transactions and imported goods or services, an Integrated GST (IGST) is levied by the Central Government. GST is a consumption-based tax; therefore, taxes are paid to the state where the goods or services are consumed and not the state in which they were produced.

Maharashtra State Tax on Professions, Trades, Callings and Employment Act, 1975:

The Maharashtra State Tax on Professions, Trades, Callings, and Employment Act, 1975 was enacted by the Government

of Maharashtra to impose a tax on individuals engaged in various professions, trades, callings, and employment within the state. The objective of the Act is to generate revenue for the state by taxing income earned from these activities, while also regulating and managing the taxation process.
The Act imposes a tax on individuals or entities engaged in professions, trades, callings, and employment within the state of Maharashtra. This includes a wide range of activities, such as business, consultancy, and services. It applies to professionals like doctors, lawyers, accountants, architects, as well as businesses and individuals in various trades and services.

Jharkhand State Tax on Professions, Trades, Callings and Employment Act, 2011:

The Jharkhand State Tax on Professions, Trades, Callings, and Employment Act, 2011 was enacted by the Government of Jharkhand to impose a tax on individuals engaged in various professions, trades, callings, and employment within the state. The objective of the Act is to generate revenue for the state by taxing income earned from these activities, while also regulating and managing the taxation process.

This includes a wide range of activities, such as business, consultancy, and services. It applies to professionals like doctors, lawyers, accountants, architects, as well as businesses and individuals in various trades and services.

INTELLECTUAL PROPERTY LAWS

Certain laws relating to intellectual property rights under the Trade Marks Act, 1999 and the Designs Act, 2000 are applicable to us.

Trade Marks Act, 1999 ("Trade Marks Act")

The Trade Marks Act provides for the application and registration of trademarks in India. The purpose of the Trade Marks Act is to register trademarks applied for in India and to provide for better protection of trademarks for goods and services and also to prevent use of fraudulent marks. Application for the registration of trademarks has to be made to the Trade Marks registry by any person or persons claiming to be the proprietor of a trade mark, whether individually or as joint applicants, and can be made on the basis of either actual use or intention to use a trademark in the future. The Trade Marks Act prohibits any registration of trademarks which are identical/similar to other trademarks or commonly used names of chemical compounds among others. It also provides for penalties for falsifying and falsely applying trademarks and using them to cause confusion among the public. The Trade Marks Act provides for civil remedies in the event of infringement of registered trademarks or for passing off, including injunction, damages, account of profits or delivery-up of infringing labels and marks for destruction or erasure.

The Copyright Act, 1957

The Copyrights Act governs copyright protection in India. Under the Copyright Act, copyright may subsist in original literary, dramatic, musical or artistic works, cinematograph films, and sound recordings. Following the issuance of the International Copyright Order, 1999, subject to certain exceptions, the provisions of the Copyright Act apply to nationals of all member states of the World Trade Organization.

While copyright registration is not a prerequisite for acquiring or enforcing a copyright, registration creates a presumption favoring ownership of the copyright by the registered owner. Copyright registration may expedite infringement proceedings and reduce delay caused due to evidentiary considerations. Once registered, the copyright protection of a work lasts for 60 years. The remedies available in the event of infringement of a copyright under the Copyright Act include civil proceedings for damages, account of profits, injunction and the delivery of the infringing copies to the copyright owner. The Copyright Act also provides for criminal remedies, including imprisonment of the accused, imposition of fines and seizure of infringing copies.

The Patents Act, 1970

The Patents Act, 1970 governs the patent regime in India. India is a signatory to the Trade Related Agreement on Intellectual Property Rights ("**TRIPS**"); Under the Indian Patents Act, 1970 (the "Patent Act") term invention means a new product or process involving an inventive step capable of industrial application. A patent under the Patent Act is an intellectual property right relating to inventions and grant of exclusive right, for limited period, provided by the

Government to the patentee, in exchange of full disclosure of his invention, for excluding others from making, using, selling and importing the patented product or process or produce that product. The Patents Act, 1970 provides for the following:

- Recognition of product patents in respect of food, medicine and drugs;
- Patent protection period of 20 years;
- Patent protections allowed on imported products; and
- Under certain circumstances, the burden of proof in case of infringement of process patents may be transferred to the alleged infringer.

The Patents (Amendment) Act, 2005 has made certain changes to the Patents Act, 1970 ("Patents Act"). The definition of inventive step in the Patents Act has been amended to exclude incremental improvements or ever greening of patents. Now, (a) an inventive step must involve a technical advance as compared to the existing knowledge or must have economic significance or both, and (b) the invention must be non-obvious to a person skilled in the art. Section 3(d) of the Patents Act has been amended to exclude the following from the definition of patents:

- the mere discovery of a new form of a known substance which does not result in the enhancement of the of that substance, or

The mere discovery of any new property or new use for a known substance or of the mere use of a known process, machine or apparatus unless such known process results in a new product or employs at least one new reactant.

Designs Act, 2000 ("DA") and the Designs Rules, 2001 ("DR")

The DA regulates and protects the originality of an article's design and prohibits the piracy of registered designs. The Central Government also drafted the DR under the authority of the DA for the purposes of specifying certain prescriptions regarding the practical aspects related to designs such as payment of fees, register for designs, classification of goods, address for service, restoration of designs, etc.

GENERAL *CORPORATE* LAWS

The Companies Act, 2013

The Companies Act, 2013, has replaced the Companies Act, 1956 in a phased manner. The Act received the assent of the President of India on 29th August 2013. The Companies Act 1956 is still applicable to the extent not repealed and the Companies Act, 2013 is applicable to the extent notified. The Companies Act deals with incorporation of companies and the procedure for incorporation and post incorporation. The conversion of private companies into public companies and vice versa is also laid down under the Companies Act, 2013. The procedure related to appointment of Directors, winding up, voluntary winding up, and appointment of liquidator also forms part of the Act. Further, Schedule V (read with sections 196 and 197), Part I lays down the conditions to be fulfilled for the appointment of a managing or whole-time director or manager. It provides the list of Acts under which if a person is prosecuted, he cannot be appointed as the director or Managing Director or Manager of a Company. The provisions relating to remuneration of the directors payable by the companies is under Part II of the said schedule.

The Sale of Goods Act, 1930

The Sale of Goods Act, 1930 governs contracts relating to sale of goods in India. The contracts for sale of goods are subject to the general principles of the law relating to contracts. A contract of sale may be an absolute one or based on certain conditions. The Sale of Goods Act contains provisions in relation to the essential aspects of such contracts, including the transfer of ownership of the goods, delivery of goods, rights and duties of the buyers and sellers, remedies for breach of contract and the conditions and warranties implied under a contract for sale of goods.

The Registration Act, 1908

The Registration Act, 1908 ("Registration Act") was enacted with the object of providing public notice of execution of documents affecting a transfer of interest in property. The Registration Act identifies documents for which registration is compulsory and includes among other things, any non-testamentary instrument which purports or operates to create, declare, assign, limit or extinguish, whether in present or in future, any right, title or interest, whether vested or contingent, in immovable property and a lease of immovable property for any term exceeding one year or reserving a yearly rent. It

also provides for non-compulsory registration of documents as enumerated in the provisions.

The Indian Contract Act, 1872

The Contract Act is the legislation which lays down the general principles relating to formation, performance and enforceability of contracts. The rights and duties of parties and the specific terms of agreement are decided by the contracting parties themselves, under the general principles set forth in the Contract Act. The Contract Act also provides for circumstances under which contracts will be considered as 'void' or 'voidable'. The Contract Act contains provisions governing certain special contracts, including indemnity, guarantee, bailment, pledge, and agency.

The Specific Relief Act, 1963

The Specific Relief Act is complementary to the provisions of the Contract Act and the Transfer of Property Act, as the Act applies both to movable property and immovable property. The Act applies in cases where the Court can order specific performance of a contract. Specific relief can be granted only for the purpose of enforcing individual civil rights and not for the mere purpose of enforcing a civil law. Specific performance means the Court will order the party to perform his part of the agreement, instead of imposing on him any monetary liability to pay damages to another party.

Negotiable Instruments Act, 1881

In India, cheques are governed by the Negotiable Instruments Act, 1881, which is largely a codification of the English Law on the subject. To ensure prompt remedy against defaulters and to ensure credibility of the holders of the negotiable instrument a criminal remedy of penalty was inserted in Negotiable Instruments Act, 1881 in form of the Banking, Public Financial Institutions and Negotiable Instruments Laws (Amendment), 1988 which were further modified by the Negotiable Instruments (Amendment and Miscellaneous Provisions) Act, 2002. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheques not being honored by their bankers and returned unpaid. Section 138 of the Act, creates statutory offense in the matter of dishonor of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two years, or with fine which may extend to twice the amount of the cheque, or with both.

Competition Act, 2002

The Act is to prevent practices having adverse effects on competition, to promote and sustain competition in markets, to protect interest of consumers and to ensure freedom of trade in India. The Act deals with prohibition of anti-competitive agreements. No enterprise or group shall abuse its dominant position in various circumstances as mentioned under the Act.

Industrial Disputes Act, 1947 ("ID Act") and Industrial Dispute (Central) Rules, 1957

The ID Act and the Rules made thereunder provide for the investigation and settlement of industrial disputes. The ID Act was enacted to make provision for investigation and settlement of industrial disputes and for other purposes specified therein. Workmen under the ID Act have been provided with several benefits and are protected under various labthe legislations, whilst those persons who have been classified as managerial employees and earning salary beyond prescribed amount may not generally be afforded statutory benefits or protection, except in certain cases.

Employees may also be subject to the terms of their employment contracts with their employer, which contracts are regulated by the provisions of the Indian Contract Act, 1872. The ID Act also sets out certain requirements in relation to the termination of the services of the workman. The ID Act includes detailed procedure prescribed for resolution of disputes with labour, removal and certain financial obligations up on retrenchment. The Industrial Dispute (Central) Rules, 1957 specify procedural guidelines for lockouts, closures, lay-offs and retrenchment.

SEBI Regulations

Securities and Exchange Board of India is the regulatory body for securities market transactions including regulation of listing and delisting of securities. It forms various rules and regulations for the regulation of listed entities, transactions of securities, exchange platforms, securities market, and intermediaries thereto. Apart from other rules and regulations, listed entities are mainly regulated by SEBI Act, 1992, Securities Contract Regulation Act, 1956, Securities Contracts (Regulation) Rules, 1957, SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 and SEBI (Listing Obligations and Disclosure Requirement) Regulations, 2015, SEBI (Substantial Acquisition of Shares and Takeover)

Regulations, 2011 and SEBI (Prohibition of Insider Trading) Regulations, 2015.

FOREIGN INVESTMENT LAWS

The Foreign Trade (Development and Regulation) Act, 1992 and the rules framed thereunder ("FTA")

The FTA is the main legislation concerning foreign trade in India. The FTA, read along with the Foreign Trade (Regulation) Rules, 1993, provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India and for matters connected therewith or incidental thereto. It authorizes the government to formulate as well as announce the foreign trade policy and to keep amending the same on a timely basis. The government has also been given wide powers to prohibit, restrict and regulate the exports and imports in general as well as specified cases of foreign trade. The FTA read with the Foreign Trade Policy, 2023, prohibits anybody from undertaking any import or export except under an importer exporter code ("**IEC**") number granted by the Director General of Foreign Trade. Hence, every entity in India engaged in any activity involving import/export is required to obtain an IEC unless specifically exempted from doing so. The IEC shall be valid until it is suspended or cancelled by the issuing authority. An IEC number allotted to an applicant is valid for all its branches, divisions, units and factories. Failure to obtain the IEC number shall attract a penalty under the FTA.

The Foreign Exchange Management Act, 1999 ("FEMA") and regulations framed thereunder

Foreign investment in India is governed primarily by the provisions of the FEMA, and the rules, regulations and notifications thereunder, as issued by the RBI from time to time and the Consolidated FDI Policy. In terms of the Consolidated FDI Policy, foreign investment is permitted (except in the prohibited sectors) in Indian companies either through the automatic route or the Government route, depending upon the sector in which the foreign investment is sought to be made. In terms of the Consolidated FDI Policy, the work of granting government approval for foreign investment under the Consolidated FDI Policy and FEMA has now been entrusted to the concerned administrative ministries/departments.

The FEMA Rules were enacted on October 17, 2019 in supersession of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017, except for things done or omitted to be done before such supersession. The total holding by any individual NRI, on a repatriation basis, shall not exceed five percent of the total paid-up equity capital on a fully diluted basis or shall not exceed five percent of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10 percent may be raised to 24 percent if a special resolution to that effect is passed by the general body of the Indian company.

With effect from April 1, 2020, the aggregate limit for investment by FPIs shall be the sectoral caps applicable to Indian companies as laid out in paragraph 3(b) of Schedule I of FEMA Rules, with respect to paid-up equity capital on fully diluted basis or such same sectoral cap percentage of paid-up value of each series of debentures or preference shares or share warrants provided that such aggregate limit may be decreased by the Indian company concerned to a lower threshold limit of 24% or 49% or 74% as deemed fit, with the approval of its board of directors and its shareholders through a resolution and a special resolution, respectively before March 31, 2020. Further, the Indian company which has decreased its aggregate limit to 24% or 49% or 74%, may increase such aggregate limit to 49% or 74% or the sectoral cap or statutory ceiling respectively as deemed fit, with the approval of its board of directors and its shareholders through a resolution and a special resolution, respectively. However, once the aggregate limit has been increased to a higher threshold, the Indian company cannot reduce the same to a lower threshold.

The aggregate limit with respect to an Indian company in a sector where FDI is prohibited shall be 24%. Further, in accordance with Press Note No. 4 (2020 Series), dated April 17, 2020, issued by the DPIIT, all investments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, will require prior approval of the Government of India, as prescribed in the Consolidated FDI Policy.

LAWS RELATING TO SPECIFIC STATE WHERE ESTABLISHMENT IS SITUATED

Stamp Act

The purpose of the Stamp Act was to streamline and simplify transactions of immovable properties and securities by the

State Government. The Stamp Act provides for the imposition of stamp duty at the specified rates on instruments listed in Schedule IA of the Stamp Act. Stamp duty is payable on all instruments/ documents evidencing a transfer or creation or extinguishment of any right, title or interest in immovable property. However, under the Constitution of India, the states are also empowered to prescribe or alter the stamp duty payable on such documents executed within the states. Therefore, the State Government of Haryana is empowered to prescribe or alter the stamp duty as per their need.

Municipality Laws

Pursuant to the Constitution (Seventy-Fourth Amendment) Act, 1992, the respective state legislatures in India have power to endow the municipalities with power to implement schemes and perform functions in relation to matters listed in the Twelfth Schedule to the Constitution of India. The respective states of India have enacted laws empowering the municipalities to issue trade licenses for operating eating outlets and implementation of regulations relating to such licenses along with prescribing penalties for non-compliance.

Prevention of Black Marketing and Maintenance of Supplies Act, 1980:

The Prevention of Black Marketing and Maintenance of Supplies Act, 1980 (commonly known as the Black-Marketing Act) is a law enacted by the Government of India to curb black marketing, hoarding, and profiteering in essential commodities. The primary objective of the Act is to ensure the availability of essential goods and services at fair prices, prevent artificial scarcity, and protect consumers from exploitation.

LABOUR LAW LEGISLATIONS

The employment of workers, depending on the nature of activity, is regulated by a wide variety of generally applicable labour laws. The following in an indicative list of labour laws which may be applicable to our Company due to the nature of our business activities:

Shops and establishments legislations

Under the provisions of local shops and establishments legislations applicable in the states in which establishments are set up, establishments are required to be registered. Such legislations regulate the working and employment conditions of the workers employed in shops and establishments including commercial establishments and provide for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees. All industries have to be registered under the shops an establishments legislation of the state where they are located. There are penalties prescribed in the form of monetary fine or imprisonment for violation of the legislations.

The Code on Wages, 2019 (the "Code")

The Wages Code regulates minimum wages, floor wages, payment of wages, permissible deductions, bonus and equal remuneration. The provisions of the Code came into effect pursuant to a notification issued by the Ministry of Labour and Employment with effect from November 21, 2025 as part of the implementation of the four Labour Codes rationalising 29 existing central labour laws. The Code will replace the four existing ancient laws namely (i) the Payment of Wages Act, 1936, (ii) the Minimum Wages Act, 1948, (iii) the Payment of Bonus Act, 1965, and (iv) the Equal Remuneration Act, 1976. The Code will apply to all employees and allow the Central Government to set a minimum statutory wage.

The Wages Code extends to the whole of India and also introduces a harmonised definition of "wages", prohibits discrimination on grounds of gender in matters of wages and recruitment for the same work or work of a similar nature, and confers a statutory right to minimum wages for all employees, supported by a national floor wage below which State minimum wages cannot fall. The Wages Code also provides for advisory boards, an Inspector- cum-Facilitator based compliance regime, maintenance of prescribed registers and issuance of wage slips, and offences and penalties for non-compliance.

The Code on Social Security, 2020

The Social Security Code is a central legislation enacted to modernise and consolidate the laws relating to social security with the objective of extending social security coverage to employees and workers in the organised, unorganised, gig and platform sectors across India; it received the assent of the President of India on September 28, 2020 and, pursuant to a notification issued by the Ministry of Labour and Employment under Section 1(3), has been brought into force with effect from November 21, 2025 as part of the implementation of the four Labour Codes rationalising 29 existing central labour

laws.

The Social Security Code consolidates and replaces nine central enactments, including the Employees' Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Employment Exchanges (Compulsory Notification of Vacancies) Act, 1959, the Maternity Benefit Act, 1961, the Payment of Gratuity Act, 1972, the Cine Workers Welfare Fund Act, 1981, the Building and Other Construction Workers Welfare Cess Act, 1996 and the Unorganised Workers' Social Security Act, 2008. Among other matters, it provides the framework for social security schemes relating to provident fund, pension and deposit-linked insurance, employees' state insurance, maternity benefits, gratuity, employee compensation and welfare of building and other construction workers, as well as social security schemes for unorganised workers, gig workers and platform workers, and establishes or continues social security organisations such as the Central Board of Trustees of the Employees' Provident Fund, the Employees' State Insurance Corporation, the National and State Social Security Boards for unorganised workers and State Building and Other Construction Workers' Welfare Boards.

The Social Security Code also contemplates electronic registration of establishments, technology-enabled record- keeping and benefit delivery, and empowers the Central and State Governments to extend the application of EPF, ESIC and other schemes to additional classes of establishments and workers.

The Social Security Code and the rules and schemes framed thereunder, provides for to registration of eligible establishments, enrolment of employees under the Employees' Provident Fund and Employees' State Insurance schemes, payment of employer and employee contributions, provision of statutory gratuity, maternity and employee compensation benefits, facilitation of social security for eligible contract, unorganised, gig or platform workers engaged in its operations, and maintenance of prescribed records and returns, and any non-compliance may result in interest, penalties and other enforcement action.

The Government of India enacted 'The Code on Social Security, 2020 which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume 9 separate legislations including the Employee's Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961 and the Payment of Gratuity Act, 1972. The relevant laws that the code shall subsume, are currently as follows:

Maternity Benefit Act, 1961

The Act provides for leave and right to payment of maternity benefits to women employees in case of confinement or miscarriage etc. The Act is applicable to every establishment which is a factory, mine or plantation including any such establishment belonging to government and to every establishment of equestrian, acrobatic and other performances, to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a state, in which 10 or more persons are employed, or were employed, on any day of the preceding twelve months; provided that the state government may, with the approval of the Central Government, after giving at least two months' notice shall apply any of the provisions of this Act to establishments or class of establishments, industrial, commercial, agricultural or otherwise.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 ("SHWW Act")

The SHWW Act provides for the protection of women at the workplace and the prevention of sexual harassment at the workplace. The SHWW Act also provides for a redressal mechanism to manage complaints in this regard. Sexual harassment, under the SHWW Act, includes one or more of the following acts or behaviours namely, physical contact and advances; a demand or request for sexual favours; making sexually coloured remarks; showing pornography; or any other unwelcome physical, verbal or non-verbal conduct of a sexual nature. The SHWW Act makes it mandatory for every employer of a workplace to constitute an internal complaints committee which shall always be presided upon by a woman. It also provides for the manner and time period within which a complaint shall be made to the internal complaints committee i.e., a written complaint is to be made within a period of three (3) months from the date of the last incident. If the establishment has less than ten (10) employees, then the complaints from employees of such establishments as also complaints made against the employer himself shall be received by the local complaints committee. Non-compliance with the provisions of the SHWW Act is punishable with a fine of up to ₹50,000 (Rupees Fifty Thousand only).

Child Labour (Prohibition and Regulation) Act, 1986 (the "CLPR Act")

The CLPR Act seeks to prohibit the engagement of children in certain occupations and to regulate the conditions of work

of children in certain other occupations. Part B of the Schedule to the CLPR Act strictly prohibits employment of children in cloth printing, dyeing and weaving processes and cotton ginning and processing and production of hosiery goods.

Occupational Safety, Health and Working Conditions Code, 2020

The Code received the assent of the President of India on September 28, 2020, and it subsumes 12 existing legislations, including the Factories Act, 1948, the Contract Labour (Regulation and Abolition) Act, 1970, the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979, and the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996. The Code provides for, inter alia, standards for health, safety and working conditions for employees of the establishments. The provisions of this Code have been brought into force with effect from November 21, 2025. The Central government and State government are yet to notify the rules under this Code

***ENVIRONMENTAL* REGULATIONS**

The Environment Protection Act, 1986 ("Environment Protection Act")

The purpose of the Environment Protection Act is to act as an "umbrella" legislation designed to provide a framework for Central government co-ordination of the activities of various central and state authorities established under previous laws. The Environment Protection Act authorizes the central government to protect and improve environmental quality, control and reduce pollution from all sources, and prohibit or restrict the setting and /or operation of any industrial facility on environmental grounds. The Act prohibits persons carrying on business, operation or process from discharging or emitting any environmental pollutant in excess of such standards as may be prescribed. Where the discharge of any environmental pollutant in excess of the prescribed standards occurs or is apprehended to occur due to any accident or other unforeseen act, the person responsible for such discharge and the person in charge of the place at which such discharge occurs or is apprehended to occur is bound to prevent or mitigate the environmental pollution caused as a result of such discharge and should intimate the fact of such occurrence or apprehension of such occurrence; and (b) be bound, if called upon, to render all assistance, to such authorities or agencies as may be prescribed.

Air (Prevention and Control of Pollution) Act, 1981

Air (Prevention and Control of Pollution) Act 1981was enacted with an objective to protect the environment from smoke and other toxic effluents released in the atmosphere by industries. With a view to curb air pollution, the Act has declared several areas as air pollution control area and also prohibits the use of certain types of fuels and appliances. Prior written consent is required of the board constituted under the Act, if a person intends to commence an industrial plant in a pollution control area.

The Noise Pollution (Regulation & Control) Rules 2000 ("Noise Regulation Rules")

The Noise Regulation Rules regulate noise levels in industrial, commercial and residential zones. The Noise Regulation Rules also establish zones of silence of not less than 100 meters near schools, courts, hospitals, etc. The rules also assign regulatory authority for these standards to the local district courts. Penalty for non-compliance with the Noise Regulation Rules shall be under the provisions of the Environment (Protection) Act, 1986.

Water (Prevention and Control of Pollution) Act, 1974

The Water (Prevention and Control of Pollution) Act 1974 was enacted with an objective to protect the rivers and streams from being polluted by domestic and industrial effluents. The Act prohibits the discharge of toxic and poisonous matter in the river and streams without treating the pollutants as per the standard laid down by the Pollution control boards constituted under the Act. A person intending to commence any new industry, operation or process likely to discharge pollutants must obtain prior consent of the board constituted under the Act.

National Environmental Policy, 2006

The Policy seeks to extend the coverage, and fill in gaps that still exist, in light of present knowledge and accumulated experience. This policy was prepared through an intensive process of consultation within the Government and inputs from experts. It does not displace, but builds on the earlier policies. It is a statement of India's commitment to making a positive contribution to international efforts. This is a response to the national commitment to a clean environment, mandated in the Constitution in Articles 48 A and 51 A (g), strengthened by judicial interpretation of Article 21. The dominant theme of this policy is that while conservation of environmental resource is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resource obtain better

livelihoods from the fact of conservation, than from degradation of the resource. Following are the objectives of National Environmental Policy:

- Conservation of Critical Environmental Resources
- Intra-generational Equity: Livelihood Security for the Poor
- Inter-generational Equity
- Integration of Environmental Concerns in Economic and Social Development
- Efficiency in Environmental Resource Use
- Environmental Governance
- Enhancement of resource for Environmental Conservation

Dear Sirs,

1. We, **Mittal Agarwal & Company, Chartered Accountants** ('we' or 'us') have examined the attached Restated Financial Statements of **Sanwariya Multiventures Limited,** (the "Company" or the "Issuer"), comprising the Restated Statement of Assets and Liabilities as at March 31, 2026, March 31, 2025 and March 31, 2024, the Restated Statements of Profit and Loss and the Restated Cash Flow Statement for the year ended March 31, 2026, March 31, 2025 and March 31, 2024, the Summary Statement of Significant Accounting Policies, the Notes and Annexures as forming part of these Restated Financial Statements (collectively, the "Restated Financial Information"), as approved by the Board of Directors of the Company at their meeting held on 10th September 2026, for the purpose of inclusion in the Red Herring Prospectus and Prospectus (cumulatively hereinafter referred to as **"Offer Document"**) prepared by the Company in connection with its proposed initial public offer of equity shares ("SME IPO") prepared in accordance with the requirements of:

    a) Section 26 and 32 of Part I of Chapter III of the Companies Act 2013 (the "Act").

    b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 as amended ("ICDR Regulations");

    c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) (as amended) issued by the Institute of Chartered Accountants of India ("ICAI"), (the "Guidance Note").

Management's Responsibility for the Restated Financial Information

2. The Company's Board of Directors is responsible for the preparation of the Restated Financial Information for the purpose of inclusion in the Offer Document to be filed with Securities and Exchange Board of India ("SEBI"), BSE Limited ("BSE"), and the Registrar of Companies, Jaipur in connection with the proposed SME IPO. The Restated Financial Information has been prepared by the management of the Company on the basis of preparation stated in Note 1 to the Restated Financial Information. The responsibility of Board of Directors of the Company includes designing, implementing and maintaining adequate internal control relevant to the preparation and presentation of the Restated Financial Information. The respective Board of Directors are also responsible for identifying and ensuring that the Company complies with the Act, (SEBI) ICDR Regulations and the Guidance Note.

Auditors' Responsibilities

3. We, M/s. Mittal Agarwal & Company, Chartered Accountants have been subjected to the peer review process of the Institute of Chartered Accountants of India (ICAI) and our peer review certificate is valid as on the date of signing of this report.

4. We have examined such Restated Financial Information taking into consideration:

    a) the terms of reference and terms of our engagement agreed upon with you in accordance with our engagement letter dated 07/09/2026, requesting us to carry out the assignment, in connection with the proposed IPO of equity shares of the Company;

    b) The Guidance Note also requires that we comply with ethical requirements of the Code of Ethics Issued by the Institute of Chartered Accountants of India;

c) concepts of test checks and materiality to obtain reasonable assurance based on the verification of evidence supporting the Restated Financial Information; and

d) the requirements of Section 26 and 32 of the Act and the ICDR Regulations.

Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act and the ICDR Regulations in connection with the proposed SME IPO of the equity shares of the Company.

Restated Financial Information

5. These Restated Financial Information has been compiled by the management of the Company from the Audited Financial Statements of the Company as at and for the year ended March 31, 2026, March 31, 2025 and March 31, 2024 prepared in accordance with the Accounting Standards notified under Section 133 of the Act, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2021, and other accounting principles generally accepted in India, which have been approved by the Board of Directors.

6. For the purpose of our examination, we have relied on the Auditors' Report issued by **M/s A N P M & Co. LLP, Chartered Accountants** dated September 04, 2026 on the Audited Financial Statements of the Company as at and for the year ended March 31, 2026 and the Auditors' Reports issued by **M/s A Bhutra & Associates, Chartered Accountants** dated September 26, 2025 and September 21, 2024, on the Audited Financial Statements of the Company as at and for the year ended March 31, 2025 and March 31, 2024 respectively as referred in Paragraph 5 above.

7. Based on our examination and according to the information and explanations given to us as at and for the years ended March 31, 2026, March 31, 2025, and March 31, 2024, we report that Restated Financial Information:

A General information

Sanwariya Multiventures Limited ('the Company') was incorporated on 29th September 2022. The registered office of the company is 1st Floor at Nahar Niwas, Pratap Marg Colony, Swaropsagar, Udaipur Pratapnagar, Girwa, Rajasthan, India, 313001.

Converted into Public Limited company vide Certificate of Incorporation issued by Ministry of Corporate Affairs on 8th September 2025.

All amounts in the financial statements are presented in Indian Rupees (₹).

B Summary of significant accounting policies

a) Basis of preparation

The Restated Statement of Assets and Liabilities of the Sanwariya Multiventures Limited for the years ended 31st March 2026, 2025,and 2024 and the Restated Statement of Profit and Loss and the Restated Statement of Cash flows, for the years ended 31st March 2026, 2025 and 2024 (together referred as Financial and Other Financial Information have been extracted by the Management from the Audited Financial Statements of the Company for the respective years ("Audited Financial Statements").

The Audited Financial Statements were prepared in accordance with generally accepted accounting principles in India (Indian GAAP) at the relevant time. The Company has prepared the Restated Summary Statements to comply with in all material aspects with the Accounting Standards notified under Section 133 of the Companies Act, 2013 ("the Act"), read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and Companies (Accounting Standards) Amendment Rules, 2021. The Restated Summary Statements have been prepared on accrual basis and under the historical cost convention.

The Restated Financial Information and Other Financial Information have been prepared by the management in connection with the proposed listing of equity shares of the Company with BSE Limited and National Stock Exchange of India Limited (together 'the stock exchange'), in accordance with the requirements of:

a) Section 26 read with applicable provisions within Rules 4 to 6 of the Companies (Prospectus and Allotment of Securities) Rules, 2014 to the Companies Act, 2013; and
(b) The SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 issued by the Securities and Exchange Board of India ("SEBI"), as amended from time to time read along with the SEBI circular SEBI/HO/CFD/DIL/CIR/P/2016/47 dated March 31, 2016 (together referred to as the "SEBI Regulations").
These Restated Financial Information and Other Financial Information have been extracted by the Management from the Audited Financial Statements and :
- there were no audit qualifications on these financial statements,
- there were no changes in accounting policies during the years of these financial statements,
- material amounts relating to adjustments for previous years in arriving at profit/loss of the years to which they relate, have been appropriately adjusted,
- adjustments for reclassification of the corresponding items of income, expenses, assets and liabilities, in order to bring them in line with the groupings as per the Audited Financial Statements of the Company as at and for the year ended March 31, 2026 and the requirements of the SEBI Regulations, and
- the resultant tax impact on above adjustments has been appropriately adjusted in deferred tax in the respective years and the impact of current tax in respect of short/excess income tax arising out of assessments, appeals, revised income tax returns, etc., has been adjusted in the current tax of respective years to which they relate.
All assets and liabilities have been classified as current or non-current as per the normal operating cycle and other prescribed criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and services rendered and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

Note 1: Corporate Information and Significant Accounting Policies

b) Use of estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of financial statements and the reported amounts of revenues and expenses during the year. The key estimates made by the Company in preparing these financial statements include provision for doubtful receivables, future obligations under employee retirement benefit plans, income taxes and the useful lives of property, plant and equipment and intangible assets. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from those estimates and the difference between the actual result and the estimates are recognised in the financial statements in the period in which the results are known/materialise.
Assets and liabilities are classified as current or non-current as per Company's normal operating cycle and other criteria set out in schedule III to the Act. Based on the nature of work, the Company has ascertained its operating cycle as upto twelve months for the purpose of current and non-current classification of assets and liabilities.

c) Property, Plant and Equipment

Property, plant and equipment are carried at cost, less accumulated depreciation/amortization and impairment losses, if any. Costs include all expenses incurred to bring the asset to its present location and condition.

Depreciation is provided under Written Down Value method , derived based on the estimated useful life of the property, plant and equipment, as detailed below, determined by the management based on an assessment earlier carried out on the extent of usage of these assets considering the nature of business, accordingly these useful lives are lower than those prescribed by Schedule II to the Act. The management is of the view that scaffolding items has useful life of 4 years only.

Gains or losses arising on the disposal of the property, plant and equipment are determined as the difference between the disposal proceeds and the carrying amount of the assets and are recognized in the statement of profit and loss within other income or other expenses, as the case may be.

d) Intangible assets and amortization

Acquired capital software licenses are capitalized on the basis of the costs incurred to acquire and install the specific software. These assets are amortized over the estimated useful lives on straight line basis, commencing from the date the asset is available to the Company for its use.
After initial recognition, intangible assets are carried at its cost less any accumulated amortization and any accumulated impairment losses.

When an intangible asset is disposed of, the gain or loss on disposal is determined as the difference between the disposal proceeds and the carrying amount of the asset, and is recognized within the statement of profit and loss within other income or other expenses, as the case may be.
The amortization period and method are reviewed at each balance sheet date. If the expected useful life of the asset is significantly different from the previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefit from the asset, the method of amortization is changed to reflect the changed pattern. Such changes are accounted in accordance with Accounting Standard (AS) 5, Net Profit or Loss for the Period, Prior Period Items and Changes in Accounting policies.

e) Impairment

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. An asset's recoverable amount is the higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life.

If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost and is accordingly reversed in the statement of profit and loss.

Note 1: Corporate Information and Significant Accounting Policies

f) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable and is stated net of goods and services tax, trade discounts and rebates.

Rendering of services

Revenue from the rendering of services is recognised by reference to the stage of completion of the transaction at the balance sheet date under the proportionate completion method, where the outcome of the transaction can be estimated reliably. The stage of completion is determined by reference to the proportion that costs incurred to date bear to the total estimated costs of the transaction. Where the outcome of a transaction cannot be estimated reliably, revenue is recognised only to the extent of the costs incurred that are considered recoverable.

Revenue recognised in excess of amounts billed is carried as unbilled revenue. Amounts billed in excess of revenue recognised are carried as advances from customers. Amounts retained by customers under the terms of the contract, and recoverable on completion of the contract or on the expiry of the defect liability period, are carried as retention money receivable and are classified as current or non-current by reference to the period within which they are expected to be realised.

Provision for an expected loss on a contract is recognised in the period in which the loss becomes probable, measured by reference to the estimated costs to complete the contract.

Other income

Interest income is recognised on a time proportion basis, taking into account the amount outstanding and the rate applicable.

Dividend income is recognised when the right to receive payment is established.

Gains and losses on the sale or redemption of units of mutual funds are recognised on the date of sale or redemption, being the difference between the net proceeds and the carrying amount of the units.

g) Employee benefits

Short-term employee benefits

Short-term employee benefits are those that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service. These are recognised at their undiscounted amounts as an expense in the statement of profit and loss of the period in which the service is rendered. A liability is recognised for the amount expected to be paid towards salaries, wages, bonus, short-term compensated absences and other short-term benefits where the Company has a present obligation as a result of past service rendered by the employee and a reliable estimate of the obligation can be made.

Provident fund

Retirement benefit in the form of provident fund is defined contribution scheme and the contributions are charged to the statement of profit and loss for the year when the contribution to the respective funds are due. There are no other obligations other than contribution payable to the regional provident fund.

Gratuity

Gratuity is a post-employment benefit and is in the nature of defined benefit plan. The liability recognized in the balance sheet in respect of gratuity is the present value of the defined benefit obligation as at the balance sheet date.

The defined benefit/obligation is calculated at the balance sheet date by an independent actuary using projected unit credit method. The actuarial gains or losses are recognized immediately in the Statement of profit and loss.

Other long-term employee benefits — compensated absences

The Company's liability towards compensated absences which are not expected to be settled wholly within twelve months after the end of the period in which the employees render the related service is treated as an other long-term employee benefit. The liability is measured on the basis of an actuarial valuation carried out as at the balance sheet date by an independent actuary using the projected unit credit method. Actuarial gains and losses are recognised immediately in the statement of profit and loss and are not deferred.

The liability is classified as a current liability to the extent that the Company does not have an unconditional right to defer its settlement for at least twelve months after the balance sheet date, and as a non-current liability to the extent of the balance.

Termination benefits

Termination benefits are recognised as an expense in the statement of profit and loss in the period in which they are incurred.

Note 1: Corporate Information and Significant Accounting Policies

h) Foreign currency transactions

Foreign currency transactions are recorded using the exchange rates prevailing on the dates of the respective transactions duly approximated. Exchange differences arising on foreign currency transactions settled during the year are recognized in the statement of profit and loss.

Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date are converted using the foreign exchange rates on that date.

i) Taxation

i. Current Tax

Provision for tax for the year comprises current income tax and deferred tax. Provision for current income tax is made based on the estimated tax liability in accordance with the relevant tax rates and tax laws.
Current tax is payable on taxable profits, which differ from profit or loss in the financial statements. Current tax is computed based on tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period.

ii. Deferred tax

Deferred tax is recognised, subject to the consideration of prudence, on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws that have been enacted or substantively enacted as at the balance sheet date.
Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Where the Company has carried forward losses or unabsorbed depreciation under the tax laws, deferred tax assets are recognised only to the extent that there is virtual certainty, supported by convincing evidence, that such deferred tax assets can be realised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and is written down, or written up, to reflect the amount that is reasonably certain or virtually certain, as the case may be, of being realised.

Deferred tax assets and deferred tax liabilities are set off and the net amount is presented in the balance sheet where the Company has a legally enforceable right to set off assets against liabilities representing current tax, and where the deferred tax assets and the deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

Current tax and deferred tax relating to items recognised directly in reserves are recognised in reserves and not in the statement of profit and loss.

j) Leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

Assets acquired under leases where the Company has substantially all the risks and rewards of ownership are classified as finance leases. Such assets are capitalized at the inception of the lease at the lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

Note 1: Corporate Information and Significant Accounting Policies

k) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period.

The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

l) Cash flow statement

Cash flows are reported using the indirect method, whereby profit / loss before extraordinary items and tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, financing and investing activities of the Company are segregated based on the available information. Cash and Cash equivalents for the purpose of cash flow statement comprise cash at bank and in hand, including cheques in hand and short-term investments with an original maturity of three months or less.

m) Provisions, contingent liabilities and contingent assets

The Company creates a provision when there is present obligation as a result of past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. Contingent assets are neither recognized nor disclosed in the financial statements.

n) Inventories

Inventories are valued at the lower of cost and net realisable value.

Cost is determined on the weighted average basis and comprises the purchase price, duties and taxes other than those subsequently recoverable by the Company from the taxing authorities, freight inward, and other expenditure directly attributable to bringing the inventories to their present location and condition. Trade discounts, rebates and other similar items are deducted in determining the cost of purchase.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale. The comparison of cost and net realisable value is made on an item-by-item basis.

Stores, spares, consumables and other items held for consumption in the rendering of services are valued at the lower of cost and net realisable value and are charged to the statement of profit and loss as and when consumed.

Provision is made for obsolete, slow-moving, damaged and defective items of inventory, where appropriate, based on a review carried out at each balance sheet date.

Note 1: Corporate Information and Significant Accounting Policies

o) Investments

Investments that are readily realisable and are intended to be held for not more than one year from the date on which they are made are classified as current investments. All other investments are classified as long-term investments.

Investments are recorded at cost on the date of acquisition. Cost comprises the purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at the lower of cost and fair value, determined on an individual investment basis.

Long-term investments are carried at cost. A provision is made for a decline, other than temporary, in the value of a long-term investment, determined for each investment individually. Such a reduction is charged to the statement of profit and loss. Where there is a subsequent rise in the value of the investment, or where the reasons for the reduction no longer exist, the reduction is reversed and credited to the statement of profit and loss.

On the disposal or redemption of an investment, the difference between its carrying amount and the net disposal proceeds is recognised in the statement of profit and loss.

p) The company has not advanced or loaned or invested funds (either borrowed funds or share premium or any other source or kind of funds) to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding (whether recorded in writing or otherwise) that the Intermediary shall: (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or (ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries. Similarly, the company has not received any funds from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the company shall: (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

Explanation of Change in Ratio more than 25%

March 31, 2026 (vs FY25)
Current Ratio: Current assets, particularly trade receivables, grew at a faster pace than current liabilities.
Debt-Equity Ratio: Equity grew substantially on account of profit retained during the year, while debt increased at a much slower pace.

Inventory Turnover Ratio: Revenue grew sharply while average inventory remained largely stable.
Trade Payables Turnover Ratio: Trade payables grew faster than net credit purchases.
Net Capital Turnover Ratio: Working capital grew at a much faster pace than revenue.
Return on Investment: Income from invested funds grew faster than the average funds invested.

March 31, 2025 (vs FY24)

Debt-Equity Ratio: Equity increased sharply on account of profit earned during the year, while debt increased only marginally.
Debt Service Coverage Ratio: Profitability improved significantly while debt service obligations remained low.
Trade Receivables Turnover Ratio: Trade receivables grew faster than revenue.
Net Capital Turnover Ratio: Working capital, which was negative in the prior year, turned positive as current assets grew proportionately more than current liabilities.
Net Profit Ratio: Profit grew at a much faster pace than revenue, reflecting improved margins.
Return on Capital Employed: Profitability grew at a much faster pace than the capital employed in the business.

March 31, 2024 (vs FY23)

Current Ratio: Current assets grew faster than current liabilities, though the Company continued to operate with negative working capital.
Debt-Equity Ratio: Equity increased substantially on account of profit earned during the year, growing much faster than debt.
Debt Service Coverage Ratio: Profitability improved at a faster pace than the increase in debt service obligations.
Inventory Turnover Ratio: Revenue grew at a much faster pace than average inventory.
Trade Receivables Turnover Ratio: Revenue grew at a much faster pace than average trade receivables.
Trade Payables Turnover Ratio: Purchases grew faster than average trade payables, in line with the scale-up in operations.
Net Capital Turnover Ratio: The Company continued to operate with negative working capital in both years; the sharp growth in revenue against a small negative working capital base pushed the ratio further negative.
Return on Equity: Profit grew at a much faster pace than average shareholders' equity.
Return on Capital Employed: Profitability grew at a much faster pace than the capital employed, as the Company scaled up operations from a very low base.

Main Components of our Profit and Loss Account

Revenue from operations:

Revenue from operations mainly consists of revenue from sale of services. We provide integrated services to industrial clients in the mining, cement and steel sectors, comprising civil construction, civil maintenance, on-site fabrication, erection of machinery/equipment, transportation of staff and workers, and loading and unloading of muck. Our entire revenue from operations is earned within India. Revenue from the rendering of services is recognised by reference to the stage of completion of the transaction at the balance sheet date under the proportionate completion method, where the outcome of the transaction can be estimated reliably, and is stated net of goods and services tax, trade discounts and rebates. Revenue from operations accounted for 99.87%, 99.91% and 99.95% of our total income for the Financial Years 2025-26, 2024-25 and 2023-24, respectively.

Other Income:

Our other income primarily consists of interest income, including interest on fixed deposits held as margin money against bank guarantees, profit on sale of mutual funds, incentive received on provident fund and discounts and rebates. Interest income is recognised on a time proportion basis, taking into account the amount outstanding and the rate applicable, and gains on the sale or redemption of units of mutual funds are recognised on the date of sale or redemption. Other income accounted for 0.13%, 0.09% and 0.05% of our total income for the Financial Years 2025-26, 2024-25 and 2023-24, respectively.

Cost of Materials Consumed:

Cost of materials consumed comprises the cost of raw materials used in the execution of our projects and services. It is computed as the opening stock of raw materials, plus purchases made during the year, less the closing stock of raw materials. Inventories are valued at the lower of cost and net realisable value, with cost determined on a weighted average basis and comprising the purchase price, duties and taxes (other than those subsequently recoverable from the taxing authorities), freight inward and other expenditure directly attributable to bringing the inventories to their present location and condition. Cost of materials consumed accounted for 16.22%, 36.13% and 43.97% of our total income for the Financial Years 2025-26, 2024-25 and 2023-24, respectively.

Direct Expenses:

Direct expenses comprise costs that are directly attributable to the execution of our projects and service contracts. These primarily include Project Execution Cost paid to Subcontractors, Equipment / Vehicle Hiring Charges, Scaffolding & Structural Strengthening Expenses, Fuel Expenses, Consumables Expenses – Direct, Manpower Supply Charges, Safety Expenses, Freight Paid, Testing and Inspection Charges and Other Direct Expenses. Direct expenses form the largest component of our expenses and accounted for 49.55%, 27.88% and 23.16% of our total income for the Financial Years 2025-26, 2024-25 and 2023-24, respectively. During the Financial Year 2025-26, Project Execution Cost – Subcontractors of ₹ 2969.80 Lakhs and Equipment / Vehicle Hiring Charges of ₹ 1060.99 Lakhs together constituted 80.53% of our direct expenses.

Expenses:

Our expenses consist of cost of materials consumed, direct expenses, employee benefits expense, finance costs, depreciation and amortisation expenses and other expenses. Total expenses accounted for 86.64%, 89.33% and 97.15% of our total income for the Financial Years 2025-26, 2024-25 and 2023-24, respectively. Given the project-based and manpower-intensive nature of our services, direct expenses and employee benefits expense together constitute the major portion of our expenses, accounting for 78.05% of our total expenses for the Financial Year 2025-26.

Employee Benefits Expense:

Our employee benefits expense comprises salaries and wages paid to our workforce deployed at project sites, salary to staff, director's remuneration, contribution to provident fund and other statutory funds, gratuity expenses, uniform expenses and staff welfare expenses. Short-term employee benefits are recognised at their undiscounted amounts as an expense in the period in which the related service is rendered. Contributions to provident fund, being a defined contribution scheme, are charged to the statement of profit and loss when due. Gratuity, being a defined benefit plan, and compensated absences are provided for on the basis of an actuarial valuation carried out by an independent actuary using the projected unit credit method, and actuarial gains and losses are recognised immediately in the statement of profit and loss. Employee benefits expense accounted for 18.08%, 22.48% and 24.30% of our total income for the Financial Years 2025-26, 2024-25 and 2023-24, respectively, of which salaries and wages constituted 84.53% for the Financial Year 2025-26.

Finance Costs:

Our finance costs comprise interest on the cash credit facility availed from State Bank of India for our working capital requirements and interest on vehicle loans availed from State Bank of India, which carry interest at the rate of 8.60% per annum and are secured by hypothecation of the vehicles. Finance costs accounted for 0.04%, 0.07% and 0.60% of our total income for the Financial Years 2025-26, 2024-25 and 2023-24, respectively.

Depreciation and Amortization Expenses on Fixed Assets:

Depreciation and amortisation expenses comprise depreciation on our tangible assets, being computers, furniture and fittings, office equipment, plant and machinery (including scaffolding material) and vehicles, and amortisation of our intangible assets, being Tally software and web design. Depreciation is provided under the written down value method based on the useful lives of the assets as estimated by the management, which are lower than those prescribed under Schedule II to the Companies Act, 2013; the management estimates the useful life of scaffolding items at 4 years. Intangible assets are amortised on a straight-line basis over their estimated useful lives. Land is not depreciated. Depreciation and amortisation expenses accounted for 0.47%, 1.31% and 3.49% of our total income for the Financial Years 2025-26, 2024-25 and 2023-24, respectively.

Other Expenses:

Our other expenses consist of Auditor's Remuneration, Advertisement and Business Promotion Expenses, Bank Charges, Bank Guarantee Charges, Consumables Expenses – Indirect, Electricity Expenses, Insurance Expenses, Legal and Professional Expenses, Office Administrative Expenses, Interest on delay in payment of statutory dues, Office IT Expenses, Petrol and

Diesel Expenses, Printing and Stationery Expenses, Rents, Rates and Taxes, Repair and Maintenance Expenses, Telephone Expenses, Training Expenses and Travelling Expenses. Other expenses accounted for 2.28%, 1.46% and 1.63% of our total income for the Financial Years 2025-26, 2024-25 and 2023-24, respectively. The significant items of other expenses for the Financial Year 2025-26 were Legal and Professional Expenses of ₹ 61.68 Lakhs, Office Administrative Expenses of ₹ 39.71 Lakhs, Rents of ₹ 25.00 Lakhs, Rates and Taxes of ₹ 20.49 Lakhs and Bank Guarantee Charges of ₹ 17.48 Lakhs.

Tax Expenses:

Our tax expense comprises current tax and deferred tax. Current tax is determined on the taxable profits for the year in accordance with the provisions of the Income Tax Act, 1961. Deferred tax is recognised on timing differences between taxable income and accounting income, which primarily arise on account of the difference between depreciation as per the Income Tax Act, 1961 and the Companies Act, 2013, and provisions for employee benefits such as gratuity and leave encashment. Our total tax expense was ₹ 340.57 Lakhs, ₹ 62.39 Lakhs and ₹ 6.14 Lakhs for the Financial Years 2025-26, 2024-25 and 2023-24, respectively.

Financial Market Risk

Market risk is the risk of loss related to adverse changes in market prices, including interest rate risk. We are exposed to interest rate risk, inflation and credit risk in the normal course of our business.

Interest Rate Risk

We are currently exposed to interest to rate risks to the extent of outstanding loans. However, any rise in the future borrowings may increase the risk.

Effect of Inflation

We are affected by inflation as it has an impact on the operating cost, staff costs etc. In line with changing inflation rates, we rework our margins so as to absorb the inflationary impact.

Information required as per Item (11) (II) (C) (iv) of Part A of Schedule VI to the SEBI Regulations:

An analysis of reasons for the changes in significant items of income and expenditure is given hereunder:

1. Unusual or infrequent events or transactions

Except as described in this Draft Red Herring Prospectus, there have been no other events or transactions to the best of our knowledge which may be described as "unusual" or "infrequent". For further information on potential risks arising from certain non-recurring or infrequent transactions.

2. Significant economic changes that materially affected or are likely to affect income from continuing operations.

Our business has been subject to, and we expect it to continue to be subject to significant economic changes arising from the trends identified above in *'Factors Affecting our Results of Operations'* and the uncertainties described in the section entitled Risk Factor -'***If inflation rises in India, increased costs may result in a decline in the profits of our Company. Inflation rates in India have been volatile in recent years and such volatility may continue in the future.'*** under chapter titled ***"Risk Factor"*** beginning on page no. 24 of the Draft Red Herring Prospectus. To our knowledge, except as we have described in the Draft Red Herring Prospectus, there are no other known factors which we expect to bring about significant economic changes.

3. Known trends or uncertainties that have had or are expected to have a material adverse impact on sales, revenue or income from continuing operations.

Apart from the risks as disclosed in this Draft Red Herring Prospectus, in our opinion there are no other known trends or uncertainties that have had or are expected to have a material adverse impact on revenue or income from continuing operations.

For further information, please refer to Risk Factor **'*Changing laws, rules and regulations and legal uncertainties, including adverse application of corporate and tax laws, may adversely affect our business, results of operations, financial condition, and prospectus.'*** on page no 24 of this Draft Red Herring Prospectus.

4. Future changes in relationship between costs and revenues

Our Company's future costs and revenues will be determined by demand/supply situation, researches in technology, government policies and other economic factor.

JURISDICTION

Exclusive jurisdiction for the purpose of this Issue is with the competent courts/authorities in Jaipur.

The Equity Shares have not been, and will not be, registered under the U.S. Securities Act 1933, as amended (the "Securities Act") or any state securities laws in the United States and may not be offered or sold within the United States or to, or for the account or benefit of, "U.S. persons" (as defined in Regulation S under the Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Accordingly, the Equity Shares will be offered and sold outside the United States in compliance with Regulation S of the Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

The Equity Shares have not been, and will not be, registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Applicants are advised to ensure that any Application from them does not exceed investment limits or the maximum number of Equity Shares that can be held by them under applicable law. Further, each Applicant where required must agree in the Allotment Advice that such Applicant will not sell or transfer any Equity Shares or any economic interest therein, including any off-shore derivative instruments, such as participatory notes, issued against the Equity Shares or any similar security, other than in accordance with applicable laws.

NOMINATION FACILITY TO INVESTORS

In accordance with Section 72 (1) & 72 (2) of the Companies Act, 2013, the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 (3) of the Companies Act, 2013, be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in accordance to Section 72 (4) of the Companies Act, 2013, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Articles of Association of the Company, any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013, shall upon the production of such evidence as may be required by the Board, elect either:

1. to register himself or herself as the holder of the Equity Shares; or
2. to make such transfer of the Equity Shares, as the deceased holder could have made

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized mode there is no need to make a separate nomination with our Company. Nominations registered with respective Depository Participant of the Applicant would prevail. If the Applicant wants to change the nomination, they are requested to inform their respective Depository Participant.

Our Company shall comply with such disclosure and accounting norms as may be specified by SEBI from time to time.

The above timetable, other than Bid/ Issue Closing Date, is indicative and does not constitute any obligation on our Company and the BRLM. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within three (3) Working Days of the Issue Closing Date, the timetable may change due to various factors, such as extension of the Issue by our Company or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

The SEBI is in the process of streamlining and reducing the Post Issue timeline for Initial Public Offerings. Any circulars or notifications from the SEBI after the date of this Draft Red Herring Prospectus may result in changes to the above-mentioned timelines. Further, the Issue Procedure is subject to change to any revised circulars issued by the SEBI to this effect.

The BRLM will be required to submit reports of compliance with listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Bids-Cum Application Forms and any revisions to the same will be accepted only between 10.00 a.m. to 5.00 p.m. (Indian Standard Time) during the Issue Period at the Bidding Centers mentioned in the Bid cum Application Form.

On the Bid/ Issue Closing Date, the Bids shall be uploaded until:

(i) 4.00 P.M. IST in case of Bids by QIBs and Non-Institutional Investors, and
(ii) until 5.00 P.M. IST or such extended time as permitted by the Stock Exchange, in case of Bids by Individual Investors.

On the Bid/ Issue Closing Date, extension of time will be granted by the Stock Exchange only for uploading Bids received from Individual Investors after taking into account the total number of Bids received and as reported by the Book Running Lead Manager to the Stock Exchange.

The Registrar to the Issue shall submit the details of cancelled/ withdrawn/ deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/ Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the BRLM and the RTA on a daily basis.

To avoid duplication, the facility of re-initiation provided to Syndicate Members, if any shall preferably be allowed only once per Bid/batch and as deemed fit by the Stock Exchange, after closure of the time for uploading Bids.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Offer Closing Date, Investors are advised to submit their Bids one day prior to the Bid/Offer Closing Date, and are advised to submit their Bids no later than prescribed time on the Bid/ Offer Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Investors are cautioned that, in the event a large number of Bids are received on the Bid/Offer Closing Date, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Offer. Bids will be accepted only during Working Days i.e. Monday to Friday (excluding any public holdiays), during the Bid/Offer Period. Investors may please note that as per letter no. List/smd/sm/2006 dated July 3, 2006 and letter no. NSE/IPO/25101- 6 dated July 6, 2006 issued by BSE and NSE respectively, Bids and any revision in Bids shall not be accepted on Saturdays, Sundays and public holidays as declared by the Stock Exchanges. Bids by ASBA Bidders shall be uploaded by the relevant Designated Intermediary in the electronic system to be provided by the Stock Exchanges. The Designated Intermediaries shall modify select fields uploaded in the Stock Exchange Platform during the Bid/Offer Period till 5.00 pm on the Bid/Offer Closing Date after which the Stock Exchange(s) send the bid information to the Registrar to the Offer for further processing.

In accordance with SEBI ICDR Regulations, Bidders are not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shajres or the Application amount) at any stage.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid-Cum-Application Form, for a particular Bidder, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data

contained in the physical or electronic Bid-Cum- Application Form, for a particular ASBA Bidder, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

Our Company in consultation with the BRLM, reserves the right to revise the Price Band during the Bid/ Issue Period. The revision in the Price Band shall not exceed 20% on either side, i.e., the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly. The Floor Price shall not be less than the Face Value of the Equity Shares.

In case of any revision to the Price Band, the Bid/ Issue Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/ Issue Period not exceeding a total of 10 Working Days. In cases of force majeure, banking strike or similar unforeseen circumstances, our Company in consultation with the BRLM, for reasons to be recorded in writing, extend the Bid/ Issue Period for a minimum of one Working Days, subject to the Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/ Issue Period, if applicable, will be widely disseminated by notification to the Stock Exchange, by issuing a public notice, and also by indicating the change on the respective websites of the BRLM and the terminals of the Syndicate Members, if any and by intimation to SCSBs, other Designated Intermediaries and the Sponsor Bank, as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

MINIMUM SUBSCRIPTION AND UNDERWRITING

In accordance with Regulation 260(1) of the SEBI (ICDR) Regulations, our Issue shall be 100% underwritten. Thus, the underwriting obligations shall be for the entire hundred percent of the offer through the Draft Red Herring Prospectus and shall not be restricted to the minimum subscription level. Further, in accordance with Regulation 267 (2) of the SEBI ICDR Regulations, our Company shall ensure that the minimum application size shall not be less than Rs. 2,00,000 (Rupees Two Lakh) per application.

As per Section 39 of the Companies Act, 2013, if the "stated minimum amount" has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the issue through the Issue Document including devolvement of Underwriters, our Company shall forthwith refund the entire subscription amount received within two working days from the closure of the issue. If there is a delay beyond such time, our Company becomes liable to pay the amount, our Company and every officer in default will, on and from the expiry of this period, be jointly and severally liable to repay the money, with interest or other penalty as prescribed under the SEBI Regulations, the Companies Act 2013 and applicable laws.

In terms of Regulation 272(2) of SEBI ICDR Regulations, in case the Company fails to obtain listing or trading permission from the stock exchanges where the specified securities are proposed to be listed, it shall refund through verifiable means the entire monies received within four days of receipt of intimation from stock exchange(s) rejecting the application for listing of specified securities, and if any such money is not repaid within four days after the issuer becomes liable to repay it, the issuer and every director of the company who is an officer in default shall, on and from the expiry of the fourth day, be jointly and severally liable to repay that money with interest at the rate of fifteen per cent per annum.

The minimum number of allottees in this Issue shall be two hundred (200) shareholders. In case the minimum number of prospective allottees is less than two hundred (200), no allotment will be made pursuant to this Issue and the monies blocked by the SCSBs shall be unblocked as per SEBI ICDR Regulations and SEBI Circulars.

The equity shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and applications may not be made by persons in any such jurisdiction, except in compliance without the applicable laws of such jurisdiction.

NO RESERVATION FOR EIGIBLE NRIS, FPIS REGISTERED WITH SEBI

It is to be understood that there is no reservation for Eligible NRIs or FPIs registered with SEBI. Such Eligible NRIs, FPIs registered with SEBI will be treated on the same basis with other categories for the purpose of Allocation.

MIGRATION TO MAIN BOARD

As per the provisions of the Chapter IX of the SEBI (ICDR) Regulation, 2018, our Company may migrate to the main board of BSE from the SME Platform of BSE Limited on a later date subject to the following:

As per Regulation 280(2) of the SEBI ICDR Regulation, 2018, where the post-issue paid up capital of the Company listed on a BSE SME is likely to increase beyond twenty five crore rupees by virtue of any further issue of capital by the Company by way of rights issue, preferential issue, bonus issue, etc. the Company shall migrate its equity shares listed on a BSE SME to the Main Board and seek listing of the equity shares proposed to be issued on the Main Board subject to the fulfilment of the eligibility criteria for listing of equity shares laid down by the Main Board:

Provided that no further issue of capital shall be made unless –

a) the shareholders have approved the migration by passing a special resolution through postal ballot wherein the votes cast by shareholders other than promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal;

b) the Company has obtained an in-principle approval from the Main Board for listing of its entire specified securities on it.

Provided further that where the post-issue paid-up capital pursuant to further issue of capital including by way of rights issue, preferential issue, bonus issue, is likely to increase beyond Rs 25 crores, the Company may undertake further issuance of capital without migration from SME exchange to the main board, subject to the undertaking to comply with the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as applicable to companies listed on the main board of the stock exchange(s).

Further, pursuant to Regulation 277 of SEBI (ICDR) Regulations, 2018, If the post-issue Paid-up Capital of the Company is more than Rs 10 crores but below Rs. 25 crores, our Company may still apply for migration to the main board if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal and the Company also fulfils the eligibility criteria for listing laid down by the Main Board.

No Mutual Fund scheme shall invest more than 10.00% of its net asset value in equity shares or equity related instruments of any single company provided that the limit of 10.00% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10.00% of any company's paid-up share capital carrying voting rights.

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form. Failing this, our Company, in consultation with the BRLMs, reserve the right to reject any Bid without assigning any reason thereof.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which the Bid has been made.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

BIDS BY ELIGIBLE NRIS

Eligible NRIs may obtain copies of Bid cum Application Form from the Designated Intermediaries. Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Bidders bidding on a repatriation basis by using the Non- Resident Forms should authorize their SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident External ("NRE") accounts, or Foreign Currency Non-Resident ("FCNR") Accounts, and eligible NRI Bidders bidding on a non-repatriation basis by using Resident Forms should authorize their SCSB (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident Ordinary ("NRO") accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Participation of Eligible NRIs in the Issue shall be subject to the FEMA Rules.

In accordance with the Consolidated FDI Policy, the total holding by any individual NRI, on a repatriation or non-repatriation basis, shall not exceed 5.00% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5.00% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together, on a repatriation or non- repatriation basis, shall not exceed 10% of the total paid- up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10.00% may be raised to 24.00% if a special resolution to that effect is passed by the general body of the Indian company.

NRIs will be permitted to apply in the Issue through Channel I or Channel II (as specified in the UPI Circular). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circular) to apply in the Issue, provided the UPI facility is enabled for their NRE/ NRO accounts.

NRIs applying in the Issue using UPI Mechanism are advised to enquire with the relevant bank whether their bank account is UPI linked prior to making such application. For details of investment by NRIs, see **"*Restrictions on Foreign Ownership of Indian Securities*"** beginning on page 278 Participation of eligible NRIs shall be subject to FEMA NDI Rules.

BIDS BY FPIS

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) must be below 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA NDI Rules, with effect from April 1, 2020, the aggregate FPI investment limit is the sectoral cap applicable to an Indian company as prescribed in the FEMA NDI Rules with respect to its paid-up equity capital on a fully diluted basis. Currently, the sectoral cap for manufacturing sector in India is 100% under automatic route.
FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time. In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non-Residents.

In terms of the FEMA, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall

be included.

The FEMA NDI Rules were enacted on October 17, 2019 in supersession of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017, except as respects things done or omitted to be done before such supersession. **FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.**

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments(as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with 'know your client' norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing off-shore derivate instruments is also required to ensure that any transfer of off-shore derivative instruments issued by, or on behalf of it subject to, inter alia, the following conditions:

(i). such offshore derivative instruments are transferred to person subject to fulfilment of SEBI FPI Regulations; and

(ii). Prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred are pre-approved by the FPI.

Bids by FPIs which finalized the multi-investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of the SEBI FPI Regulations ("Operational FPI Guidelines"), submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs shall not be treated as multiple Bids ("MIM Bids"). It is hereby clarified that FPIs bearing the same PAN may be treated as multiple Bids by a Bidder and may be rejected, except for Bids from FPIs that finalized the multi- investment manager structure in accordance with the Operational FPI Guidelines (such structure referred to as "MIM Structure"). In order to ensure valid Bids, FPIs making MIM Bids using the same PAN and with different beneficiary account numbers, Client IDs and DP IDs, are required to submit a confirmation that their Bids are under the MIM Structure and indicate the name of their investment managers in such confirmation which shall be submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids shall be rejected.

BIDS BY SEBI-REGISTERED AIFS, VCFS AND FVCIS

The SEBI FVCI Regulations, SEBI VCF Regulations and the SEBI AIF Regulations prescribe, inter alia, the investment restrictions on the FVCIs, VCFs and AIFs registered with SEBI respectively. FVCIs can invest only upto 33.33% of the investible funds by way of subscription to an initial public offering. Category I AIF and Category II AIF cannot invest more than 25% of the investible funds in one Investee Company directly or through investment in the units of other AIFs. A Category III AIF cannot invest more than 10% of the investible funds in one Investee Company directly or through investment in the units of other AIFs. AIFs which are authorized under the fund documents to invest in units of AIFs are prohibited from offering their units for subscription to other AIFs. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Additionally, a VCF that has not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations (and accordingly shall not be allowed to participate in the Issue) until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

Further, the shareholding of VCFs, category I AIFs or category II AIFs and FVCIs holding Equity Shares prior to Issue, shall be locked-in for a period of at least one year from the date of purchase of such Equity Shares.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

The Company or the BRLMs will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLMs, reserve the right to reject any Bid without assigning any reason thereof.

BIDS BY BANKING COMPANIES

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLMs, reserves the right to reject any Bid without assigning any reason thereof. The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended and Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended, is 10.00% of the paid up share capital of the investee company, not being its subsidiary engaged in non- financial services, or 10.00% of the bank's own paid-up share capital and reserves, whichever is lower.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company, subject to prior approval of the RBI if (i) the investee company is engaged in non-financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act; or (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company. The bank is required to submit a time bound action plan to the RBI for the disposal of such shares within a specified period. The aggregate investment by a banking company along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid-up share capital engaged in non-financial services. However, this cap doesn't apply to the cases mentioned in (i) and (ii) above.

BIDS BY SCSBS

SCSBs participating in the Issue are required to comply with the terms of the circulars issued by the SEBI dated September 13, 2012, and January 2, 2013. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

BIDS BY SYSTEMICALLY IMPORTANT NBFCS

In case of Bids made by Systemically Important NBFCs registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, (ii) the last audited financial statements on a standalone basis,
(iii) a net worth certificate from its statutory auditors, and (iv) such other approval as may be required by the Systemically Important NBFCs are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLMs, reserves the right to reject any Bid without assigning any reason thereof.

Systemically Important NBFCs participating in the Issue shall comply with all applicable regulations, directions, guidelines and circulars issued by the RBI from time to time.
The investment limit for Systemically Important NBFCs shall be as prescribed by RBI from time to time.

BIDS BY INSURANCE COMPANIES

In case of Bids made by insurance companies registered with the IRDAI, a certified copy of certificate of registration issued by IRDAI must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLMs, reserves the right to reject any Bid without assigning any reason thereof.

The exposure norms for insurers are prescribed under the IRDAI Investment Regulations, based on investments in equity shares of the investee company, the entire group of the investee company and the industry sector in which the investee company operates.

Insurance companies participating in the Issue are advised to refer to the IRDAI Investment Regulations 2016, as amended, which are broadly set forth below:

a) equity shares of a company: the lower of 10%* of the outstanding equity shares (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;

b) the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and

c) the industry sector in which the investee company operates: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (a), (b) and (c) above, as the case may be.

**The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of* Rs *25,000,000 lakhs or more and 12% of outstanding equity shares (face value) for insurers with investment assets of* Rs *5,000,000 lakhs or more but less than* Rs *25,000,000 lakhs.*

Insurance companies participating in this Issue shall comply with all applicable regulations, guidelines and circulars issued by IRDAI from time to time.

BIDS BY PROVIDENT FUNDS/PENSION FUNDS

In case of Bids made by provident funds/pension funds, subject to applicable laws, with minimum corpus of Rs 2,500 lakhs, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLMs, reserves the right to reject any Bid without assigning any reason thereof.

BIDS BY ANCHOR INVESTORS

Our Company in consultation with the BRLMs, may consider participation by Anchor Investors in the Issue for upto 60% of the QIB Portion in accordance with the SEBI Regulations. Only QIBs as defined in Regulation 2(1)(ss) of the SEBI Regulations and not otherwise excluded pursuant to Schedule XIII of the SEBI Regulations are eligible to invest. The QIB Portion will be reduced in proportion to allocation under the Anchor Investor Portion. In the event of undersubscription in the Anchor Investor Portion, the balance Equity Shares will be added to the QIB Portion. In accordance with the SEBI Regulations, the key terms for participation in the Anchor Investor Portion are provided below.

- Bank account number.

8. In case of submission of the Application by a Bidder through the Electronic Mode, the Bidder shall complete the abovementioned details and mention the bank account number, except the Electronic ASBA Bid Cum Application Form number which shall be system generated.

9. The aforesaid Designated Intermediaries shall, at the time of receipt of application, give an acknowledgment to the investor, by giving the counter foil or specifying the application number to the investor, as a proof of having accepted the Bid Cum Application Form in physical as well as electronic mode. The registration of the Application by the Designated Intermediaries does not guarantee that the Equity Shares shall be allocated / allotted either by our Company.

10. Such acknowledgment will be non-negotiable and by itself will not create any obligation of any kind.

11. In case of Non-Institutional Bidders and Individual Bidders, applications would not be rejected except on the technical grounds as mentioned in this Draft Red Herring Prospectus. The Designated Intermediaries shall have no right to reject applications, except on technical grounds.

12. The permission given by the Stock Exchanges to use their network and software of the Online IPO system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company and/or the Book Running Lead Managers are cleared or approved by the Stock Exchanges; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the compliance with the statutory and other requirements nor does it take any responsibility for the financial or other soundness of our company; our Promoter, our management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Draft Red Herring Prospectus, nor does it warrant that the Equity Shares will be listed or will continue to be listed on the Stock Exchanges.

13. The Designated Intermediaries will be given time till 1.00 p.m. on the next working day after the Bid/ Issue Closing Date to verify the DP ID and Client ID uploaded in the online IPO system during the Issue Period, after which the Registrar to the Issue will receive this data from the Stock Exchange and will validate the electronic application details with Depository's records. In case no corresponding record is available with Depositories, which matches the three parameters, namely DP ID, Client ID and PAN, then such applications are liable to be rejected.

14. The SCSBs shall be given one day after the Bid/ Issue Closing Date to send confirmation of Funds blocked (Final certificate) to the Registrar to the Issue.

15. The details uploaded in the online IPO system shall be considered as final and Allotment will be based on such details for applications.

Build of the Book

a) Bids received from various Bidders through the Designated Intermediaries may be electronically uploaded on the Bidding Platform of the Stock Exchange on a regular basis. The book gets built up at various price levels. This information may be available with the BRLMs at the end of the Bid/ Issue Period.
b) Based on the aggregate demand and price for Bids registered on the Stock Exchange Platform, a graphical representation of consolidated demand and price as available on the websites of the Stock Exchange may be made available at the Bidding centers during the Bid/ Issue Period.

Withdrawal of Bids

a) Investors cannot withdraw or lower their bids, only upward revision is allowed.
b) The Registrar to the Issue shall give instruction to the SCSB for unblocking the ASBA Account on the Designated Date. Investors can neither withdraw nor lower the size of their Bids at any stage.

Price Discovery and Allocation

a) Based on the demand generated at various price levels, our Company in consultation with the BRLMs, shall finalize the

Issue Price.

b) The SEBI ICDR Regulations, 2018 specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP.

c) Under-subscription in any category (except QIB Category) is allowed to be met with spillover from any other category or combination of categories at the discretion of the Issuer and the in consultation with the BRLMs and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.

d) In case of under subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an undersubscription applicable to the Issuer, Bidders may refer to the RHP.

e) In case if the Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.

f) Allocation to Anchor Investors shall be at the discretion of our Company and in consultation with the Book Running Lead Manager, subject to compliance with the SEBI Regulations.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue, it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of Rs 20 to Rs 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (Rs)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., Rs 22.00 in the above example. The Issuer, in consultation with the BRLMs, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below Rs 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories. *Anchor Investors are not allowed to withdraw their Bids after Anchor Investors bidding date.*

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The allotment of Equity Shares to Bidders other than Individual Investors may be on proportionate basis. No Individual Investor will be allotted less than the minimum Bid Lot subject to availability of shares in Individual Investor Category and the remaining available shares, if any will be allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue. However, in case the Issue is in the nature of Issue for Sale only, then minimum subscription may not be applicable.

BASIS OF ALLOTMENT

a. For Individual Bidders

Bids received from the Individual Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Individual Bidders will be made at the Issue Price.

The Issue size less Allotment to Non-Institutional and QIB Bidders shall be available for allotment to Individual Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to the Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, the Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter.

For the method of proportionate Basis of Allotment, refer below.

b. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Issue Price. The allotment of specified securities to each non-institutional investor shall not be less than the minimum application size in the non-institutional investor category, and the remaining shares, if any, shall be allotted on proportionate basis.

The Issue size less Allotment to QIBs and Individual shall be available for allotment to Non- Institutional Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter.

For the method of proportionate Basis of Allotment refer below.

c. Allotment to Anchor Investor (If Applicable)

Allocation of Equity Shares to Anchor Investors at the Anchor Investor Allocation Price will be at the discretion of the Issuer, in consultation with the BRLMs, subject to compliance with the following requirements:

i. not more than 60% of the QIB Portion will be allocated to Anchor Investors ***("Anchor Investor Portion")***;

ii. 40% of the Anchor investor portion, shall be reserved as under -

(i) 33.33 per cent for domestic mutual funds; and
(ii) 6.67 per cent for life insurance companies and pension funds:
Any under-subscription in the reserved category specified in clause (ii) above may be allocated to domestic mutual funds

iii. allocation to Anchor Investors shall be on a discretionary basis and subject to:

- maximum number of two Anchor Investors for allocation upto Rs 2 crores; a minimum number of two Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than Rs 2 crores and upto Rs 25 crores subject to minimum allotment of Rs 1 crores per such Anchor Investor; and
- in case of allocation above twenty-five crore rupees; a minimum of 5 such investors and a maximum of 15 such investors for allocation upto twenty-five crore rupees and an additional 10 such investors for every additional twenty-five crore rupees or part thereof, shall be permitted, subject to a minimum allotment of one crore rupees per such investor.

d. For QIBs

Bids received from QIBs Bidding in the QIB Category at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner: Allotment shall be undertaken in the following manner:

i. In the first instance, allocation to Mutual Funds for [●]% of the QIB Portion shall be determined as follows:

- In the event that Bids by Mutual Fund exceeds [●]% of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for [●]% of the QIB Portion.
- In the event that the aggregate demand from Mutual Funds is less than [●]% of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
- Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;

ii. In the second instance, allotment to all QIBs shall be determined as follows:

- In the event of oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Issue Price shall be allotted Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter for [●]% of the QIB Portion.
- Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, along with other QIB Bidders.
- Under-subscription below [●]% of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than [●] Equity Shares.

iii. Basis of Allotment for QIBs and NIIs in case of Over Subscribed Issue:

In the event of the Issue being Over-Subscribed, the Issuer may finalize the Basis of Allotment in consultation with [●] (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).

b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).

c) For Bids where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:

- Each successful Bidder shall be allotted [●] equity shares; and
- The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.

d) If the proportionate allotment to a Bidder works out to a number that is not a multiple of [●] equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of [●] equity shares subject to a minimum allotment of [●] equity shares.

e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, upto 110% of the size of the Issue specified under the Capital Structure mentioned in this DRHP.

Individual Investor means an investor who applies for minimum two (2) lots shares and the application amount

must exceed Rs 2,00,000/. Investors may note that in case of over subscription, allotment shall be on proportionate basis and will be finalized in consultation with [●].

The Executive Director / Managing Director of [●] – the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

Issuance of Allotment Advice

1) Upon approval of the Basis of Allotment by the Designated Stock Exchange.

Our Company shall close this Issue in accordance with the timeline provided under the aforementioned circular.

BASIS OF ALLOTMENT IN THE EVENT OF OVER SUBSCRIPTION

Allotment will be made in consultation with BSE SME (The Designated Stock Exchange). In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

1. The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category x number of Shares applied for).

2. The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).

3. For applications where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:

i. Each successful applicant shall be allotted [●] equity shares; and

ii. The successful applicants out of the total applicants for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.

4. If the proportionate allotment to an applicant works out to a number that is not a multiple of [●] equity shares, the applicant would be allotted Shares by rounding off to the lower nearest multiple of [●] equity shares subject to a minimum allotment of [●] equity shares.

5. If the Shares allocated on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares.

BASIS OF ALLOTMENT IN THE EVENT OF UNDER SUBSCRIPTION

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 ("FEMA"). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India ("RBI") and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India ("DIPP").

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases. The DPIIT issued the Consolidated Foreign Direct Investment Policy notified by the DPIIT File No. 5(2)/2020-FDI Policy dated October 15, 2020, with effect from October 15, 2020 (the "FDI Policy"), which consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT or the DPIIT that were in force and effect prior to October 15, 2020. The Government of India proposes to update the consolidated circular on FDI Policy once every year and therefore, the FDI Policy will be valid until the DPIIT issues an updated circular.

In terms of the FEMA NDI Rules, a person resident outside India may make investments into India, subject to certain terms and conditions, and provided that an entity of a country, which shares land border with India or the beneficial owner of an investment into India who is situated in or is a citizen of any such country, shall invest only with government approval.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company are under the automatic route under the foreign direct investment policy and transfer does not attract the provisions of the Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/ RBI.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country ("Restricted Investors"), will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Rules. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank of fund in India. Each Investor should seek independent legal advice about its ability to participate in the Offer. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Investor shall intimate our Company and the Registrar to the Offer in writing about such approval along with a copy thereof within the Offer Period.

As per the FDI policy, FDI in Companies engaged in the sector in which our Company operates, is permitted up to 100% of the paid-up share capital of such Company under the automatic route.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company. Investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

Investment conditions/restrictions for overseas entities

Under the current FDI Policy 2020, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Foreign Exchange Management (Non-debt Instruments) Rules, 2019. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap.

Foreign Portfolio Investment upto aggregate foreign investment level of 49% or sectoral/statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be subject to conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral/statutory cap.

Investment by FPIs under Portfolio Investment Scheme (PIS)

With regards to purchase/ sale of capital instruments of an Indian company by an FPI under PIS the total holding by each FPI or an investor group as referred in SEBI (FPI) Regulations, 2014 shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together shall not exceed 24% of paid-up equity capital on fully diluted basis or paidup value of each series of debentures or preference shares or share warrants. The said limit of 10% and 24% will be called the individual and aggregate limit, respectively. However, this limit of 24 % may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

Investment by NRI or OCI on repatriation basis

The purchase/sale of equity shares, debentures, preference shares and share warrants issued by an Indian company (hereinafter referred to as "Capital Instruments") of a listed Indian Company on a recognised stock exchange in India by Non-Resident Indian (NRI) or Overseas Citizen of India (OCI) on repatriation basis is allowed subject to certain conditions under Foreign Exchange Management (Non-debt Instruments) Rules, 2019.

The total holding by any individual NRI or OCI shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

Investment by NRI or OCI on non-repatriation basis

As per current FDI Policy 2020, Foreign Exchange Management (Non-debt Instruments) Rules, 2019, Purchase/ sale of Capital Instruments or convertible notes or units or contribution to the capital of an LLP by a NRI or OCI on non-repatriation basis – will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended ("US Securities Act") or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of "US Persons" as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws.

Accordingly, the equity shares are being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation under the US Securities Act and the applicable laws of the jurisdiction where those offers and sale occur.

Further, no offer to the public (as defined under Directive 20003/71/EC, together with any amendments) and implementing measures thereto, (the "Prospectus Directive") has been or will be made in respect of the Issue in any member State of the European Economic Area which has implemented the Prospectus Directive except for any such offer made under exemptions available under the Prospectus Directive, provided that no such offer shall result in a requirement to publish or supplement a prospectus pursuant to the Prospectus Directive, in respect of the Issue.

Any forwarding, distribution or reproduction of this document in whole or in part may be unauthorised. Failure to comply with this directive may result in a violation of the Securities Act or the applicable laws of other jurisdictions. Any investment decision should be made on the basis of the final terms and conditions and the information contained in this Draft Red Herring Prospectus.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the

Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulation.
